2011 ANNUAL TOWN MEETING WARRANT

Saturday, April 2, 2011

To the Town Clerk of the Town of Plymouth, Commonwealth of Massachusetts:
GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth qualified to consider and vote on articles at the Annual Business Meeting of the Town of Plymouth to meet at Plymouth North High School on Saturday, the Second Day of April, 2011, at 8:00AM to act on the following articles to wit:

ARTICLE 1: Withdrawn

ARTICLE 2: To hear the reports of the several Boards and Officers and Committees of the Town thereon.
BOARD OF SELECTMEN

ARTICLE 3: To see what action the Town will take under the provisions of G.L. c.44, §53E 1/2 regarding the establishment, annual re-authorization or renewal as the case may be of revolving funds, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 4: To see what action the Town will take pursuant to Chapter 173 of the General By-Laws regarding the formation, reformation, organization, continuation or discharge of existing Committees created by vote of Town Meeting, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 5: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements contained therein, or take any other action relative thereto
BOARD OF SELECTMEN

ARTICLE 6: To see what action the Town will take pursuant to G.L. c.41, §108 with regard to fixing the salaries of elected Town Officials, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7A: To see what action the Town will take to provide a reserve fund and to determine what sums of money the Town will raise and appropriate, including appropriations from available funds, toward defraying charges and expenses of the Town, including water, sewer, solid waste and airport enterprises and debt and interest, for the ensuing twelve month period beginning July 1, 2011, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7B: To see what action the Town will take to determine what sums of money the Town will raise and appropriate, including appropriations from available funds, toward defraying charges and expenses of the Town for the water enterprise and debt and interest, for the ensuing twelve month period beginning July 1, 2011, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7C: To see what action the Town will take to determine what sums of money the Town will raise and appropriate, including appropriations from available funds, toward defraying charges and expenses of the Town for the sewer enterprise and debt and interest, for the ensuing twelve month period beginning July 1, 2011, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7D: To see what action the Town will take to determine what sums of money the Town will raise and appropriate, including appropriations from available funds, toward defraying charges and expenses of the Town for the solid waste enterprise and debt and interest, for the ensuing twelve month period beginning July 1, 2011, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 7E: To see what action the Town will take to determine what sums of money the Town will raise and appropriate, including

appropriations from available funds, toward defraying charges and expenses of the Town for the airport enterprise and debt and interest, for the ensuing twelve month period beginning July 1, 2011, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 8: To see if the Town will vote to raise and appropriate, transfer or borrow a sum of money for the repair and/or purchase and/or lease and/or replacement of departmental equipment for the various departments substantially as follows:

Project	Department	Project Description
A	Police	Unmarked Cruiser
B	Police	Marked Pick-Up Truck

2011 ANNUAL TOWN MEETING
Saturday, April 2, 2011

The Moderator opened the meeting at 8:00 AM at Plymouth North High School.

The color guard came from Highland Light Scottish Pipe Band, who led the Pledge of Allegiance. The National Anthem was sung by members of the Plymouth High Schools Vocal Point Ensemble under the direction of Jonathan Richter. The invocation was presented by Rev. Gary L. Marks, Pastor Emeritus of the Church of the Pilgrimage.

Senator Therese Murray delivered her State of the State message.

Upon notification by Town Clerk, Laurence Pizer, of the presence of a quorum, the Moderator called the meeting to order at 8:22 AM.

Representative Vinny deMacedo delivered his State of the State message.
Representative Thomas Calter delivered his State of the State message.
Theodore Bosen, Vice Chair of the Plymouth County Charter Review Commission, addressed Town Meeting.
William Hallissey, Jr. delivered his State of the Town Message.
Debra Betz delivered the State of the Plymouth Schools message.
Marc Garrett delivered the State of Plymouth Planning message.
William Driscoll delivered opening remarks for the Advisory and Finance Committee.

The Moderator noted that Brian Alosi was serving as Assistant Moderator.

The return of the warrant having been properly served, Town Meeting waived the reading of the return and of the warrant.

Mr. Driscoll moved that adjourned sessions of this Town Meeting be held on April 4, 5, 6 and 7, 2011 at 7:30 p.m. at Plymouth North High School

The motion PASSED.

Randy Parker moved that Article 16A & Article 16D be heard first, upon the completion of the Special Town Meeting.

The motion PASSED by more than two-thirds.

Kevin Leary moved to consider Article 42 after Articles 16A and 16D.

The motion PASSED by more than two-thirds.

Mr. Driscoll moved to adjourn the Annual Town Meeting until the conclusion of the Special Town Meeting. The motion PASSED at 9:20 AM.

Annual Town Meeting returned to order at 9:29 AM.

ARTICLE 16A: Mr. Driscoll moved that the Town vote, pursuant to G.L.c. 44B, to appropriate the sum of $1,500,000 from the Community Preservation Fund; that to meet this appropriation transfer from historic preservation reserves the sum of $430,059 and transfer from Community Preservation Fund FY2012 estimated revenues the sum of $569,941, a total of $1,000,000 for historic preservation, and transfer from Community Preservation Fund FY2012 estimated revenues the sum of $200,000 for open space and transfer from Community Preservation Fund FY2012 estimated revenues the sum of $300,000 for affordable housing as a grant to the Simes House Foundation for: historic preservation, restoration, and rehabilitation of the Simes House, located at 29 Manomet Point Road, Plymouth MA, shown as Assessor Map 46, Lots H181-16A and H181-015 ("Simes House"); creation of two affordable housing units at the Simes House, which units shall be eligible for inclusion on the Town's subsidized housing Inventory; and creation or preservation of open space for passive recreational use as a village green, public park, or common at the Simes House; including all costs related to the planning and design of such projects, and all other costs incidental and related thereto; and further to authorize the Town Manager to enter into such grant agreement upon such terms and conditions as the Town Manager shall deem appropriate, in consultation with the Community Preservation Committee, setting forth the conditions under which such funds may be expended, and further to authorize the Board of Selectmen to accept from the Simes House Foundation a historic preservation, affordable

housing, and open space restriction meeting the requirements of G.L. c.184, in said property.

The Moderator called a recess at 10:02 AM.
The Moderator returned the meeting to order at 10:17 AM.

Barry Wood moved to fix the method of voting by roll call.
The motion PASSED.

The motion PASSED by roll call with 97 in favor and 11 in opposition.

ARTICLE 16B: There was no motion. Town Meeting took no action.

ARTICLE 16C: There was no motion. Town Meeting took no action.

ARTICLE 16D: Mr. Driscoll moved that the Town vote to appropriate from the Community Preservation Fund FY2012 estimated annual revenues the sum of $88,137 to meet the administrative expenses and all other necessary and proper expenses of the Community Preservation Committee for Fiscal Year 2012;

and further,

to reserve for future appropriation from the Community Preservation Fund FY2012 estimated annual revenues the sum of $220,341 for the acquisition, creation and preservation of open space excluding land for recreational use; $220,341 for acquisition, preservation, restoration and rehabilitation of historic resources; and $220,341 for the acquisition, creation, preservation and support of community housing.

and further,

To reserve for future appropriation from the Community Preservation Fund FY2012 estimated annual revenues the sum of $384,312 for a FY2012 Budgeted Reserve.

The motion PASSED unanimously.

ARTICLE 42: Mr. Driscoll moved that the Town vote to appropriate the sum of $23,850.00 for the purpose of treating Billington Sea for an invasive weed problem.

Mr. Caproni moved the previous question.

The motion PASSED.

The main motion PASSED on a negative roll call with 7 voting no and 2 abstaining.

ARTICLE 1: There was no motion. Town Meeting took no action.

ARTICLE 2: Mr. Driscoll moved that Town vote to receive the reports of the several Boards and Officers and Committees of the Town thereon.

The motion PASSED.

ARTICLE 3: Mr. Driscoll moved that the Town vote to establish revolving funds for certain Town Departments under the provisions of G.L. c.44, §53E ½ for the fiscal year beginning July 1, 2011, with specific receipts credited to each fund, the purposes for which each fund may be spent, and the maximum amount that may be spent from each fund for FY2012 as follows:

The motion PASSED unanimously.

ARTICLE 13: Mr. Driscoll moved that the Town vote to accept a sum of money that the State declares as available funds as the State's share of the cost of work under G.L. c.90, §34 (2)(a) of the Massachusetts General Laws, said funds to be expended under the supervision of the Town Manager.

The motion PASSED.

ARTICLE 14: There was no motion. Town Meeting took no action.

ARTICLE 15: There was no motion. Town Meeting took no action.

ARTICLE 17A: Mr. Driscoll moved that the Town vote to raise and appropriate the sum of $268,350 to assist the School Department in recovering Medicaid reimbursements, said funds to be expended under the supervision of the School Committee.

The motion PASSED unanimously.

ARTICLE 17B: Mr. Driscoll moved that the Town vote to raise and appropriate the sum of $67,211 to fund the transportation costs of out of district Agricultural Vocational students, said funds to be expended under the supervision of the School Committee.

The motion PASSED unanimously.

ARTICLE 18: There was no motion. Town Meeting took no action.

ARTICLE 19: There was no motion. Town Meeting took no action.

ARTICLE 20: Mr. Driscoll moved that the Town vote to accept for the Conservation Commission the provisions of G.L. c.39, §23D, which provide that a member of a board, committee, or commission holding an adjudicatory hearing shall not be disqualified from voting in the matter solely due to the member's absence from one session of such hearing, provided that certain conditions are met; and provided

further that such acceptance shall be applicable to all adjudicatory hearings opened on or after the effective date of the vote taken hereunder.

The motion PASSED.

ARTICLE 21: Mr. Driscoll moved that $400,000 is appropriated to pay costs of repairing, replacing and/or upgrading residential septic systems pursuant to agreements between the Board of Health and residential property owners, including without limitation, the payment of all costs thereof as defined in G.L. c. 29C, s. 1; and that to meet this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow $400,000 under G.L. c.44 or any other enabling authority, which amount may be borrowed through the Massachusetts Water Pollution Abatement Trust or otherwise; and that the Board of Selectmen is authorized to take any other action necessary to carry out this project.

The motion PASSED unanimously.

ARTICLE 22: There was no motion. Town Meeting took no action.

ARTICLE 23: There was no motion. Town Meeting took no action.

ARTICLE 24: There was no motion. Town Meeting took no action.

ARTICLE 25: There was no motion. Town Meeting took no action.

ARTICLE 26: There was no motion. Town Meeting took no action.

ARTICLE 27: Mr. Driscoll moved that the Town vote to accept G.L. c.40, §8G, which authorizes the Town to enter into an agreement with another city or town, or other cities or towns, to provide mutual aid programs for police departments.

The motion PASSED.

ARTICLE 28: There was no motion. Town Meeting took no action.

ARTICLE 29: Mr. Driscoll moved that the Town vote to authorize the Board of Selectmen to petition the General Court for special legislation, the text of which is on file with the Town Clerk, to establish an Other Post Employment Benefits Fund ("OPEB")to

provide for the Town's unfunded actuarial liability of health care and other post employment benefits for its retirees, which fund shall be under the care and custody of the Town Treasurer, and be administered by the Plymouth Retirement Board; provided, however, that the General Court may make clerical or editorial changes of form only to the bill, unless the Board of Selectmen approves amendments to the bill before enactment by the General Court, and to authorize the Board of Selectmen to approve amendments which shall be within the scope of the general public objectives of this petition; and further, to raise and appropriate the sum of $50,000.

From: Mark S. Stankiewicz, Town Manager
Re: Article 29 - Other Post Employment Benefits

Prior to the 2010 Annual Fall Town Meeting, a warrant article was submitted to adopt Massachusetts General Law (MGL) Chapter 32B, section 20 regarding the funding of Other Post Employment Benefits (OPEB) for retired municipal employees. Currently the town has an estimated $379 million in OPEB outstanding liability. Under Chapter 32B the funding process would place care and custody of the funds under the Town Treasurer. The Retirement Board with the support of the Insurance Advisory Committee (IAC) proposed an alternative for adoption of special legislation. After further review and consultation with representatives of the Retirement Board, IAC and Advisory and Finance Committee it was determined that special state legislation

would be more appropriate and the town's proposed article was withdrawn. Under the proposed special state legislation funds will be under the control of the Retirement Board rather than the Town Treasurer, allowing the Retirement Board ability to make more aggressive investments that have a potentially higher yield.

During the discussion on this article it was also noted the town will be simultaneously paying for retirees' health insurance within the general fund and contributing to OPEB. Those contributions will continue for many years and there will be a point whereby the funds under the Retirement Board could be made available to help offset retiree medical costs. The representative of the Retirement Board indicated they would be formulating policy to address this issue.

Based upon the unanimous consensus, I would recommend the Finance and Advisory Committee support Article 29 and that $50,000 be raised and appropriated to initially fund OPEB.

The motion PASSED unanimously.

ARTICLE 30: There was no motion. Town Meeting took no action.

ARTICLE 31: There was no motion. Town Meeting took no action.

ARTICLE 32: There was no motion. Town Meeting took no action.

ARTICLE 33: Mr. Driscoll moved that the Town vote to amend the General Bylaws by amending Chapter 100, entitled, "Junk Dealers and Collectors", the text of which is on file with the Town Clerk, for the purpose of imposing additional identification and reporting requirements, particularly with regard to dealers of precious metals.

Chapter 100

AMENDMENTS
JUNK DEALERS AND COLLECTORS

§ 100-1. License required.

§ 100-2. Shopkeepers.

§ 100-3. Minors.

§ 100-4. Junk collectors.

[HISTORY: Adopted by the Annual Town Meeting of the Town of Plymouth 4-16-1974 by Art. 58 as Art. 7 of the 1974 Bylaws. Amendments noted where applicable.]

GENERAL REFERENCES

Hawkers, peddlers and transient vendors -- See Ch. 85.
Solid waste -- See Ch. 157.

§ 100-1. License required.

All dealers in and keepers of shops for the purchase, sale or barter of junk, old or precious metals or secondhand articles in this town shall be licensed by the Selectmen. For the purpose of this bylaw, the term "precious metals" shall include any precious metal such as gold, silver or platinum without regard to the form or amount. (1)

§ 100-2. Shopkeepers.

A. Every keeper of a shop for the purchase, sale or barter of junk, old or precious metals or secondhand articles within this town shall keep a book in which shall be written at the time of every purchase of any such article a description thereof and the name, age and residence of the person from whom and the day and hour when such purchase was made, and such book shall at all times be open to the inspection of the Selectmen or any person by them authorized to make such inspection, and every keeper of such shop shall put in some suitable and conspicuous place on his or her shop a sign having his or her name and occupation legibly inscribed thereon in large letters.

B. Such shop and all articles of merchandise therein may at all times be examined by the Selectmen or by any person by them authorized to make such examination, and no article purchased or received by such shopkeeper shall be sold or altered until a period of at least thirty days has elapsed from the date of its purchase or receipt. (2) (3)

(4) C. The licensee shall cause to be delivered to the Plymouth Police Department on a weekly basis, a copy of all transactions recorded in their book. If, during the preceding week, such licensee has taken no articles for sale or liquidation, he/she shall make out and deliver to the Police Department a report of such fact.

(5) D. All shopkeepers shall produce a receipt identifying the business name, address, And license number. It shall contain an accurate and detailed description of all items including but not limited to: all distinguishing marks, model names or numbers, serial numbers, etchings or engravings. Jewelry items shall include a complete description including the material, ring size, weight, chain length, shapes, karat weight and color.

(6) E. All shopkeepers shall refrain from paying cash for precious metals and articles purchased that will be liquidated, melted down, or resold. The preferred method of payment should be a business check which can be traced back to the recipient.

§ 100-3. Minors.

No keeper of such shop shall directly or indirectly purchase or receive, by way of barter or exchange, any of the articles aforesaid of a minor knowing or having a reason to believe him or her to be such.

§ 100-4. Junk collectors.

A. All junk collectors who collect, by purchase or otherwise, junk, old metals or secondhand articles from place to place in this town shall be licensed by the Selectmen.

B. Whoever violates this section shall be liable to a penalty of $100 for each offense. **[Added 4-10-2001 by ATM Article 31]** (7)

§ 100-5. Identification (8&9)

A. For all jewelry transactions, the licensee shall take a color photograph of each individual item in as much detail possible. The licensee shall photograph, in color, any person selling articles and keep the photographs with said books as part of his records.

B. The licensee shall obtain positive identification, make a color copy of, and record the full name, address, date of birth, and who shall be required to sign documentation avowing to the accuracy of the information listed, and ownershipof said items being sold.

The motion PASSED.

ARTICLE 34: Mr. Driscoll moved that the Town vote to authorize the Memorials Advisory Committee to determine a suitable site for the future placement of a single war memorial on Town-owned property honoring residents of the Town of Plymouth who have given their lives while serving on active duty in the armed forces of the United States of America.

The motion PASSED.

ARTICLE 41: Mr. Driscoll moved that the Town vote to (i) amend its Zoning Bylaw, Section 205-55 "Mixed Commerce (MC)", and (ii) amend its Zoning Bylaw, Section 205-22 "Street Classification and Related Standards" and the official Zoning Map of the Town of Plymouth in accordance with the "FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD ON THE PETITION OF ROBERT C. BETTERS, ET AL TO AMEND THE MIXED COMMERCE (MC) SECTION OF THE ZONING BYLAW TO PERMIT AUTOMOBILE DEALERSHIPS"
2011 Annual Town Meeting Article 41

FINAL REPORT AND RECOMMENDATION ON
THE PETITION OF ROBERT C. BETTERS, ET AL TO AMEND
THE MIXED COMMERCE (MC) SECTION OF THE ZONING
BYLAW TO PERMIT AUTOMOBILE DEALERSHIPS

DATE OF PUBLICATION OF PUBLIC HEARING: January 5, 2011

January 12, 2011

DATE OF PUBLIC HEARING: January 24, 2011

VOTE: On January 24, 2011, the Planning Board voted (4-0) **to support** the following amendment to Town Meeting:

PROPOSED AMENDMENT:

Amend the Zoning Bylaw, Section 205-22 "Street Classification and Related Standards" and the official Zoning Map of the Town of Plymouth by designating Commerce Way (entire length) as a Major Street.

To amend Section 205-55 (Mixed Commerce), Paragraph D(9), of the Plymouth Zoning Bylaw in the following manner (~~crossed-out words~~ are deleted, proposed additions are underlined):

(9) Vehicular-related uses, including new and used automobile sales by licensed new car franchised dealers and auto rentals provided that any outdoor service or repair areas shall be screened from public ways by walls, fences and/or evergreen vegetation and further provided that such use (a) be located on a lot that contains a minimum of three acres of land beyond the 400' Area defined in subsection (c) below, (b) has a minimum of 400 feet of frontage, and (c) is not located within ~~a Primary Recharge Area to Existing or Proven Future Municipal Wells, including all Department of Environmental Protection approved Zone II areas shown on Zoning Map Nom 4, Aquifer Protection District~~ 400 feet of a street classified as a Major Street on or before *[insert effective date of zoning amendment]* (the "400' Area").

NEED AND JUSTIFICATION

Currently, automobile sales are only allowed in that portion of the Mixed Commerce Zoning District located outside the Aquifer Protection District (south of the Kingston Town line, east of Route 3 and west of Cherry Street). This petitioned article seeks to allow automobile sales by licensed new car franchised dealers in additional Mixed Commerce locations. Based on the language above, licensed new car franchised dealers would not be permitted within 400 feet of a Major Street, and consequently the petition also proposes to designate Commerce Way as a Major Street.

At the Spring 2010 Annual Town Meeting, the Town voted to allow new and used automobile sales by licensed new car franchised dealers in the Highway Commercial (HC) District, a similar zoning district, located off Long Pond Road.

The Planning Board supports this proposed amendment for the following reasons:

- The use is limited to licensed new car franchised dealers.
- Many of the uses associated with automobile dealerships (large parking areas, car washes, and service stations) can already occur within the district.
- The intent of the Mixed Commerce Zone and the Highway Commercial Zones (where automotive dealerships are allowed) are similar.
- The uses permitted in both zones are also similar.
- Automobile dealerships will still be subject to the requirements and limitations of the Aquifer Protection District.
- Automobile dealerships are subject to the Special Permit review and approval process.
- A 400 foot Commerce Way setback is included to minimize the visual impacts of automobile dealerships on Commerce Way (see map).

INTENT

The intent of this amendment is to designate new and used automobile sales as a special permit use in the Mixed Commerce District subject to more stringent environmental design conditions outlined in the Zoning Bylaw. To proceed, a super majority (4 of 5 members) of the Zoning Board of Appeals is needed.

Ron Reilly moved to amend by adding the following language: For a special permit for a licensed new car franchise dealer under this section, the following provisions shall apply: (i) in lieu of the requirements of Section 205-21A(2)(a), a buffer strip of a minimum of 100 feet shall be reserved and screening adequate for the situation and characteristics of use shall be retained or provided for in the form of a planted earthen berm, thick plantings, walls, fences or any combination thereof, as required by the special permit granting authority, and (ii) if the proposed site is located in the Department of Environmental Protection approved Zone II area shown on Zoning Map 4, Aquifer Protection District, the applicant shall provide as part of its submission requirements and at its expense a peer review by a licensed engineering firm qualified in hydrology analysis to confirm that the facility is designed with the appropriate environmental safeguards.

Ms. Bartlett moved suspend Town Meeting rules to allow James McNeeley and Judith Barber to speak before the Planning Board presentation.
The motion PASSED.

Mr. Howe moved the previous question on the motion to amend.
The motion FAILED to reach two-thirds on a standing vote of 64 in favor and 36 in opposition.

Mr. Caproni moved the previous question on the motion to amend.
The motion PASSED by more than two-thirds.

On the motion to amend, the motion PASSED by more than two-thirds.

Mr. Caproni moved the previous question on the main motion. The motion PASSED by more than two-thirds.

On the main motion, on a roll call the motion FAILED with 59 in favor, 43 opposed and 1 abstaining.

The Moderator called a recess at 3:05 PM.
The Moderator returned the meeting to order at 3:06 PM.

ARTICLE 43: J. Randolph Parker moves to amend General Bylaws, Chapter 30, Section 13, by adding "No open fires (fires not contained in grills, hibachis or similar devices) will be allowed on any public beach or park without permits from both the Park Division and Plymouth Fire Department. No open fires will be allowed on a private beach unless the consent of the land owner is documented to the satisfaction of and without permit issued by the fire department. For the purpose of interpreting Massachusetts Air Pollution Control Regulations, 310 CMR 7.00, et seq. in the Town of Plymouth, smoke from cook or camp fires less than three feet (3') in diameter and three feet (3') in height and at a location greater than 200 feet from a dwelling other than the maker's own, or within those devices set forth at Chapter 30, Section 12, shall not be interpreted as a nuisance within the meaning of said regulation if investigating fire personnel determine at the source of the complaint that evidence of smoke and air pollution is non-existent."

Mr. Vaz moved the previous question. The motion PASSED by more than two-thirds.
On the main motion, the motion PASSED on a negative roll call with 6 in opposition.

Janette Jaynes moved to reconsider the vote on Article 43. The motion FAILED with 29 in favor and 63 in opposition.

Mr. Driscoll moved to dissolve Annual Town Meeting. The motion PASSED at 3:26 PM.

2011 SPECIAL TOWN MEETING WARRANT
Saturday, April 2, 2011

To any of the constables of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:
In the name of the Commonwealth, you are directed to notify and warn the Inhabitants of Plymouth, qualified to consider and vote on articles at a Special Town Meeting, to meet at Plymouth North High School on the second of April, 2011, at 8:00 AM, to act on the following articles to wit:

ARTICLE 1: Withdrawn

ARTICLE 2A: To see if the Town will vote to transfer a sum of money to be added to funds already appropriated under Article 7 of the 2010 Annual Town Meeting for the purpose of supplementing departmental expenses, or otherwise amend said vote, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 3: To see if the Town will vote to raise and appropriate or transfer a sum of money to pay certain unpaid bills of a prior fiscal year, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds or borrow a sum of money for the construction and/or repair and/or purchase and/or lease of buildings and/or replacement of departmental buildings, and/or equipment and/or capital facilities for various departments of the Town and/or for feasibility and other types of studies as follows:

a. Wannos Well
b. Cedarville Community Room furniture and mold remediation

or take any other action relative thereto
BOARD OF SELECTMEN

ARTICLE 5: To see if the Town will vote to raise and appropriate or transfer from available funds a sum or sums of money to fund deficits in Enterprise Fund projects as follows:

Enterprise Fund	Project Description	Amount
Water	Savery Pond (Cedarville) Well, Art 9, April 4, 1998 ATM	$ 4,432.24
Sewer	Waste Water Facility, Art 12, June 9,2007 STM	$11,957.66
Airport	Airport Master Plan	$ 3,265.72

or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 6: To see if the Town will vote in accordance with G.L. c.32, §101, as amended by sections 27 and 28 of Chapter 131 of the Acts of 2010, to approve the Plymouth Retirement Board's acceptance of an increase in the supplemental annual allowance provided to eligible widows of retirees from $6,000 to $9,000, or take any other action relative thereto.
RETIREMENT BOARD

ARTICLE 7: To see if the Town will vote in accordance with G.L. c.32, §103(h), as amended by section 19 of Chapter 188 of the Acts of 2010, to approve the Plymouth Retirement Board's increase in the maximum base amount on which the Cost of Living Adjustment (COLA) is calculated from $12,000.00 to $14,000.00 , or take any other action relative thereto.
RETIREMENT BOARD

ARTICLE 8: To see if the Town will vote to rescind the following unused borrowing authority:

AMOUNT	PURPOSE	AUTHORIZATION
$750,000	For the construction of new sand filter beds at the Bradford Green water facility	Article # 2-22 June 9, 2008 Special Town Meeting

or take any other action relative thereto
BOARD OF SELECTMEN

ARTICLE 9: To see if the Town will vote to amend the vote taken under Article 4K of the October 25, 2010 Fall Annual Town Meeting, for Taxiway "E" relocation, by rescinding the authorization to borrow $88,000 for such purposes, and by transferring the sum of $88,000 from Airport Enterprise free cash as funding therefor, or take any other action reatlive thereto.
BOARD OF SELECTMEN

ARTICLE 10: To see if the Town will vote to accept G.L. c.200A, §9A, as amended by section 65 of Chapter 188 of the Acts of 2010, which includes new notice requirements and provides for an updated and simplified process of managing abandoned funds (unclaimed checks or "tailings"), or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 11: To see if the Town will vote to transfer the care, custody, management, and control of a portion of Assessor's Plats 101-000-056A000, and 102-000-012D000 from the Board of Selectmen for general municipal purposes to the Board of Selectmen for highway purposes in conjunction with the acceptance of Armstrong Road Extension as a public way, as shown on a sketch plan on file with the Town Clerk, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 12: To see if the Town will vote to authorize the Board of Selectmen to accept perpetual easements for public way purposes over the properties located on Armstrong Road, Plymouth, MA and shown as Plymouth Assessor's Parcels No. 102-000-012A-007, 102-000-012D-000, 102-000-053G-000, 102-000-053F-000, 101-000-053H-000, 101, 000-053C-000, 101-000-055-000, 101-000-056A-000; and further to accept and allow as a public way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire by gift, purchase or eminent domain an easement to use said ways for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and further, to raise and appropriate, transfer

from available funds, accept gifts or borrow a sum of money for this purpose and any expenses related thereto; and to authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out this acquisition:

Armstrong Road, A Portion of;

or take any other action relative thereto

BOARD OF SELECTMEN

ARTICLE 13: To see if the Town will vote to authorize the Board of Selectmen to accept perpetual easements for public way purposes over the properties located on East Russell Mills Road, Plymouth, MA and shown as Plymouth Assessor's Parcels No. 082-000-004A004, 082-000-009-004, 082-000-009-005, 082-000-004A006, 082-000-003B-000, 082-000-0004A005, 082-000-003-001, 082-000-004A-003, 082-000-008-009, 082-000-003A001, 082-000-004-001, 082-000-009-003, 082-000-009-001, 082-000-003A003, 082-000-004-002, 082-000-007A-000, 082-000-004-003, 082-000-007-000, 082-000-006-000; and further to accept and allow as a public way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire by gift, purchase or eminent domain an easement to use said ways for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and further, to raise and appropriate, transfer from available funds, accept gifts or borrow a sum of money for this purpose and any expenses related thereto; and to authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out this acquisition:

East Russell Mills Road, Entire length;

or take any other action relative thereto

BOARD OF SELECTMEN

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notice thereof fourteen days at least before such meeting in the Town Office Building and make return thereof with your doings thereon at the time and place above mentioned.

Given under our hands this the ____ day of March 2011.

	75.00		**75.00**
TOTAL	**275.00**	**TOTAL**	**275.00**

The motion PASSED by more than nine-tenths.

Article 4, Item A- Wannos Well Project
Mr. Driscoll moves that $800,000 is appropriated to pay costs of the Wannos Well Project, and for the payment of all costs incidental and related thereto; that to meet this appropriation the Treasurer with the approval of the Board of Selectmen is authorized to borrow $800,000 under G.L. c.44 or any other enabling authority; and that the Board of Selectmen is authorized to take any other action necessary to carry out this project.

The motion PASSED unanimously.

Article 4, Item B- Cedarville Community Room Furniture & Mold Remediation

Mr. Driscoll moves that the Town vote to appropriate the sum of $80,400; and that to meet this appropriation, transfer from General Fund Free Cash the sum of $18,994.75 and transfer from November 1, 1999 FATM Article 4 the sum of $3,505.25 and transfer from the Sale of Real Estate the sum of $57,900 for Mold Remediation and Furniture Replacement at the Cedarville Community Room, said funds to be expended under the supervision of the Town Manager.

The motion PASSED unanimously.

ARTICLE 5: Mr. Driscoll moves that the Town vote to appropriate $19,655.62; that to meet this appropriation, transfer from Water Enterprise Funds Retained Earnings the sum of $4,432.24, and transfer from Sewer Enterprise Funds Retained Earnings the sum of $11,957.66, and transfer from Airport Enterprise Funds Retained Earnings the sum of $3,265.72 to fund deficits in the Enterprise Fund projects as follows:

Enterprise Fund	Project Description	Amount
Water	Savery Pond (Cedarville) Well, Art 9, April 4, 1998 ATM	$ 4,432.24
Sewer	Waste Water Facility, Art 12, June 9,2007 STM	$11,957.66
Airport	Airport Master Plan	$ 3,265.72

The motion PASSED unanimously.

ARTICLE 6: Mr. Driscoll moves that the Town vote authorize the Retirement Board, in accordance with G.L. c.32, §101, as amended by sections 27 and 28 of Chapter 131 of the Acts of 2010, to increase the supplemental annual allowance provided to eligible widows of retirees from $6,000 to $9,000.

The motion PASSED.

ARTICLE 7: Mr. Driscoll moves that the Town vote to authorize the Retirement Board, in accordance with G.L. c.32, §103(h), as amended by section 19 of Chapter 188 of the Acts of 2010, to increase the maximum base amount on which the Cost of Living Adjustment (COLA) is calculated from $12,000.00 to $14,000.00.

The motion PASSED.

ARTICLE 8: Mr. Driscoll moves that the Town vote to rescind the following unused borrowing authority:

AMOUNT	PURPOSE	AUTHORIZATION
$750,000	For the construction of new sand filter beds at the Bradford Green water facility	Article # 2-22 June 9, 2008 Special Town Meeting

The motion PASSED.

ARTICLE 9: Mr. Driscoll moves that the Town vote to amend the vote taken under Article 4K of the October 25, 2010 Fall Annual Town Meeting, for Taxiway "E" relocation, by rescinding the authorization to borrow $88,000 for such purposes, and by transferring the sum of $88,000 from Airport Enterprise free cash as funding therefor.

The motion PASSED unanimously.

ARTICLE 10: Mr. Driscoll moves that the Town vote to accept G.L. c.200A, §9A, as amended by section 65 of Chapter 188 of the Acts of 2010, which includes new notice requirements and provides for an updated and simplified process of managing abandoned funds (unclaimed checks or "tailings").

The motion PASSED.

ARTICLE 11: There was no motion. Town Meeting took no action.

ARTICLE 12: There was no motion. Town Meeting took no action.

ARTICLE 13: Mr. Driscoll moves that the Town vote to authorize the Board of Selectmen to accept perpetual easements for public way purposes over the properties located on East Russell Mills Road, Plymouth, MA and shown as Plymouth Assessor's Parcels No. 082-000-004A004, 082-000-009-004, 082-000-009-005, 082-000-004A006, 082-000-003B-000, 082-000-0004A005, 082-000-003-001, 082-000-004A-003, 082-000-008-009, 082-000-003A001, 082-000-004-001, 082-000-009-003, 082-000-009-001, 082-000-003A003,

082-000-004-002, 082-000-007A-000, 082-000-004-003, 082-000-007-000, 082-000-006-000; and further to accept and allow as a public way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire by gift, an easement to use said ways for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and further, accept gifts for this purpose and any expenses related thereto; and to authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out this acquisition:

East Russell Mills Road, Entire length;

The motion PASSED by more than two-thirds.

Mr. Driscoll moved to dissolve Special Town Meeting. The motion PASSED at 9:29 AM.

2011 ANNUAL TOWN ELECTION

May 14, 2011

To the Town Clerk of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the inhabitants of Plymouth qualified to vote in elections, to meet in:

Precinct 1	Hedge School
Precinct 2	Cold Spring School
Precinct 3	Town Hall
Precinct 4	Plymouth North High School
Precinct 5	Plymouth Community Intermediate School
Precinct 6	Manomet Elementary School
Precinct 7	Indian Brook School
Precinct 8	Cedarville Fire Station
Precinct 9	South Elementary School
Precinct 10	Federal Furnace School
Precinct 11	Plymouth Airport
Precinct 12	Plymouth South High School
Precinct 13	West Elementary School
Precinct 14	Indian Brook School

in said Plymouth on Saturday, the Fourteenth Day of May, 2011, between the hours of Eight O'Clock in the forenoon and Eight O'Clock in the afternoon, to cast a vote for the following Town Officers:

Two Selectmen for three years; Two members of the Plymouth School Committee for three years; One member of the Planning Board for five years; One member of the Redevelopment Authority for five years; One member of the Housing Authority for five years; and also a total of Forty-seven (47) Town Meeting Members; three members from each precinct for a term of three years, One member from Precinct 3 for a term of one year, One member from Precinct 8 for a term of one year, One member from Precinct 9 for a term of one year; One member from Precinct 10 for a term of two years, and One member from Precinct 11 for a term of one year.

AND to vote on the following question:

"**QUESTION 1**

Shall this Town approve the charter amendment proposed by the Town Meeting summarized below?

SUMMARY

The amendment revises Section 2-12-1 of the Town Charter, concerning the composition of the Advisory and Finance Committee. The amendment deletes the requirement that a member be appointed from each precinct of the Town, and inserts in its place a provision that limits to three the number of members that may be appointed from any single precinct.

A YES VOTE would change the requirements applicable to appointment of members of the Advisory and Finance Committee, limiting to three the number of members that may be appointed from any precinct of the Town.

A NO VOTE would make no change to the requirements applicable to appointment to the Advisory and Finance Committee.

YES _____

NO _____

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notices thereof, seven days at least before the meeting, in the Town Office Building and make return thereof with your doings thereof at the time and place above-mentioned.

Given under our hands this the _____day of March, 2011.

Approved as to Legal
Form and Content

Town Counsel

BOARD OF SELECTMEN

William T. Hallisey, Jr.
Chairman

John T. Mahoney, Jr.
Vice Chairman

Richard J. Quintal, Jr.

Sergio O. Harnais

Mathew J. Muratore

Plymouth, ss.

Pursuant to the foregoing Warrant, I have this day warned the Inhabitants of Plymouth qualified to vote in elections to meet in Precinct 1, Hedge School, Precinct 2, Cold Spring Elementary School, Precinct 3, Town Hall, Precinct 4, Plymouth North High School, Precinct 5, Plymouth Community Intermediate School, Precinct 6, Manomet Elementary School, Precinct 7, Indian Brook School, Precinct 8, Cedarville Fire Station, Precinct 9, South Elementary School, Precinct 10, Federal Furnace School, Precinct 11, Plymouth Airport, Precinct 12, Plymouth South High School, Precinct 13, West Elementary School, and Precinct 14 Indian Brook School, in said Plymouth to cast their votes for Town Officers between the hours of Eight O'Clock in the forenoon and Eight O'Clock in the afternoon on Saturday, the Fourteenth day of May, 2011, by posting copies of this Warrant in the Town Office Building and in a public place in each precinct, seven days at least before such meeting.

FALL ANNUAL TOWN MEETING WARRANT
October 24, 2011

To the Town Clerk of the Town of Plymouth, Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth, you are directed to notify and warn the inhabitants of Plymouth, qualified to consider and vote on articles at a Fall Annual Town Meeting, to meet at Plymouth North High School at 41 Obery Street in Plymouth, MA on Monday, the Twenty-Fourth Day of October, 2011 at 7:30 PM, to act on the following articles to wit:

ARTICLE 1: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements contained therein, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 2A: To see if the Town will vote to amend the vote taken under Article 7A of the 2011 Annual Town Meeting warrant, and, as necessary, to raise, appropriate, transfer or borrow funds for the purpose of supplementing departmental expenses, and/or to reduce certain departmental expenses or otherwise amend said vote, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 2B: To see if the Town will vote to amend the vote taken under Article 7B, 7C, 7D and 7E of the 2011 Annual Town Meeting warrant, and, as necessary, to raise, appropriate, transfer or borrow funds for the purpose of supplementing enterprise departmental expenses, and/or to reduce certain departmental expenses or otherwise amend said vote, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 3: To see if the Town will vote to raise and appropriate or transfer a sum of money to pay certain unpaid bills, including bills of a prior fiscal year, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds or borrow a sum of money for the construction and/or repair and/or purchase and/or lease and/or replacement of departmental buildings and/or equipment and/or capital facilities and/or for feasibility studies and other types of studies for the various departments of the Town substantially as follows:

a. Stephen's Field
b. Capping Landfill
c. Fuel Tanks Purchase, Installation, and Relocation
d. Police Cruisers
e. Town Green Monument
f. Runway Improvement Project

Or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 5: To see if the Town will vote to amend the vote taken under Article 2B of the May 20, 2006 Special Town Meeting to increase the amount appropriated for appraisal services and/or legal fees related to the relicensing of and negotiations with Entergy Nuclear Generation Company, and as funding therefore, to raise and appropriate or transfer a sum of money for such purposes, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 6: Withdrawn

ARTICLE 7: To see if the Town will vote to appropriate funds received by the United States Department of Health and Human Services, Affordable Care Act, Early Retiree Reinsurance Program (ERRP) to be placed in the Town's Health Insurance Trust Fund in order to reduce, on a proportional basis, the health premium costs and/or future premium increases of health insurance for the Town as the plan sponsor and for employees and retirees as plan participants, in accordance with the grant agreement, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 8: To see if the Town will vote to establish revolving funds for certain Town Departments under the provisions of G.L. c.44, §53E ½ for the fiscal year beginning July 1, 2011, with specific receipts credited to each fund, the purposes for which each fund may be spent, and the maximum amount that may be spent from each fund for FY2012 as follows:

TOWN OF PLYMOUTH, MASSACHUSETTS				
Revolving Funds Chapter 44, Section 53E1/2				
Spending Authority	Revolving Fund	Revenue Source	Use of Fund	FY2012 Authorized Spending Limit
Recreation Director and Park Superintendent	Hedges Pond	The departmental receipts credited to this fund shall be those identified as program fees from Recreation Dept. Day Program, daily parking fees, special event, and rental fees.	The funds will be used to cover Recreation Dept. seasonal salaries and operational expenses for the facility. Excess funds will be used for future capital improvements.	$40,000

Or take any other action relative thereto.
BOARD OF SELECTMEN
ARTICLE 9: Withdrawn

ARTICLE 10: Withdrawn

ARTICLE 11: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift, eminent domain or otherwise for general municipal purposes and for purposes of conveyance all or a portion of the following described property on such terms and conditions as the Board of Selectmen deem appropriate and to accept

the deed to the Town of Plymouth of a fee simple interest in the land containing .629 acres more or less and the buildings thereon located at 463 Ryder Way, in the Town of Plymouth located on Plymouth Long Beach shown on Assessors' Map 37A , as Lot 350 and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said acquisition; and as funding therefore to authorize the Treasurer with the approval of the Board of Selectmen to borrow $850,000.00 and to issue notes and bonds therefor under Chapter 44 of the General Laws or any other enabling authority, or to take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 12: To see if the Town will vote to authorize the Board of Selectmen to acquire by gift, purchase, eminent domain or other exchange a certain parcel of land shown as Lot J-1 on Assessors Map 37A and convey by sale and/or exchange all or a portion of land with the building thereon shown as Lot 350 on Assessors Map 37A containing 14,034 square feet, more or less, and portions of Lot H shown on Assessors Map 37A containing 5,900 square feet, more or less, and Lot I shown on Assessors Map 37A containing 7,466 square feet, more or less, all parcels being located in an area generally known as "Plymouth Long Beach;" and further to transfer the care, custody and control of the property located at Lots H and I as shown on Map 37A from the Board of Selectmen for general municipal purposes to the Board of Selectmen for general municipal purposes and for the purpose of conveyance; and further that the Town authorize the Board of Selectmen to convey said property for a sum and/or by other exchange and upon conditions to be determined by the Board of Selectmen pursuant to the requirements of G.L. c. 30B, and to enter into all agreements and execute any and all instruments necessary on behalf of the Town to effect said acquisition and conveyance of said parcels, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 13: Withdrawn

ARTICLE 14: Withdrawn

ARTICLE 15: Withdrawn

ARTICLE 16A: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift or eminent domain for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deed to the Town of Plymouth of a fee simple interest or less to 4 acres of land, more or less, in the Town of Plymouth located at 82 - 84 Billington Street shown on Assessors Map 27as Lot 127 and further that said land shall be held under the care, custody, and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and as funding therefor to appropriate from the Community Preservation Fund estimated annual revenues, fund balance, or reserves the sum of $350,000; and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c.44B, §12 and G.L. c.184, §§31-33; or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16B: To see if the Town will vote pursuant to G.L. c. 44B, to appropriate from the Community Preservation Fund estimated annual revenues, fund balance, or reserves, or otherwise fund, the sum of $15,000 as a grant to the owner Plymouth Art Guild for the restoration, rehabilitation and preservation of an historic timber-framed structure, located at 11 North Street, which structure was originally a dwelling place of enslaved individuals, pursuant to a grant agreement between the Board of Selectmen and the owner of said structure, on such terms and conditions as the Board of Selectmen shall deem appropriate, provided, however, that such grant agreement shall require that a historic preservation restriction on the structure be granted to the Town of Plymouth; and further, to authorize the Board of Selectmen to accept said historic preservation restriction meeting the requirements of G.L. c. 184, or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16C: To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift or eminent domain for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deeds to the Town of Plymouth of a fee simple interest to (1) a parcel of

land containing 20 acres, more or less located at 991 Old Sandwich Road shown on Assessors Map 65 as Lot 9 and (2) a parcel of land containing 15 acres, more or less, off Long Pond Road shown on Assessors Map 60 as Lot 15, further that said parcels of land shall be held under the care, custody, and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and as funding therefor to appropriate from the Community Preservation Fund estimated annual revenues, fund balance, or reserves the sum of $190,000; and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c.44B, §12 and G.L. c.184, §§31-33; or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 16D: To see if the Town will authorize the Board of Selectmen to acquire by purchase, gift or eminent domain for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deed to the Town of Plymouth of fee simple interest or less to a parcel of land containing 8 acres, more or less, located between Fuller Farm Road and Drew Road shown on Assessors Map 88 as Lot 15B, and further that said land shall be held under the care, custody and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and as funding therefore to appropriate from the Community Preservation Fund estimated annual revenues, fund balance, or reserves the sum of $57,000.00; and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c. 44B, §12 and G.L. c. 184, §§31-33; or take any other action relative thereto.
COMMUNITY PRESERVATION COMMITTEE

ARTICLE 17: To see if the Town will vote to amend its Zoning Bylaw, Section 205-57 – "Aquifer Protection District" as it relates to the delineation of the district, uses allowed, special permit uses and prohibited uses or activities and Revise the Town's Official Zoning Map to revise the boundaries of the Aquifer Protection District, or take any other action relative thereto.
PLANNING AND DEVELOPMENT/PUBLIC WORKS

ARTICLE 18: To see if the Town will vote to (i) amend its Zoning Bylaw, Section 205-55 "Mixed Commerce (MC)", by modifying certain requirements, conditions and/or definitions therein, including but not limited to those pertaining to vehicular related uses, and/or (ii) amend its Zoning Bylaw Section 205-22 "Street Classification and Related Standards" and the official Zoning Map of the Town of Plymouth by designating Commerce Way as a Major Street, as well as to amend associated sections, provisions, definitions, tables, charts and procedures pertaining thereto, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 19: To see if the Town will vote to amend Chapter 173-3 of the Town General Bylaws by changing the convening date of the Fall Annual Town meeting to the first Saturday in November, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 20: To see if the Town will vote to accept a document entitled "North Plymouth Master Plan Update" dated August 2011, or take any other action relative thereto.
PLANNING AND DEVELOPMENT

ARTICLE 21: To see if the Town will vote to change the purpose for which the following parcels located off Long Pond Road, are held, as follows:

Parcel 113-000-023B-000 from being held by the Board of Selectmen for General Municipal purposes, and

Parcels	112-000-009-000	112A-000A-034-000
	112A-000A-029-000	112A-000A-019-000
	112A-000A-042-000	112A-000A-027-000
	112A-000A-035-000	112A-000A-036-000
	112A-000A-028-000	113-000-022-000
	112A-000A-040-000	112A-000A-037-000
	112A-000A-039-000	112A-000A-032-000
	112A-000A-026-000	112A-000A-030-000
	112A-000A-025-000	112A-000A-038-000
	112A-000A-031-000	112A-000A-041-000
	112A-000A-033-000	

from being held by the Town Treasurer for sale at auction to the Board of Selectmen for conservation and for conveyance for affordable housing, and further,

that the Board of Selectmen be authorized to convey a portion of the above-described property, being ten acres, more or less, to: (1) the Plymouth Affordable Housing Trust for the purpose of constructing affordable single-family housings, and/or (2) a non-profit organization dedicated to providing housing for Veterans as defined by G.L. c. 4,§ 7, in either case, said conveyance being subject to a right of reversion to the Town in the event that the construction on the property is not substantially complete or the property is not being used for the purposes for which it is granted within five (5) years of the delivery of the deed to the grantee, and subject to such additional terms and conditions as the Board of Selectmen deem appropriate; and further,

to designate the Conservation Commission as custodian for conservation purposes pursuant to G.L. c. 40, § 8C of the remainder of the property not so conveyed by the Board of Selectmen, being 25 acres, more or less, and further, to authorize the Board of Selectmen to execute any and all instruments as may be necessary to effectuate the vote taken hereunder or take any other actions relative thereto.
PLANNING AND DEVELOPMENT

ARTICLE 22: To see if the Town will vote to exchange Lot 1B of Town of Plymouth Assessor's Map Plat 94, for a portion of Lot A204, on Plat 78C consisting of 3.75 acres more or less owned by Pine Hills LLC, to provide access to Old Sandwich Road, and as shown on a plan entitled, "Proposed Municipal Property/Easement at the Pine Hills" dated December 4, 2009, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 23: To see if the Town will vote to authorize the Board of Selectmen to release all of the Town's right, title and interest in the easement area containing approximately 0.51 acres and shown as Parcel "B" (Plymouth Assessor's Parcel No. 101-000-053H000) on the plan entitled "Plan of Land in Plymouth Massachusetts prepared for Plymouth Industrial Development Corporation," dated September 22, 1981 and recorded with the Plymouth County Registry of Deeds in

Plan Book 22, Page 994; and accept perpetual easements for public way purposes over the properties located on Armstrong Road, Plymouth, MA and shown as Plymouth Assessor's Parcels No. 102-000-012A-007, 102-000-012D-000, 102-000-053G-000, 102-000-053F-000, 101-000-053H-000, 101, 000-053C-000, 101-000-055-000, 101-000-056A-000; and further to accept and allow as a public way the following street or portion thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire by gift, purchase or eminent domain an easement to use said ways for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and further, to raise and appropriate, transfer from available funds, accept gifts or borrow a sum of money for this purpose and any expenses related thereto; and to authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out this acquisition or take any other action relative thereto:

Armstrong Road, A Portion of;

BOARD OF SELECTMEN

ARTICLE 24: To see if the Town will vote to transfer the care, custody, management, and control of A Portion of Assessor's Plats 101-000-056A000, and 102-000-012D000 from the Board of Selectmen for General Municipal purposes to the Board of Selectmen for Highway purposes in conjunction with the acceptance of Armstrong Road Extension as a Public Way, or take any other action relative thereto.

BOARD OF SELECTMEN

ARTICLE 25: To see if the Town will vote to accept and allow as a Town Way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; and further to raise and appropriate, transfer from available funds, or borrow a sum of money for the payment of expenses of the acquisition of title, and for the payments of damages, where necessary, and for such other incidental legal expenses related thereto; and to authorize the Board of Selectmen to execute all instruments and take all related actions necessary or

appropriate to carry out this acceptance or take any other action relative thereto:
Cherry Street, Re-Establish, and alter A Portion Thereof
BOARD OF SELECTMEN

ARTICLE 26: To see if the Town will vote to accept the provisions of MGL Chapter 71, Section 37M, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 27: To see if the Town will vote to amend General Bylaw, Section 38-2, by replacing the figure $15,000 with $50,000, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 28: To see if the Town will vote to amend Chapter 100 of the General Bylaws entitled "Junk Dealers and Collectors" by adding the words "or removed from premises" immediately following the words, "sold or altered" in section 100-2 B and to move the Letter B to fall prior to the start of that paragraph, or take any other action relative thereto.
BOARD OF SELECTMEN

ARTICLE 29: To see if the Town will vote to accept the provisions of M.G.L., Chapter 64L, Section 2 (a) authorizing the imposition of a local excise tax in the statutory amount of 0.75 percent on the sale of restaurant meals originating within the Town, and authorize the Board of Selectmen to petition the Massachusetts General Court for special legislation to establish a "Plymouth 400th Anniversary Celebration Fund". The revenues from said tax shall be placed in the Fund, which shall be dedicated in its entirety to (1) the Plymouth 400th anniversary celebration, (2) the restoration, renovation, operation, and maintenance of the 1820 Courthouse for purposes of a visitor center, museum, historic site, or other suitable public use, and (3) public infrastructure improvements in Town Square, Burial Hill, and Court Square as recommended in the Plymouth Public Space Action Plan dated June 2007. Said local excise tax shall terminate on June 30, 2021 unless otherwise extended by a vote of Town Meeting, or to take any other action relative thereto.
BY PETITION: Michael Hanlon, et al.

ARTICLE 30: To see if the Town will vote to amend Chapter 173-3 of the Town General Bylaws by changing the convening date of the Fall Annual Town meeting to the third Saturday in October, or take any other action relative thereto.
BY PETITION: Kenneth E. Howe, et al.

ARTICLE 31: To see if the Town will vote to provide funding for the re-construction of Standish Avenue from Alden, including sidewalks, or to take any other action relative thereto.
BY PETITION: Jean Callahan-Baker, et al.

ARTICLE 32: To see if the Town will vote to authorize the Board of Selectmen to grant a utility easement over a portion of Lot 1 on Map 72 of the January 1, 2011 Plymouth Assessors Maps to serve a proposed solar facility on Lot 4-6 on said Map 72, or take any other action relative thereto.
BY PETTITION: Richard Serkey, et al.

ARTICLE 33: To see if the Town will vote to authorize the Board of Selectmen to sell and convey all of the Town's right, title and interest, if any, in all or a portion of Lot 58A on Map 56 of the January 1, 2011 Plymouth Assessors Maps, or take any other action relative thereto.
BY PETTITION: Richard Serkey, et al.

And you are hereby required to serve this warrant in the manner prescribed by vote of the Town by posting notice thereof seven days at least before such meeting in the Town Office Building and make return thereof with your doings thereon at the time and place above mentioned.

Given under our hands this ____ day of September 2011.

FALL ANNUAL TOWN MEETING
October 24, 2011

The Moderator opened the meeting at 7:30 P.M. in the auditorium of Plymouth North High School. Upon notification by Town Clerk, Laurence Pizer, of a quorum, the Moderator called the meeting to order at 7:30 P.M.

Plymouth County Sheriff's Department Honor Guard under the direction of Honor Guard Commander Captain Duane Fortes followed by the National Anthem performed by Plymouth High Schools' Choral Group under the direction of Brandon Coons. The invocation was offered by the Rev. Michael O'Brien, Chaplain for Beacon Hospice. The Moderator spoke about the life of Adele Manfredi, former Assistant Moderator.
The Moderator named Michael Rothberg, Assistant Town Moderator.
Town Clerk, Laurence Pizer, swore in the Assistant Moderator and Town Meeting Representatives.

The Return of the Warrant of the Annual Town Meeting showed that it was properly served. With no objections the meeting waived the reading of the Constable's Return of Service of the Warrant of the Annual Town Meeting and further, waived the reading of the Warrant.

Mr. Nassau moved that adjourned sessions of this Town Meeting be held on October 25, & 26, 2011 at 7:30 p.m. at Plymouth North High School.
The motion PASSED.

ARTICLE 1: Mr. Nassau moved that the Town vote to amend the Classification and Compensation Plans and the Personnel By-Law and Collective Bargaining Agreements in accordance with the memorandum dated September 21, 2011, from the Director of Human Resources located on page 27 of the Report and Recommendations of the Advisory & Finance Committee.

To: Board of Selectmen and Advisory and Finance Committee
From: Roberta F. Kety, Director of Human Resources
Date: September 21, 2011 (Amended)

RE: Article 1 – Classification and Compensation Plans / Personnel Bylaw

Article 1 – Classification and Compensation Plans / Personnel Bylaw: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel Bylaw and the Collective Bargaining Agreement contained therein, or take any other action relative thereto:

We are recommending the following changes to the Collective Bargaining Agreements for the contract period of July 1, 2009 to June 30, 2012 with: SEIU, Local 888; OPEIU, Local 6; AFSCME Local 2824- DPW; AFSCME Local 2824- Dispatchers; Plymouth Superior Officers Association, MCOP Local 372; and the Personnel Bylaw (non union employees).

SEIU, Local 888:

1.

7/1/09- 6/30/10	No cost of living adjustment
7/1/10- 6/30/11	No cost of living adjustment
7/1/11- 6/30/12	Two (2%) wage increase

2. Effective June 30, 2012, a sixth (6^{th}) step will be added to the existing wage schedule two (2%) percent above the current maximum step. To be eligible for the sixth (6^{th}) step the employee must have completed ten (10) years of service as a SEIU employee AND they must be at the maximum step of the current wage schedule.
3. Effective July 1, 2011, all new employees will accrue one third ($1/3^{rd}$) less vacation and sick time.

OPEIU, Local 6:

1.

7/1/09- 6/30/10	No cost of living adjustment
7/1/10- 6/30/11	No cost of living adjustment
7/1/11- 6/30/12	Two (2%) wage increase

2. Effective June 30, 2012, a seventh (7^{th}) step will be added to the existing wage schedule three (3%) percent above the

current maximum step. To be eligible for the seventh (7^{th}) step the employee must have completed seven (7) years of service as an OPEIU employee AND they must be at the maximum step of the current wage schedule.

3. Effective July 1, 2011, all new employees (exempt and non-exempt) will accrue twenty- five (25%) less earned time.
4. Upon ratification, the Harbormaster and Assistant Harbormasters positions became members of OPEIU and the position of Assistant Director of the Department of Public Works will no longer be a member of OPEIU.

AFSCME Local 2824- Dispatchers:

1.

7/1/09- 6/30/10	No cost of living adjustment
7/1/10- 6/30/11	No cost of living adjustment
7/1/11- 6/30/12	Two (2%) percent increase

AFSCME Local 2824- Department of Public Works

1.

7/1/09- 6/30/10	No cost of living adjustment
7/1/10- 6/30/11	No cost of living adjustment
7/1/11- 6/30/12	Two (2%) percent increase

2. All identified Memorandums of Agreement were incorporated in the Collective Bargaining Agreement

Plymouth Superior Officers Association, MCOP Local 372:

On June 6, 2011, the Joint Labor Relations Commission Arbitration Panel issued a Decision and Award. The following is their award:

1.

7/1/09- 6/30/10	No cost of living adjustment
7/1/10- 6/30/11	No cost of living adjustment
7/1/11- 6/30/12	Two (2%) percent increase

2. Effective January 1, 2012, the award of a senior step three (3%) percent higher than the current top step for each rank, and effective for each bargaining unit member who has a minimum of five years in rank.
3. Education Incentive Pay: The panel awarded a flat fee of five thousand dollars ($5,000) for a Bachelor's degree, and seven thousand five hundred dollars ($7,500) for a Master's degree for employees hired after the date of the award, June 6, 2011.
4. The panel did award four (4) Specialty position stipends of three hundred dollars ($300). The Specialty positions included are: Detective Supervisor, Prosecutor, Training Supervisor and Manager of Information Systems.
5. The Town's health insurance proposal was awarded which included: increased co-pays for office visits, emergency room visits and pharmacy benefits. In addition, all references in the collective bargaining agreement to "Blue Cross/Blue Shield Master Medical", "BC/BS Indemnity or any other specific health insurance plan" are eliminated.

Personnel Bylaw Amendments:

1. Effective June 30, 2012, a senior step will be added to the existing wage schedule three (3%) percent above the current maximum step. To be eligible for the senior step the employee must have completed seven (7) years of service with the Town AND they must be at the maximum step of the current wage schedule.
2. Section 7.1: Long Term Illness Account (LTIA) – Paragraph 5: Increase the number of LTIA buyback days from five (5) to ten (10). Non union employee must have accrued one hundred eighty days (180) of LTIA to be eligible.

Currently reads: On December 1st of each year, any non-union employee who has one hundred eighty (180) days of LTIA may buy back up to five (5) days at their current rate of pay

3. Section 13- Longevity Pay- Strike the current section and insert the following:

Years of Service	Longevity Pay
5 years	$100
10 years	$200
15 years	$300
20 years	$550
25 years	$750
30 years	$1000

Currently reads:

Years of Service	*Longevity Pay*
5	*$50*
10	*$100*
15	*$150*
20	*$200*
25	*$250*

4. Reclassification Study
5. Add the position of Assistant Director of the Department of Public Works and insert in comparable pay schedule of EM-8
6. Effective January 1, 2012, two (2%) cost of living adjustment for employees listed in Section 7.3 - Miscellaneous Schedule D – Non Union

The motion PASSED.

ARTICLE 2A: Mr. Nassau moved to amend the votes taken under Article 7A.1, and 7A.2, of the April 2011 Spring Annual Town Meeting, in accordance with the spreadsheet located on page 39 of the Report and Recommendations of the Advisory & Finance Committee, as follows:

Increase the amount appropriated for the purpose of funding appropriations under Article 7A.2, Long Term Debt, Item #43, as listed in the printed Report and Recommendations of the Advisory and Finance Committee, by the sum of $2,483,038;

Increase the amount appropriated under Article 7A.2, Salary Reserve, Item #33, as listed in the printed Report and Recommendations of the Advisory and Finance Committee, by the sum of $287,628

Revise the vote taken under Article 7A.2, as follows:

Increase the amount to be raised and appropriated for a total General Fund Operating Budget (Item #'s 1-44) by the sum of $2,770,666; increase the amount to be raised from the FY2011 tax levy by $2,540,470.85; and transfer the sum of $230,195.15 from Premium on Debt Exclusion for the purposes of Article 7A.2.

The motion PASSED unanimously.

ARTICLE 2B: Mr. Nassau moved that the town vote to amend the vote taken under Article 7B & 7C of the 2011 Annual Town Meeting warrant by increasing the amount appropriated from Sewer Enterprise Fund Receipts by the sum of $95,175 (Item #50) and Water Enterprise Fund Receipts by the sum of $56,711(Item #54) in accordance with the spreadsheet located on page 39 of the Report and Recommendations of the Advisory & Finance Committee
The motion PASSED unanimously.

ARTICLE 3: There was no motion. Town Meeting took no action..

ARTICLE 4A-Stephen's Field
Mr. Nassau moved that the Town vote to raise and appropriate the sum of $50,000 to pay the costs of the Stephen's Field Project, so-called, including the payment of all costs incidental and related thereto.
The motion PASSED unanimously.

ARTICLE 4B: There was no motion. Town Meeting took no action.

ARTICLE 4C -Fuel Tanks Purchase, Installation, and Relocation
Mr. Nassau moved that the Town vote to raise and appropriate the sum of $125,000 to pay the costs of relocating, purchasing and installing fuel tanks, including the payment of all costs incidental and related thereto.
The motion PASSED unanimously.

ARTICLE 4D - Police Cruisers
Mr. Nassau moved that the town vote to transfer the sum of $53,152 from receipts reserved for insurance recovery for replacement of two police cruisers, as follows:

Sources		Uses	
Insurance Recovery Receipts Reserved		**Police Department**	
Insurance Proceeds	53,152	CruiserReplacements	53,152
	Total		**$ 53,152**

The motion PASSED unanimously.

ARTICLE 4E - Town Green Monument
Mr. Nassau moved that the Town vote to raise and appropriate the sum of $10,000 to pay the costs of the Town Green Monument, including the payment of all costs incidental and related thereto.
The motion PASSED unanimously.

ARTICLE 4F - Runway Improvement Project
Mr. Nassau moved that the Town vote to appropriate $18,750; that to meet this appropriation, transfer from available funds in Article 4J of the October 25, 2010 Fall Annual Town Meeting, as amended in Article 9 of the April 2, 2011 Special Town Meeting, to pay the town costs of the Runway Improvement Project.
The motion PASSED unanimously.

ARTICLE 5: Mr. Nassau moved that the Town vote to amend the vote taken under Article 2B of the May 20, 2006 Special Town Meeting to increase the amount appropriated for appraisal services and/or legal fees related to the relicensing of and negotiations with Entergy Nuclear Generation Company, and as funding therefore, to raise and appropriate $500,000, for a total of $2,260,000 for such purposes.
The motion PASSED on a roll call vote with 71 in favor, 41 in opposition, and 1 abstaining.

ARTICLE 6: Withdrawn

ARTICLE 7: Mr. Nassau moved that the Town vote to appropriate $1,012,583.99 received by the United States Department of Health and Human Services, Affordable Care Act, Early Retiree Reinsurance Program (ERRP) to be placed in the Town's Health Insurance Trust Fund in order to reduce, on a proportional basis, the health premium

costs and/or future premium increases of health insurance for the Town as the plan sponsor and for employees and retirees as plan participants, in accordance with the grant agreement.
The motion PASSED unanimously.

ARTICLE 8: Mr. Nassau moved that the Town vote to establish revolving funds for certain Town Departments under the provisions of G.L. c.44, §53E ½ for the fiscal year beginning July 1, 2011, with specific receipts credited to each fund, the purposes for which each fund may be spent, and the maximum amount that may be spent from each fund for FY2012 as follows:

TOWN OF PLYMOUTH, MASSACHUSETTS				
Revolving Funds Chapter 44, Section 53E½				
Spending Authority	Revolving Fund	Revenue Source	Use of Fund	FY2012 Authorized Spending Limit
Recreation Director and Park Superintendent	Hedges Pond	The departmental receipts credited to this fund shall be those identified as program fees from Recreation Dept. Day Program, daily-parking fees, special event, and rental fees.	The funds will be used to cover Recreation Dept. seasonal salaries and operational expenses for the facility. Excess funds will be used for future capital improvements.	$40,000

The motion PASSED on a negative roll call with one in opposition.

ARTICLE 9: Withdrawn

ARTICLE 10: Withdrawn

ARTICLE 11: Mr. Hallisey moved that the Town vote to authorize the Board of Selectmen to acquire by purchase for general municipal

purposes and for purposes of conveyance, all or a portion of the following described property on such terms and conditions as the Board of Selectmen deems appropriate and to accept the deed to the Town of Plymouth of a fee simple interest in the land containing .629 acres, more or less, and the buildings thereon located at 463 Ryder Way, in the Town of Plymouth located on Plymouth Long Beach shown on Assessors' Map 37A , as Lot 350 and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said acquisition; that $850,000 is appropriated to pay costs of this land acquisition; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow said amount under and pursuant to Chapter 44, Section 7(3) of the General Laws, or pursuant to any other enabling authority, and to issue bonds or notes of the Town therefor, and that the Board of Selectmen is authorized to apply for, accept and expend any and all grants or gifts that may be available to pay costs of the land acquisition approved by this vote, provided, however that the amount authorized to be borrowed by this vote shall be reduced to the extent of any grants or gifts received by the Town on account of this project. Any amounts paid to the Town in connection with the exchange and/or sale of property described in this motion prior to the issuance of long term bonds by the Town pursuant to its vote under Article 11 of the Warrant at the Town Meeting held on October 24, 2011, shall be applied to reduce the amount borrowed pursuant to such vote.
Mr. Landers moved the previous question. His motion PASSED.
On the main motion, the motion PASSED by more than two-thirds on a negative roll call with twelve in opposition and one abstaining.

ARTICLE 12: Mr. Hallisey moved that the Town vote to authorize the Board of Selectmen to acquire by gift or other exchange a certain parcel of land shown as Lot J-1 on Assessors Map 37A and convey by sale and/or exchange all or a portion of land with the building thereon shown as Lot 350 on Assessors Map 37A containing 14,034 square feet, more or less, and portions of Lot H shown on Assessors Map 37A containing 5,900 square feet, more or less, and Lot I shown on Assessors Map 37A containing 7,466 square feet, more or less, all parcels being located in an area generally known as "Plymouth Long Beach;" and further to transfer the care, custody and control of the property located at Lots H and I as shown on Map 37A from the Board of Selectmen for general municipal purposes to the Board of Selectmen for

general municipal purposes and for the purpose of conveyance; and further that the Board of Selectmen is authorized to convey said property for a sum and/or by other exchange and upon conditions to be determined by the Board of Selectmen pursuant to the requirements of G.L. c. 30B, and to enter into all agreements and execute any and all instruments necessary on behalf of the Town to effect said acquisition and conveyance of said parcels.
The motion PASSED on a negative roll call with eleven in opposition and one abstaining.

ARTICLE 13: Withdrawn

ARTICLE 14: Withdrawn

ARTICLE 15: Withdrawn

ARTICLE 16A: Mr. Nassau moved that Town vote to authorize the Board of Selectmen to acquire by purchase, for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deed to the Town of Plymouth of a fee simple interest or less to 4 acres of land, more or less, in the Town of Plymouth located at 82 - 84 Billington Street shown on Assessors Map 27as Lot 129 and further that said land shall be held under the care, custody, and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and as funding therefor to appropriate from the Community Preservation Fund Budgeted Reserve the sum of $350,000; and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c.44B, §12 and G.L. c.184, §§31-33.
The motion PASSED unanimously.

ARTICLE 16B: Mr. Nassau moved that the Town vote pursuant to G.L. c. 44B, to appropriate from the Community Preservation Fund Historic Reserves, the sum of $15,000 as a grant to the owner Plymouth Art Guild for the restoration, rehabilitation and preservation of an historic timber-framed structure, located at 11 North Street, which structure was originally a dwelling place of enslaved individuals, pursuant to a grant agreement between the Board of Selectmen and the owner of said structure, on such terms and

conditions as the Board of Selectmen shall deem appropriate, provided, however, that such grant agreement shall require that a historic preservation restriction on the structure be granted to the Town of Plymouth; and further, to authorize the Board of Selectmen to accept said historic preservation restriction meeting the requirements of G.L. c. 184.
The motion PASSED unanimously.

ARTICLE 16C: Mr. Nassau moved that the Town vote to authorize the Board of Selectmen to acquire by purchase, for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deeds to the Town of Plymouth of a fee simple interest to (1) a parcel of land containing 20 acres, more or less located at 991 Old Sandwich Road shown on Assessors Map 65 as Lot 9 and (2) a parcel of land containing 15 acres, more or less, off Long Pond Road shown on Assessors Map 64 as Lot 15, further that said parcels of land shall be held under the care, custody, and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and as funding therefor to transfer from the Community Preservation Fund Open Space Reserves the sum of $190,000; and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c.44B, §12 and G.L. c.184, §§31-33; or take any other action relative thereto.
The motion PASSED unanimously.

ARTICLE 16D: Mr. Nassau moved that the Town authorize the Board of Selectmen to acquire by purchase, for open space purposes pursuant to G.L. c. 44B on such terms and conditions as the Board of Selectmen deem appropriate and to accept the deed to the Town of Plymouth of fee simple interest or less to a parcel of land containing 8 acres, more or less, located between Fuller Farm Road and Drew Road shown on Assessors Map 88 as Lot 15B, and further that said land shall be held under the care, custody and control of the Conservation Commission, and to enter into all agreements and execute any and all instruments as may be necessary on behalf of the Town to effect said purchase; and to meet that appropriation transfer from Community Preservation Fund Open Space Reserves the sum of $30,341 and transfer from Community Preservation Fund Budgeted Reserves the

sum of $26,659 and further to authorize the Board of Selectmen to grant a conservation restriction in said property pursuant to G.L. c. 44B, §12 and G.L. c. 184, §§31-33; or take any other action relative thereto.
The motion PASSED unanimously.

ARTICLE 17: Mr. Nassau moved that the Town vote to amend the Zoning Bylaw, Section 205-57 – "Aquifer Protection District" as it relates to the delineation of the district, uses allowed, special permit uses and prohibited uses or activities and Revise the Town's Official Zoning Map to revise the boundaries of the Aquifer Protection District, in accordance with the "FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD TO (1) AMEND AQUIFER PROTECTION DISTRICT (AA) SECTION OF THE ZONING BYLAW AND (2) REVISE THE TOWN'S OFFICIAL ZONING MAP TO REVISE THE AQUIFER PROTECTION BOUNDARIES OF THE DISTRICT" and by adding the proposed amendments, in accordance with the report from the Planning Board titled "PROPOSED MODIFICATION TO ARTICLE 17" and dated October 17, 2011.

2011 Fall Annual Town Meeting

FINAL REPORT AND RECOMMENDATION TO (1) AMEND AQUIFER PROTECTION DISTRICT (AA) SECTION OF THE ZONING BYLAW AND (2) REVISE THE TOWN'S OFFICIAL ZONING MAP TO REVISE THE AQUIFER PROTECTION BOUNDARIES OF THE DISTRICT

DATE OF PUBLICATION OF PUBLIC HEARING: August 10, 2011

August 17, 2011

DATE OF PUBLIC HEARING: August 29, 2011

VOTE: On August 29, 2011, the Planning Board voted (5-0) **to support** the following amendment and map to Town Meeting:

PROPOSED AMENDMENT:
Please see attached language and map.

NEED AND JUSTIFICATION

The Aquifer Protection District (AA) was originally adopted in 1981, prior to the Commonwealth of Massachusetts Department of Environmental Protection (DEP) developing regulations for the mapping of areas contributing groundwater to public water supply wells. In 1981, the Town estimated the areas of contribution to the wells based on the best available information at the time. The 1981 language has served the town well; however, over the past decades, new best practices have been developed. It has always been the intent of the Town to map those areas contributing to significant ponds within the Town, which are primarily groundwater-sourced.

The DEP has since adopted regulations for mapping and approving areas of contribution to public water supply wells. New wells have been constructed in Plymouth and in abutting communities. In preparing for a future amendment of the Bylaw, the Department of Public Works (DPW) had professional peer review of this Section of the Bylaw performed a few years ago. The Town DPW also updated its Master Plan for the Plymouth Massachusetts Water System (2006). The Plymouth-Carver Aquifer Advisory Committee (PCAAC) adopted model aquifer bylaws for consideration by the local communities. Horsley Witten Group mapped the areas contributing groundwater to significant ponds as part of the proposed revisions.

The Building Code, Plumbing Code, Fire Code and Health regulations within the Commonwealth have been revised in the last few years in ways that affect the language of the existing Bylaw. Agencies and best practices have also evolved since 1981. The Fire Department, Director of Inspectional Services, DPW, Planning, Conservation and DPW Division of Environmental Management, in consultation with the Horsley Witten Group (the consultant who peer-reviewed the Bylaw and who prepared the model bylaw for PCAAC), worked together to offer these amendments to Town Meeting.

The Planning Board supports this proposed amendment and revised map for the following reasons:

- The proposed new Bylaw will:
 - reflect current best practices and regulations;
 - include simplified language;
 - include definitions;
 - be more specific with respect to monitoring requirements; and
 - make reference to Plymouth's new Storm Water Design Guidelines.
- The proposed revisions to the Aquifer Protection Map will:
 - include areas of contribution for ponds;
 - reflect the updated Water Master Plan;
 - reflect current areas of contribution as developed through DEP regulations; and
 - include new wells established in adjacent communities and within the Town.

INTENT

The intent of these amendments is to meet the intent of the Aquifer Protection Overlay District within the Zoning Bylaw, and to keep the Bylaw current with existing best practices, maps, codes, plans and regulations.

2011 Fall Annual Town Meeting Article 17

PROPOSED MODIFICATION TO ARTICLE 17

DATE OF PUBLICATION OF PUBLIC HEARING: August 10, 2011

August 17, 2011

DATE OF PUBLIC HEARING: August 29, 2011

VOTE: On October 24, 2011, the Planning Board voted (X-X) **to support** the following amendments to the previously supported language.

PROPOSED AMENDMENTS:

Article IV, Section 205-57. Aquifer Protection District (AA).

- To add:
 D. (10) **Municipal Sewerage System** – A public sewerage system operated by a municipality, or a privately owned and operated sewerage treatment plant duly licensed by the DEP pursuant to requirements of the Massachusetts Clean Waters Act and the regulations adopted under 314 CMR 1.00 through 9.00.
- And to re-number the remainder of Paragraph D thereafter.
- To change sentence within Paragraph H (5) (b):

 H. (5) (b) If within forty five (45) days after submittal the Director of Inspectional Services has not disapproved the

submitted well locations, program and schedule, or a mutually agreed upon extension of time has not been reached, the monitoring wells and sampling program shall be ~~not required~~ deemed approved.

And, within Section 205-57. Aquifer Protection District (AA) Use Table.

- To add, on Page 3:

	Area I	Area II	Area III
The storage of more than 5,000 gallons of gasoline, oil or similar petroleum products.	P	P	SP

INTENT

The intent of these amendments is to meet the intent of the Aquifer Protection Overlay District within the Zoning Bylaw, and to keep the Bylaw current with existing best practices, maps, codes, plans and regulations.

The motion PASSED unanimously.

The Moderator called a recess at 9:15 PM.
The Moderator returned the meeting to order at 9:30 PM.

ARTICLE 18: Mr. Nassau moved that the Town vote to (i) amend its Zoning Bylaw, Section 205-55 "Mixed Commerce (MC)", by modifying certain requirements, conditions and/or definitions therein, including but not limited to those pertaining to vehicular related uses, and/or (ii) amend its Zoning Bylaw Section 205-22 "Street Classification and Related Standards" and the official Zoning Map of the Town of Plymouth by designating Commerce Way as a Major Street, as well as to amend associated sections, provisions, definitions, tables, charts and procedures pertaining thereto, in accordance with the "FINAL REPORT AND RECOMMENDATION OF THE PLANNING BOARD TO AMEND THE MIXED COMMERCE (MC) SECTION OF THE ZONING BYLAW TO PERMIT AUTOMOBILE DEALERSHIPS"

and further,

to amend section 205-55 by adding the following language at the end of subsection D(9). For a special permit for a licensed new car franchise dealer under this section and in lieu of the requirements of Section 205-21A(2)(a), a buffer strip of a minimum of 100 feet shall be required. The buffer strip shall include screening adequate for the situation and characteristics of use and shall be retained or provided for in the form of a planted earthen berm, thick plantings, walls, fences or any combination thereof, as required by the special permit granting authority".

FINAL REPORT AND RECOMMENDATION TO AMEND
THE MIXED COMMERCE (MC) SECTION OF THE ZONING BYLAW
TO PERMIT AUTOMOBILE DEALERSHIPS

DATE OF PUBLICATION OF PUBLIC HEARING: August 10, 2011

August 17, 2011

DATE OF PUBLIC HEARING: August 29, 2011

VOTE: On August 29, 2011, the Planning Board voted (5-0) **to support** the following amendment to Town Meeting:

PROPOSED AMENDMENT:

Amend the Zoning Bylaw, Section 205-22 "Street Classification and Related Standards" and the official Zoning Map of the Town of Plymouth by designating Commerce Way (entire length) as a Major Street.

To amend Section 205-55 (Mixed Commerce), Paragraph D(9), of the Plymouth Zoning Bylaw in the following manner (~~crossed-out words~~ are deleted, proposed additions are underlined):

(9) Vehicular-related uses, including new and used automobile sales by licensed new car franchised dealers and auto rentals provided that any outdoor service or repair areas shall be screened from public ways by walls, fences and/or evergreen vegetation and further provided that such use (a) be located on a lot that contains a minimum of three acres of land beyond the 400' Area defined in subsection (c) below, (b) has a minimum of 400 feet of frontage, and (c) is not located within ~~a Primary Recharge Area to Existing or Proven Future Municipal Wells, including all Department of~~

~~Environmental Protection approved Zone II areas shown on Zoning Map Nom 4, Aquifer Protection District~~ 400 feet of a street classified as a Major Street on or before *[insert effective date of zoning amendment]* (the "400' Area").

NEED AND JUSTIFICATION

Currently, automobile sales are only allowed in that portion of the Mixed Commerce Zoning District located outside the Aquifer Protection District (south of the Kingston Town line, east of Route 3 and west of Cherry Street). This petitioned article seeks to allow automobile sales by licensed new car franchised dealers in additional Mixed Commerce locations. Based on the language above, licensed new car franchised dealers would not be permitted within 400 feet of a Major Street, and consequently the petition also proposes to designate Commerce Way as a Major Street.
At the Spring 2010 Annual Town Meeting, the Town voted to allow new and used automobile sales by licensed new car franchised dealers in the Highway Commercial (HC) District, a similar zoning district, located off Long Pond Road.

The Planning Board supports this proposed amendment for the following reasons:

- The use is limited to licensed new car franchised dealers.
- Many of the uses associated with automobile dealerships (large parking areas, car washes, and service stations) can already occur within the district.
- The intent of the Mixed Commerce Zone and the Highway Commercial Zones (where automotive dealerships are allowed) are similar.
- The uses permitted in both zones are also similar.
- Automobile dealerships will still be subject to the requirements and limitations of the Aquifer Protection District.
- Automobile dealerships are subject to the Special Permit review and approval process.
- A 400 foot Commerce Way setback is included to minimize the visual impacts of automobile dealerships on Commerce Way (see map).

INTENT

The intent of this amendment is to designate new and used automobile sales as a special permit use in the Mixed Commerce District subject to more stringent environmental design conditions outlined in the Zoning Bylaw. To proceed, a super majority (4 of 5 members) of the Zoning Board of Appeals is needed.

- Automobile dealerships are subject to the Special Permit review and approval process.
- A 400 foot Commerce Way setback is included to minimize the visual impacts of automobile dealerships on Commerce Way (see map).

Department of Planning and Development

INTENT

The intent of this amendment is to designate new and used automobile sales as a special permit use in the Mixed Commerce District subject to more stringent environmental design conditions outlined in the Zoning Bylaw. To proceed, a super majority (4 of 5 members) of the Zoning Board of Appeals is needed.

Memo

To: Planning Board
Advisory and Finance Committee

From: Lee Hartmann, Director of Planning & Development

Date: October 19, 2011

Re: Aquifer Protection Bylaw Amendments - Article 17

During the public review process, the following amendments to Article 17 have been suggested. Staff views these changes as clarifications that are in keeping with the intent of the article. It is recommended that the Planning Board and Advisory and Finance Committee vote to accept these changes.

PROPOSED AMENDMENTS:

Article IV, Section 205-57. Aquifer Protection District (AA).

- To add:
 D. (10) **Municipal Sewerage System** – A public sewerage system operated by a municipality, or a privately owned and operated sewerage treatment plant duly licensed by the DEP pursuant to requirements of the Massachusetts Clean Waters Act and the regulations adopted under 314 CMR 1.00 through 9.00.
- And to re-number the remainder of Paragraph D thereafter.
- To change sentence within Paragraph H (5) (b):

 H. (5) (b) If within forty five (45) days after submittal the Director of Inspectional Services has not disapproved the submitted well locations, program and schedule, or a mutually agreed upon extension of time has not been reached, the monitoring wells and sampling program shall be ~~not required~~ deemed approved.

And, within Section 205-57. Aquifer Protection District (AA) Use Table.

- To add, on Page 3:

	Area I	Area II	Area III
The storage of more than 5,000 gallons of gasoline, oil or similar petroleum products.	P	P	SP

Thank you.

The motion PASSED on a negative roll call with 6 in opposition.

ARTICLE 19: There was no motion. Town Meeting took no action.

Mr. Meltzer moved to take Article 29 next. The motion PASSED by more than two-thirds.

ARTICLE 29: Mr. Nassau moved that the Town vote to accept the provisions of G.L., Chapter 64L, Section 2 (a) authorizing the imposition of a local excise tax in the statutory amount of 0.75 percent on the sale of restaurant meals originating within the Town, and authorize the Board of Selectmen to petition the Massachusetts General Court for special legislation to establish a "Plymouth 400th Anniversary Celebration Fund". The revenues from said tax shall be placed in the Fund, which shall be dedicated in its entirety to (1) the Plymouth 400th anniversary celebration, and (2) public infrastructure improvements in Town Square, Burial Hill, and Court Square as recommended in the Plymouth Public Space Action Plan dated June 2007. Said local excise tax shall terminate on June 30, 2021 unless otherwise extended by a vote of Town Meeting.
Mr. Klavens moved to fix the method of voting by roll call. The motion PASSED.
Mr. Howe moved the previous question. The motion FAILED.
Kevin Poirier moved the previous question. The motion PASSED.
The main motion PASSED on a roll call with 64 in favor and 47 in opposition.

ARTICLE 20: Mr. Nassau moved that the Town vote to accept a document entitled "North Plymouth Master Plan Update" dated August 2011.

2011 Fall Annual Town Meeting Article 20

FINAL REPORT AND RECOMMENDATION TO ACCEPT THE UPDATE TO THE NORTH PLYMOUTH VILLAGE CENTER MASTER PLAN

DATE OF PUBLICATION OF PUBLIC HEARING: August 31, 2011

DATE OF PUBLIC HEARING: September 12, 2011

VOTE: On September 12, 2011, the Planning Board voted unanimously (4-0) to recommend that Town Meeting accept the updated North Plymouth Master Plan.

PROPOSED PLAN:

The North Plymouth Master Plan has been updated to reflect current conditions and future goals for the North Plymouth Village Center. Since the original plan was adopted, issues affecting the village have evolved with surrounding development, town comprehensive planning, and redevelopment plans for Cordage Park. The Master Plan will be used to guide public investments and private development over the next decade.

The Plymouth Planning Board, through the North Plymouth Task Force, originally adopted the *North Plymouth Master Plan* in 1992. The North Plymouth Steering Committee, a Town Charter committee appointed by the Planning Board, is an advisory body with the primary functions being to assist in the implementation of the North Plymouth Master Plan and to advocate for the needs of the area.

An initial brainstorming session with North Plymouth Village Center Steering Committee and the Plymouth Planning Board took place in July of 2010. This committee then met with town, regional planning and state officials, the North Plymouth business community, Police Department, residents and local historians, with professional assistance from the Plymouth Department of Planning and Development, to update the plan through a series of public meetings.

Attached is the Executive Summary of the Update to the North Plymouth Plan.

Full copies can be made available by contacting the Planning office or by visiting the Planning section of the town website.

The motion PASSED.

Mr. Serkey moved to extend the time of taking up new articles after 10:30 PM. The motion PASSED.

ARTICLE 21: Mr. Nassau moved that the Town vote to change the purpose for which the following parcels located off Long Pond Road are held, as follows:

Parcel 113-000-023B-000 from being held by the Board of Selectmen for General Municipal purposes, and

Parcels 112-000-009-000	112A-000A-034-000
112A-000A-029-000	112A-000A-019-000
112A-000A-042-000	112A-000A-027-000
112A-000A-035-000	112A-000A-036-000
112A-000A-028-000	113-000-022-000
112A-000A-040-000	112A-000A-037-000
112A-000A-039-000	112A-000A-032-000
112A-000A-026-000	112A-000A-030-000
112A-000A-025-000	112A-000A-038-000
112A-000A-031-000	112A-000A-041-000
112A-000A-033-000	

from being held by the Town Treasurer for sale at auction to being held by the Board of Selectmen for conservation and for conveyance for affordable housing,

and further,

that the Board of Selectmen be authorized to convey a portion of the above-described property, being ten acres, more or less, to: (1) the Plymouth Affordable Housing Trust for the purpose of constructing affordable single-family housings, and/or (2) a non-profit organization dedicated to providing housing for Veterans as defined by G.L. c. 4,§ 7, in either case, said conveyance being subject to a right of reversion to the Town in the event that the construction on the property is not substantially complete or the property is not being used for the purposes for which it is granted within five (5) years of the delivery of the deed to the grantee, and subject to such additional terms and conditions as the Board of Selectmen deem appropriate; and further,

to designate the Conservation Commission as custodian for conservation purposes pursuant to G.L. c. 40, § 8C of the remainder of the property not so conveyed by the Board of Selectmen, being 25

acres, more or less, and further, to authorize the Board of Selectmen to execute any and all instruments as may be necessary to effectuate the vote taken hereunder or take any other actions relative thereto.
The motion PASSED.

ARTICLE 22: There was no motion. Town Meeting took no action.

ARTICLE 23: Mr. Nassau moved that the Town vote to authorize the Board of Selectmen to release all of the Town's right, title and interest in the easement area containing approximately 0.51 acres and shown as Parcel "B" (Plymouth Assessor's Parcel No. 101-000-053H000) on the plan entitled "Plan of Land in Plymouth Massachusetts prepared for Plymouth Industrial Development Corporation," dated September 22, 1981 and recorded with the Plymouth County Registry of Deeds in Plan Book 22, Page 994; and accept perpetual easements for public way purposes over the properties located on Armstrong Road, Plymouth, MA and shown as Plymouth Assessor's Parcels No. 102-000-012A-007, 102-000-012D-000, 102-000-053G-000, 102-000-053F-000, 101-000-053H-000, 101, 000-053C-000, 101-000-055-000, 101-000-056A-000; and further to accept and allow as a public way the following street or portion thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; to authorize the Board of Selectmen to acquire by gift an easement to use said ways for all purposes for which public ways are used in the Town of Plymouth, and all associated easements; and to authorize the Board of Selectmen to enter into all agreements and take all related actions necessary or appropriate to carry out this acquisition.

Armstrong Road, A Portion of;

The motion PASSED.

ARTICLE 24: There was no motion. Town Meeting took no action.

ARTICLE 25: Mr. Nassau moved that the Town vote to accept and allow as a Town Way the following street or portions thereof as laid out by the Board of Selectmen and reported to the Town, and as shown on plans on file with the Town Clerk; and to authorize the Board of Selectmen to execute all instruments and take all related actions

necessary or appropriate to carry out this acceptance or take any other action relative thereto:
Cherry Street, Re-Establish, and alter A Portion Thereof.
The motion PASSED unanimously.

ARTICLE 26: Mr. Nassau moved that the Town vote to accept the provisions of G.L., Chapter 71, §37M Consolidation of Administrative Functions within the Town.
The motion PASSED unanimously.

ARTICLE 27: Mr. Nassau moved that the Town vote to amend General Bylaw, §38-2, by replacing the figure $15,000 with $50,000.
The motion PASSED on a roll call with 59 in favor and 51 in opposition.

ARTICLE 28: Mr. Nassau moved that the Town vote to amend Chapter 100 of the General Bylaws entitled "Junk Dealers and Collectors" by adding the words "or removed from premises" immediately following the words, "sold or altered" in section 100-2 B and to move the Letter B to fall prior to the start of that paragraph.
The motion PASSED unanimously.

ARTICLE 30: There was no motion. Town Meeting took no action.

ARTICLE 31: There was no motion. Town Meeting took no action.

ARTICLE 32: There was no motion. Town Meeting took no action.

ARTICLE 33: Mr. Nassau moved that the Town vote to authorize the Board of Selectmen to sell and convey all of the Town's right, title and interest, if any, in all or a portion of Lot 58A on Map 56 of the January 1, 2011 Plymouth Assessors Maps.
The motion PASSED unanimously.

Mr. Nassau moved to dissolve the town meeting. The motion PASSED at 10:50 PM

TOWN MANAGER AND BOARD OF SELECTMEN

To the residents and taxpayers of the Town of Plymouth:

2011 was another year of continued progress for the Town including passage of the annual budget under the full support and agreement amongst the Board of Selectmen, School Committee, and Advisory and Finance Committee. 2011 also saw changes in the Department of Public Works with the appointment of Jonathan Beder as the new Director. Mr. Beder will face significant challenges and require sustained support to continue improvements in making the Department more effective and efficient. New legislation was enacted this year for Municipal Health Insurance Reform. The Board of Selectmen adopted the legislation and with the cooperation of the municipal unions and the Insurance Advisory Committee; substantial changes were made to the health insurance programs, including the elimination of Master Medical that will save over $1.5 million dollars.

I would like to thank the staff and employees of the town without whom these accomplishments could not have happened. I would also like to acknowledge the Board of Selectmen, Advisory and Finance Committee, and School Committee for their open communications and cooperation in making Plymouth a better place for all our residents.

Listed below are some of the significant events and endeavors of the past year.

Sincerely,

Mark S. Stankiewicz
Town Manager

Municipal Health Care Reform – In July, Governor Deval Patrick signed Municipal Health Care Reform legislation that will allow municipalities to implement changes to employee and retiree health insurance outside of the traditional collective bargaining process. The legislation is a "local option" whereby changes can be enacted with union input or the town could seek transfer into the State Group

Insurance Commission (GIC) as long as there is a minimum 5% savings. Our local health policies were examined and determined there was not the required 5% savings to impose transfer to the GIC. In October, the Insurance Advisory Committee was apprised of the legislation and the Town's intent make changes to co-payments, deductibles, and tiered prescriptions for cost savings. In November, the Selectmen adopted the legislation and negotiations began with nineteen representatives on the Public Employee Committee (PEC) including municipal retirees. Negotiations were concluded by the end of December with significant changes, including the elimination of Master Medical as of July 1, 2012, resulting in $1.5 million in savings for health insurance.

Entergy Payment in Lieu of Taxes (PILOT) – Our PILOT agreement with Entergy (owners of the Pilgrim Nuclear Power Station) is set to expire on June 30, 2012, the same date of expiration for their operating license with the Nuclear Regulatory Commission (NRC). Given the current six year process for relicensing under the NRC, there was little incentive to negotiate a new agreement without a new license. In order to maintain a reliable assessment and tax payment for fiscal year 2013, the Town embarked on a one-year extension or "rollover" of the existing agreement. The extension would obligate Entergy to maintain their current assessment and tax payments. Without an agreement, the Town would incur substantial costs for appraisal and legal assistance. Negotiations between Entergy and the Town were begun and the one year extension was arranged. A written agreement was prepared and will be submitted to Town Meeting for approval in April, 2012.

Earthquake and Tsunami Hit Shichigahama Japan – In March a 9.0 magnitude earthquake hit Japan. The quake was centered approximately 80 KM from the city of Sendai, which is in close proximity to our sister Town of Shichigahama. Shortly after the earthquake, a ten meter tsunami hit northern Japan and affected inland communities up to 6 kilometers from the coast. The city of Shichigahama sustained extensive damage with over one-third of the land area devastated. In the following weeks, a telethon fundraiser was held at PACTV. The Board of Selectmen was heavily involved in the effort and received wide media support. I am pleased to report that over $100,000 was raised and would like to note our appreciation to

Special Assistant Patrick O'Brien, PACTV Outreach Coordinator Donna Rodriguez, and PACTV Director of Operations Dan Rodriguez for the yeoman's work they did to bring the event to fruition.

Following the fundraiser, Shichigahama Mayor Yoshio Watanabe forwarded a letter. In an excerpt below, the mayor wished to thank the residents of Plymouth for our support.

To all of our dear friends in Plymouth, thank you for your support. This past March 11th, an earthquake that is said to occur only once in a thousand years sent a tsunami to Shichigahama that swallowed one third of the town's land and brought unspeakable tragedy. The tsunami stole from Shichigahama its beautiful scenery and many of its people, leaving only indescribable destruction and sadness in its wake. However, we will not be defeated. The path to recovery will not be an easy one, but we are slowly but surely taking steps towards the future. Our friends in Plymouth please continue to kindly watch over Shichigahama. Thank you.

Mayor of Shichigahama
Yoshio Watanabe

Early Retiree Reinsurance Program (ERRP) – The Human Resources (HR) Department reported the Town received over $2.1 million in 2011 from the U.S. Department of Health and Human Services Early Retiree Reinsurance Program (ERRP). The program is a result of the HR Department's participation under the Affordable Health Care Act and provides reimbursement to participating employment-based plans (both public and private) for a portion of the costs of health benefits. The reimbursements were deposited in the Health Trust Account to help offset health care cost increases and assist in maintaining health benefits. On behalf of the Town, I would like to extend our appreciation to Benefits Administrator Marie Brinkmann, Human Resources Director Roberta Kety and our health insurance consultants at Cook & Co. for their diligent efforts in obtaining this grant.

Plymouth Long Beach Seawall – In March the town was notified it would not be eligible for federal or state funds to repair the seawall at Long Beach that was extensively damaged during a December 26, 27, 2010 winter storm. Original estimates from the Environmental Manager pegged the wall replacement between $1.3 and $1.6 million. As an alternative, the Department of Public Works submitted and received $300,000 from Town Meeting for repairs. Since the fall, the DPW has been steadfastly completing the repairs. The crews placed boulders on the seaward slope of the wall and filled any voids beneath the structure with concrete. In December, the DPW completed repairs to the top of the cement structure including adding steel reinforcement, forming and pouring the specialty concrete. Once the concrete has cured, the DPW will resume placing the boulders along the seaward revetment. The crew will also be improving the drainage for the parking lot and resurfacing/striping. It is anticipated the project will be completed by Spring, 2012, weather permitting. The project is a major accomplishment for the DPW and once all the costs are calculated, it should be completed well within the $300,000 authorization.

Plymouth Industrial Development Corporation (PIDC) – In June, the PIDC celebrated their fiftieth anniversary. Plymouth Area Chamber of Commerce Executive Director Denis Hanks served as the master of ceremonies and outlined PIDC's origins in response to the closing of many of the local mills in the 1970's and major accomplishments including developing the industrial park. In December, PIDC Chairman Edward Santos was also honored with the "Gus Yankopoulos Regional Business Advocate of the Year" The award was given by the South Eastern Economic Development Corporation (SEED) for PIDC's role in developing our Industrial Park and generous contributions to Plymouth. At the ceremony, it was noted the Plymouth Industrial Park has grown to include 139 businesses and the creation of 3,500 jobs.

Annual Town Meeting – In April, the all the warrant articles, including the fiscal year 2012 Town and School Budgets, were acted upon. Previously, the individual Advisory andFinance subcommittees reported their findings that included changes to only eight line items as approved by the Selectmen and submitted by the School Committee. The differences were ultimately reconciled and the budget was endorsed by the Selectmen, Finance Committee, and School

Committee. Town Moderator F. Steven Triffletti convened the session at 8:00 AM at the Plymouth North High School. All forty-three articles in the Annual Meeting and thirteen in the Special Meeting were acted upon with the meeting adjourning at 3:00 pm. On behalf of the Board, I would like to thank the Representative Town Meeting (RTM) members and all who participated to make the Town Meeting a success.

Solid Waste Alternatives – This year, the Board of Selectmen in concert with the Department of Public Works (DPW) began in earnest to review potential alternatives to the Town's disposal of solid waste. As a starting point, the DPW developed a matrix of alternatives with some preliminary cost estimates. The Selectmen and the Solid Waste Advisory Committee (SWAC) reviewed the alternatives. The reviews culminated in the preparation of a Request for Proposals for a town-wide curbside collection. The town enlisted the assistance of professional consultants at Weston & Sampson to prepare a formal Request for Proposals (RFP). The RFP will include numerous options such a minimum contract with renewal, weekly residential collection, and biweekly recycling with the option for a "pay as you throw' component. As of December, the RFP was nearing completion with an anticipated advertisement in February and implementation by the fall 2012.

Emergency Operations Center Opens – In July, Fire Chief G. Edward Bradley announced the grand opening of the Town's newly completed Emergency Operations Center (EOC) and refurbishment of the Cedarville Community Center. The EOC/Community Center is located with the Cedarville Fire Station on State Road and was accomplished though funding at Town Meeting as well as a $500,000 contribution from Entergy, owners of the Pilgrim Nuclear Power Station.

Hedges Pond Opening – Also in July, Recreation Director Barry DeBlasio announced that Hedges Pond swimming and recreation area was open the public. The project, funded through the Town's Community Preservation Committee (CPC) will provide a unique and picturesque setting for a multitude of recreational activities. Future plans also include a municipal day camp, recreational ball fields, and a refurbished community room.

Plymouth Library 20th Anniversary – In December, the Plymouth Public Library Corporation Board of Trustees held a celebration in honor of the Library's twenty years of service on South Street. Many members of the Public Library's Corporation Board were on hand as well as the Director for the Massachusetts Board of Public Libraries. Our congratulations go out to Corporation President Jeffery Chute and Library Director Dinah O'Brien for all their efforts and in marking this milestone for the Town.

Healthy Communities Initiative – In June, Jordan Hospital hosted a meeting at the Plymouth Radisson for a "Summit" inviting all community leaders on how they can create policies, establish practices, and make environmental enhancements that support healthy choices and behaviors. Subsequent to the meeting, Jordan Hospital and the Town entered into a partnership to apply for available grant funding to promote healthy communities. In December, it was announced Plymouth was the recipient of a $60,000 "Mass in Motion" grant from the State Department of Public Health. Special recognition goes out to Jordan Hospital Vice President of External Affairs Andrea Holleran and Director of Planning Lee Hartmann for their efforts in securing these funds.

Eel River Project Receives Award – In January, Environmental Manager David Gould announced the Eel River Headwaters Restoration Partnership Team was selected to receive a 2010 Costal America Partnership Award. The award is for outstanding efforts to restore and protect the costal environment. Costal American noted the Eel River is one of the most ambitious coastal restoration projected completed to date in New England. In June, Mr. Gould and Environmental Technician Kim Michaelis accepted the honors on behalf of the Town for their outstanding leadership and teamwork in making this project a reality. The project was financed through a $1 million grant. It expanded open space, removed a dam and installed drainage infrastructure.

TOWN CLERK

The mission of the Plymouth Town Clerk's Department is to maintain and produce the records of the Town of Plymouth and to provide copies of them for internal and external use. Also, it serves the public by directing them to appropriate offices within town government through the switchboard and mail services. It works closely with the Board of Voting Registrars to maintain lists of town residents and to conduct elections.

The Clerk's office seeks to combine honesty, efficiency, and a pleasant demeanor in conducting its work to serve constituencies in the present and former citizens of Plymouth, the other offices of town government, offices in county, state and national government, and researchers around the world.

After the years of work cooperating with the Census Bureau leading up to the 2010 Census, the Town Clerk's Office spent a great deal of time resetting the precincts once the results of the 2010 Census became known. With the excellent work of George Dunbar from the Information Technology Division, the Town Clerk was able to present a workable plan first to the Selectmen and then to the Commonwealth for approval. Finally, the new boundaries allowed the Clerk's Office to inform the citizens of Plymouth of their new voting locations in time for a very early 2011 vote on a proposed extension of the meals tax.

Dog licensing continued to improve. Nearly 93% of Plymouth's eligible dogs were licensed, although the Town Clerk again employed Plymouth District Court as an enforcing arm. 928 dog owners paid fines for owning an unlicensed dog. The Town Clerk's Office hopes that dog owners understand their responsibilities and the Town's determination to protect public health by achieving universal licensing. The goal is that violations will become unnecessary and that all dogs will be licensed by the deadline of January 1. The office developed a Lost Dog Search capability for the Clerk's section of the Town Website, so that the public could find an owner if a dog was found unattended.

After years of planning, the Commonwealth introduced a new computerized program for births. It makes birth certificates available far more quickly than the old system. In the near future, the new program will allow the office to provide certificates for any community in the Commonwealth. Plymouth also began providing security paper for births, making them accepted nationally with much greater ease.

Mr. Pizer was again re-elected chair of the Legislative Committee of the Massachusetts Town Clerks' Association to promote laws that permit clerks across the state to act efficiently in the public interest. The Association worked diligently to block a proposal for a surcharge on dog licenses, believing that the state should be providing funding to the Town and not the other way around.

The Division of Fisheries and Wildlife moved its licensing process online. The town Clerk's Office determined to remain a site for licensing to assist Plymouth citizens with internet capabilities.

Office Staff consists of Pearl Sears, vitals expert; Lisa Fornaciari, dog licensing, poll worker liaison, and other licensing; and Jane Bumpus, switchboard, voter registration and campaign finance overseer. Each has her own special responsibilities, but all serve the public with dedication. Jean Mooney and Joyce Farnkoff processed the census during 2011.

During the year the Town Clerk's Office processed the following:

859	Birth Certificates
304	Marriage Certificates
671	Death Certificates
7504	Certified Copies of Vital Records
96	Vital Record Amendments
8351	Dog Licenses
309	Business Certificates
305	Shellfish licenses
473	Sporting Licenses
1875	Nomination and Issue Petitions
66	Underground Storage Permits
1345	Meeting Postings
1770	Non-Criminal Violations

HARBORMASTER

Mission Statement

The Mission Statement of the Plymouth Harbormaster Department is to protect life, property and natural resources upon Plymouth's waterways. The Harbormaster Department is responsible for search and rescue, response to boating emergencies, enforcement of boating laws, mooring management, educating the public, shellfish management, dockage and maintenance of the town piers. These duties are handled by professional, well trained and experienced Harbormaster Department Personnel.

Full Time Personnel

Harbormaster - Chad Hunter

Assistant Harbormaster – Richard Furtado

Assistant Harbormaster – Derryl Lawrence

State Boat Ramp	$30,219

January 2011 started with Harbormaster Chad Hunter and Assistant Harbormaster Derryl Lawrence traveling to Charleston, South Carolina to participate in the Marine Patrol Officers Course. The two week course, held at the Federal Law Enforcement Training Center, trained local and state agencies on United States Coast Guard (USCG) tactics and policies to allow for a seamless integration during multi-agency operations. The course included both classroom and practical exercises in the following areas: USCG boarding procedures, vessel papers, water survival techniques, USCG use of force, and boating accident investigation.

The mooring waiting list found some relief this year following efforts by the Harbormaster to turn over moorings being unused by their owners. The Department turned over close to 100 moorings due to these efforts; a record number considering an average year would yield between twenty or thirty. Moving forward, the Harbormaster Department will continue these efforts to stimulate turnover

Late August, Plymouth found itself in the projected path of hurricane Irene. This storm developed to a category 3 with multiple storm tracks showing the possibility of a direct hit. The Harbormaster Department urged all mooring holders to haul their vessels if possible or take precautions such as adding lines and securing hatches. The Harbormaster hauled patrol boats, broke down float systems and secured loose items on the dock. Luckily for Plymouth, the storm was downgraded to a Category 1 storm and the eye made landfall over Western Massachusetts. Plymouth experienced wind with gusts up to 75 mph in the harbor with very little rain. The Harbormaster did get

underway during the storm to transport a crew member to the Capt. John and Son on the mooring. Due to the extensive preparation, there was no damage to report.

In October, Harbormaster Chad Hunter and Derryl Lawrence were invited to Quincy to take part in the NASBLA Boat Tactical Operators Course. This course is designed to train the local or state agency to the USCG standard. The training refined the boat operator skills by conducting high value asset protection and pursuit of vessels using high speed boat maneuvers. The standardized training provided the state and local agencies terminology and tactics to work with the USCG as a force multiplier during an event.

Harbormaster Chad Hunter was also re-appointed by Governor Deval Patrick to continue his service on the Harbormaster Training Council. The council, initiated in 2009, has been working to develop a state mandated training standard to professionalize Harbormasters statewide.

In December, all the time and effort put into the 2009 Port Security Grant finally paid off. The Harbormaster Department took delivery of the most advanced and capable boat to date. The "All Weather Fast Response Boat" grant was awarded due to the Harbormaster and U.S. Coast Guard interaction in the area. The vessel is a 29' Safe Boat built in Bremerton, Washington and has advanced navigational equipment, a heated full cabin, and a floatation collar designed to keep the boat afloat even if the hull is ruptured. The boat is also fitted with a forward looking infrared (FLIR) camera providing the boat crew with the capability to view heat signatures in any light conditions. This FLIR camera will greatly improve search and rescue capabilities due to the ability to spot objects such as people in the water even in the black of night. This boat will be a great asset to the Harbormaster Department and boating public, providing a higher level of response and safety in the area.

The Town of Plymouth pier infrastructure is still in need of repair. The T-Wharf was partially condemned after concerns from the State Fire Marshall. Funding has been a major issue for the T-Wharf. Federal and state grant money has been sought for the project, but no program

has awarded funding. The Harbormaster, Harbor Committee, and town will attempt to find a suitable alternative to improve the waterfront.

Harbormaster Hunter and Environmental Manager David Gould, were able to secure Seaport Bond Council money to conduct a structural survey of the town pier and design a new gangway and float system on the inside of the Town Pier. This action will allow us to develop a maintenance action plan to keep the Town Pier in good sound condition for the future.

As a continuation of 2010, the Aquaculture program was a hot topic. Harbormaster Chad Hunter was able to finalize Aquaculture regulations with the Board of Selectmen's approval. Hunter presented to the Selectmen numerous times and held outreach meetings to bring the regulations to their final approval. Once the regulations were in place, a waiting list was established by lottery due to the high level of interest. Moving into 2012, the program will begin to move forward as the Selectmen begin to accept applications.

HUMAN RESOURCES

It is the mission of the Human Resources Department to provide to our constituents a diverse range of Human Resources services to ensure that the Town of Plymouth continues to be a desirable place to work, live, and do business. Our constituents include current and potential Town employees, retirees, residents, and business owners.

For our employees, we serve as a resource of information and expertise to enhance the well being and quality of life among our workforce. Our goal is to demonstrate through our actions and behavior a genuine respect for the dignity of the individual and to honor each person's right to fair and equitable treatment in all aspects of employment.

We serve the citizens and businesses of Plymouth through the effective utilization of our Town employees to satisfy the goals, objectives, and needs of all those who work, live, and visit our Town. Our overall goal is to hire and retain the most talented and qualified individuals, who will provide the services essential to meet the personal and business goals of all and to support the successful operation of the Town of Plymouth.

Employees

A total of twelve (12) employees were promoted during this past year across Town departments. There were three (3) promotions in the Fire Department. Twenty three (23) employees either retired or resigned and sixteen (16) new employees were hired. New hires included one (1) Police Officer and six (6) Firefighters. There were forty (40) applications initiated for leaves of absences pursuant to the Family Medical Leave Act.

*Full time and Part time

Injured Employees and Massachusetts General Laws Chapter 41 Section 100B Retirees

A total of 132 employees were injured while performing their duties in service to the Town in Fiscal Year 2011. Twenty-eight Firefighters and fifty-five Police Officers were injured on duty during Fiscal Year 2011.

Fifty three Police and Firefighter retirees were covered for medical expenses due to injuries incurred while they were active employees.

Unemployment Compensation

In 2011, a total of fifty claims were filed for unemployment benefits of which thirty-nine were former School employees

Group Health Insurance

Health insurance costs have continued to rise nationally. There are two 2651 subscribers on the health insurance plans. The Town self funds its health and dental plans, which are rated only on the Town of Plymouth's employee and retiree claims experience. The Town of Plymouth representatives, with the assistance of the Wellness Committee, worked to inform Town employees and retirees on matters of prevention and good health, which can produce measurable positive results. Goals of the Wellness Committee include reducing future cost increases of health insurance for employees, their families, and the

Town, creating more informed health care choices for employees by educating them on using their health care more effectively, reducing absenteeism, and developing other measures of individual performance, effectiveness, and success. In 2011, the Wellness Committee sponsored a successful "Walking Works" program which was a mile tracking challenge. This program was very well received. The Committee recently hosted a Health and Wellness Day for all Town and School employees and retirees. Together with Blue Cross and Blue Shield, Jordan Hospital, Plymouth Fitness, and Health Resources the Town was able to offer employees and retirees the opportunity to learn how to maintain their health through a variety of services provided; offering training stations for exercise, cholesterol, glucose, blood pressure and bone density screenings, massage therapy, and stress management. In the future the Committee expects to offer exciting and successful programs to help better the health and wellness of Town employees.

The Benefits Administrator and the Director of Human Resources were actively involved with the Insurance Advisory Committee (IAC). Blue Cross Blue Shield representatives and Cook and Company representatives were also invited to attend meetings with the IAC in an effort to educate employees and retirees about being better health care consumers.

The Future

The Town continues to face significant challenges in the years ahead: increased costs in health care, healthcare reform, retirement of baby boomers, aging infrastructure, a community with increased demand for services and uncertainty in local aid to name just a few. Human Resources continually works to anticipate demands and prepare to meet them with all the resources available. The staff of the Human Resources Department is Jaclyn Gurney, Administrative Assistant, Marie Brinkmann, Benefits Administrator and Roberta Kety, Director of Human Resources.

PLYMOUTH AIRPORT COMMISSION

The Mission of the Plymouth Airport Commission is to develop, operate, and maintain the Plymouth Municipal Airport in a safe, efficient, and fiscally-responsible manner that promotes general aviation, stimulates the economy, and supports the local community.

The Plymouth Airport Commission's primary goal is to operate the Plymouth Airport in the safest manner possible, adhering to all federal, state and local regulations.

The Plymouth Airport has been an integral part of the Town of Plymouth since 1934, and today is an essential cog in the National Air Transportation System, striving to meet the air transportation and economic development needs of the communities it serves.

The Plymouth Airport is proud to be home to over thirty businesses that collectively employ more than two hundred and twenty people. Almost all of these businesses operate from privately constructed buildings located on airport property, which adds considerably to the Plymouth tax base. The types of businesses range from flight schools and maintenance facilities to law enforcement and medical air ambulance.

Indeed, many of the aircraft utilizing the Plymouth Airport contribute to the health, safety, and security of the local communities. Boston Med Flight operates an average of four to seven flights per day responding to the emergency medical needs of the residents of Plymouth and the entire Southeastern Massachusetts area. Plymouth Airport is also very fortunate to be a base for the Massachusetts State Police Air Wing which works very closely with other local, state, and federal law enforcement agencies to aid in air search and rescue operations as well as flying anti-terrorism and security missions. The Plymouth County Fire Plane also operates from the Plymouth Airport, providing critical assistance to the local fire departments in locating forest fires within the county. The Fire Plane has proved invaluable in shortening the response time for fire personnel arriving at the scene, thereby reducing the potential danger to life and property.

The Plymouth Airport is also home to more than one hundred and forty aircraft. Most of these aircraft are small, single engine aircraft; however, there are also a number of twin engine aircraft as well as some small jets and helicopters. The seating capacity of the aircraft based at the Plymouth Airport ranges from one to ten passengers. Annual activity level is estimated to be approximately sixty thousand aircraft movements and has dropped slightly over the last several years.

The Airport Commission wishes to operate the airport in an environmentally sensitive and responsible manner with protection and preservation of the local environment being essential concerns. The airport has a proactive noise abatement program which focuses upon educating both based and transient pilots on the locations of noise sensitive areas as well as suggesting other means for minimizing aircraft noise.

The Airport's Master Plan, which looks at current airport infrastructure, facilities, and services as well as future activity projections, was recently updated to ensure that the airport will continue to be an important asset in the National Air Transportation System. A consensus was reached by the Plymouth Airport Advisory Group (PAAG) comprised of Plymouth and Carver residents as well as users of the airport, and recommendations that balanced the safety needs of the users with the noise concerns of the neighbors were presented to, and adopted by, the Airport Commission. The Master Plan balances the runway lengths to 4350 feet, the current length of the longest runway and adds a 300 foot emergency "stopway" on both runways. The Airport Commission will continue to inform and consult communities, residents, and businesses throughout the region about the master planning process, encouraging public participation.

The Plymouth Airport is maintained and operated by a small, but highly motivated, professional staff that is active in providing tours for school groups and other civic groups. The airport is also host to a number of aviation events throughout the year that as well as promoting aviation also benefit a number of local and national charities.

The Plymouth Airport Commission and the airport staff will continue to work diligently to operate the Plymouth Municipal Airport in a safe and efficient manner so that it may continue to be a valuable asset for the Town of Plymouth. The Airport Commission offers an open invitation to Plymouth and Carver residents to visit and tour their local airport. Contact the Airport Manager at 508-746-2020 to schedule a tour or with any questions or concerns.

Plymouth Airport

DEPARTMENT OF FINANCE

FINANCE DIRECTOR/TOWN ACCOUNTANT

The mission of the Finance Department is to process the payroll and accounts payable for the Town's employees and vendors, account for all financial and budget transactions of the town and report on them to the Departments, Boards, Committees, Public, Department of Revenue and the Auditors.

Fiscal 2011 the Finance Department successfully completed its third year of being on our new financial software, MUNIS. Finance added the payroll and personnel part of the system on January 1, 2011, and will continue to work on integrating and implementing all facets of the software to have one centralized financial and payroll system for the town and school. In the coming years Plymouth will see the advantages of this one system with consistency and efficiencies.

The Department continues to face the challenges of reduced revenues from the state and local economy. All departments have been very cooperative in the budget process and sustaining current services. During fiscal 2011 we borrowed $38 million for a portion of the town's share of the new Plymouth North High School and the new Senior Center. Once the new school has completed construction and the state completes its reimbursement Plymouth will borrow the remaining town share.

Included in this report this year are the following reports:

1. Combined Statement of Assets, Liabilities and Fund Equities – All Funds
2. Combined Statement of Revenues, Expenses and Reconciliation of Fund Equities – All Funds
3. Combined Statement of Assets, Liabilities and Fund Equities – Enterprise Funds
4. Combined Statement of Revenues, Expenses and Reconciliation of Fund Equities – Enterprise Funds
5. General Fund – Budget versus Actual Revenue – State & Local receipts
6. Changes in Long Term Debt – All Funds
7. Changes in Short Term Debt – All Funds
8. Changes in Authorized & Unissued Debt – All Funds
9. Year To Date Budget Report for all Budgeted Funds

ASSESSING DIVISION

The mission of the Assessing Division is to value all property fairly and equitably; to educate our customers about the rules and regulations that we must abide by; to work as a team; to treat all customers the same, with professionalism and respect; and to make the Assessing Division the best managed division in the Town of Plymouth.

The Board of Assessors consists of five appointed members: Chairman James F. Sullivan, Vice Chairman, Richard Finnegan, Robert Leonard, George Moody and Donna Randles. The Board thanks Jeffrey Simpson for his seven years of service to the Board. . The Board welcomed George Moody, a retired Assessor appointed in September.

We bade farewell to Paul Falconer, Assessor Analyst, who returned to the private sector and Katherine L. Rebell, Assistant Assessor, who retired during the fall.

It is the responsibility of the office to maintain real and personal property values each year. Every third year the Commonwealth Department of Revenue (DOR) certifies the values through the Bureau of Local Assessment. This year the town underwent a revaluation for Fiscal 2012. The values were not approved in a timely manner to set the tax rate by the end of the year.

The office staff has worked diligently to assist and serve the residents of the Town of Plymouth. The office continues to update the Assessors' page of the town website to serve the public better.

INFORMATION TECHNOLOGY DIVISION

(Formerly Data Processing)

The mission of the Information Technology Division is to provide technical computer service to town personnel in order to maintain data integrity and computer literacy, through support, training,

and knowledge. Information Technology is the key to Plymouth's ability to grow, respond to emergencies, and efficiently provide services to its citizens. Investments in IT applications and infrastructure provide town managers with tools more effectively to observe and manage the financial, physical, and human resources of the Town, as well as increase productivity.

The Goals of the Division are:

- To maintain a municipal area network connecting all town and school buildings.
- To train town personnel on the use of new computer technologies.
- To support and maintain the town's municipal area network.
- To provide a stable infrastructure on which to build.
- To implement technologies allowing other departments to more efficiently accomplish their goals.

The Division is working on a Disaster Recovery/ Business Continuity Plan. IT will utilize the fiber-optic infrastructure to build a disaster recovery site at the Emergency Operations location. The goal is to have a fully redundant system next year.

The Town continue to follow a replacement/upgrade plan that will ensure it keeps pace with technology on all levels.

Plymouth continues to expand GIS mapping of the town's infrastructure.

The Town of Plymouth continues to enhance its presence on the World Wide Web. The Town's web address is www.plymouth-ma.gov.

PROCUREMENT DIVISION

The mission of the Procurement Division is to procure goods and services on behalf of the Town in an efficient, ethical, and impartial manner while ensuring compliance with the Massachusetts General Laws related to procurement.

The Town's centralized purchasing system contracts for standard services and supplies used by all departments and divisions, except the School Department, thereby taking advantage of the low prices obtained through bulk purchasing. The Procurement Division is responsible for all activities related to acquiring these services and supplies for all departments/divisions. This responsibility includes oversight of soliciting, opening, and evaluating bids and proposals, recommendation of contract award(s) to the Town Manager, and contract development and execution. This division ensures that contracting practices are in compliance with the Massachusetts General Laws.

In 2011 the Procurement Division solicited bids for 33 projects and processed the resulting contracts. Notable projects in 2011 were the sale of the Simes House, the Hedges Pond Recreation Area Improvements, PCIS Roof Replacement, Cedarville Water Tank Rehabilitation, and the Long Pond Road Pumping Station. Construction on the Emergency Operations Center and the West Elementary School HVAC Retrofit were completed. Plymouth North High School and Council on Aging construction continued. In addition to the many bids and contracts, the Procurement Division processed 2000 purchase orders. A multitude of projects are ongoing and the Division continues to support all departments to ensure that public funds are spent as cost effectively as possible.

All current bid advertisements and bid results are posted on the Town's website at www.plymouth-ma.gov>bids and RFPs.

TREASURY/COLLECTION DIVISION

It is the mission of this office to serve the public in a professional manner while maintaining the important cash flow to the Town. The Treasurer/Collection Division is responsible for collecting real estate, personal property and excise taxes as well as fees for water and sewer use, trailer park usage, municipal lien certificates and in lieu of tax payments due the Town. The Treasurer/Collector Division banks and reports cash receipts. Funds are released when properly authorized. The Treasurer/Collector division receives and provides for the custody of the Town's cash with

strict consideration to safety, liquidity, and earnings. The Treasurer/Collector borrows funds for authorized projects only as needed and at the least possible cost to the Town. The Treasurer/Collector Division maintains and pursues the collection of delinquent taxes in a manner that is sensitive to the needs of the individual and the community as a whole.

Treasury/Collection recorded a total of $273,930,671.36 of receipts and $261,522,033.89 of disbursements during fiscal year 2011. The cash needs of the Town were maintained without the use of any borrowing in anticipation of revenue. All funds are continually invested in various short-term instruments with the exception of the Town's Trust Funds that, by law, are allowed to be invested on a longer basis.

The largest committed revenue source of the Town is the real estate and personal property tax. The committed amount for fiscal 2011 was $113,891,161.56. As of June 30, 2011, 98% of this amount has been collected. The office continues with an aggressive collection policy as allowed by law. Liens and court action are used when necessary for real estate and personal property taxes. Delinquent tax liens at the beginning of the fiscal year were 237 units valued at $697,769.59. Additional taxes in the amount of $458,475.13 were added to the existing liens and new liens (303 properties) in the amount of $656,390.24 were added. By the end of the fiscal year, collections on these liens left a remaining balance of $608,796.49 representing 186 liens. For the collection of excise taxes the Registry of Motor Vehicles is notified for non-renewal of licenses for delinquent excise taxes.

DEPARTMENT OF INSPECTIONAL SERVICES

BUILDING DEPARTMENT

The Building Department is responsible for ensuring that buildings are constructed and repaired safely and structures and land are used properly. The Department issues zoning, building, electrical, gas, and plumbing permits that allow the construction, reconstruction, repair, alteration, and demolition of structures as well as the installation of equipment. The Department annually inspects restaurants, lodgings, and other places of assembly. The Building Department enforces the Commonwealth of Massachusetts Building Code and the Plymouth By-Laws. The purpose of the Department is to ensure a safe public and private environment for the residents.

Building permits were issued for 151 new single-family housing units throughout Town. The majority of residential permits were issued for additions, remodeling, and energy conservation: Sunrooms, garages, basement remodels, replacement windows, roofing, adding insulation, and roof mounted solar units.

The new 267,500 square foot Plymouth North High School and the 18,000 square foot Senior Center construction have moved along at a good pace. The new AutoFair Honda Dealership on Long Pond Road was completed in October, 2011

The Commonwealth of Massachusetts and the Town of Plymouth began using an updated International Residential Building Code as of February, 2011. The ongoing training and learning periods have been time consuming for the building officials, contractors, and owners. The new stricter Energy Conservation Code will result in significant energy savings for homeowners.

The public counter at the Building Office handles a large number of requests for records, construction planning assistance, and information. Department personnel conducted 11,247 inspections and issued 6,588 permits during the year.

MISSION STATEMENT

The Health Department is dedicated to work with all citizens and support agencies in an effort aimed at achieving high quality health services and a safe environment for all residents.

The Health Department permits all restaurant , retail stores, residential kitchens, bed and breakfast, hotel/motel, farmers markets, catering, mobile food vendors, nursing homes, funeral homes, sewage systems installers, sewage system pumpers, trash haulers, well installers, pools, camps, stables, body art, and tanning.

The Health Department enforces the Commonwealth of Massachusetts Health Code, Title V Code, Housing Code, and the Local Plymouth Board of Health Regulations to ensure all public health standards are met for the residents.

The Health Department saw small increases is septic system and well permits in 2011 indicating a slow improvement in the economic recovery.

Communicable disease reports showed an increase in Lyme disease. The State decreased the amount of influenza vaccine available to the cities and towns due to State budget cuts.

The visiting nurse contract went out to bid and the contract was awarded to Partners Health Care. Our new Public Health Nurses, Veronica Kordis and Linda Ellis conduct office hours on Tuesday and Thursday from 1:00 P.M. to 3:30 P.M. at 38 Resnik Road Suite 103.

The Plymouth Area Medical Reserve Corps (MRC) continues to recruit and set up trainings for volunteers. The trainings to date are PFA 101: Massachusetts Psychological First Aid Foundation Course, Emergency Dispensing Site Overview, Emergency Dispensing Site 1 & 11 and First Aid/CPR/AED. In September a few of our dedicated MRC volunteers set up a first aid tent for the motorcycle run sponsored by Vested Interest in K-9's, Inc. Our coordinators Heidie

Hogan and Garrett Hair continue to work towards educating our MRC volunteers to build strong, healthy and prepared communities.

The Board of Health Charges fees and provides the following services:

PERCOLATION WITNESSING

January 1 to December 30, 2011
Percolation Witnessing Fees Received

260 $63,250.00

- Review percolation applications and trench applications for accuracy.
- Schedule percolation tests.
- Witness percolation test at each Plymouth address as requested.

HEALTH PERMITS

January 1 to December 30, 2011

Septic Permits Issued	Fees Received
276 (New and Repair)	$55,100.00
Septic System Variances

DEPARTMENT OF PLANNING AND DEVELOPMENT

PLANNING

Environmental protection, community housing, and economic development are the cornerstones of the Department of Planning and Development. The mission of the department is to enhance the Town's living, working, and natural communities by balancing private property rights with the protection of the Town's historic and natural resources. The department will strive to develop long and short term plans that will balance growth and preservation as well as enable Plymouth to "Grow Smarter in its Fifth Century" consistent with these Master Plan visions:

- *Ensure that the Town of Plymouth will continue to be a beautiful, maturing community with vibrant and pleasant village centers, a preserved and enhanced historic heritage, long stretches of accessible coastline, integrated areas of commerce and compact housing, and vast, connected areas of open space set aside for preservation, outdoor activities, and appreciation of nature.*
- *Maintain Plymouth's outstanding visual character, defined by clean ponds, rivers, wetlands, coastline, and forests.*
- *Encourage economic prosperity through abundant opportunities for desirable business investment, employment, shopping, tourism, housing choice, and entrepreneurship.*

This department, in concert with the Planning Board, Board of Selectmen, and various other boards and committees coordinates and administers policies, actions, and local development controls consistent with the town's long-range planning vision in a fair and equitable manner.

Marc Garrett was re-elected to the Planning Board and continues to serve as Planning Board Chair, and Kenneth Buechs was re-appointed as the alternate member.

This department seeks to balance the overall public good with individual rights and interests. The professional support staff provides reliable guidance and assistance to boards, agencies, citizens, and other town departments. This department serves as staff support for seventeen local committees throughout the year, consisting of over 100 volunteer members.

The responsibility of this consolidated department includes supervision and coordination of town agencies related to subdivision control, land acquisition, conservation, redevelopment and revitalization, zoning appeals, design review, historic preservation, affordable housing, and economic development.

The Planning Board reviewed many plans in the year 2011. The Planning Board is continuing its work of the adoption of a comprehensive set of site design standards for commercial development. In the coming months, the Board will be presenting the standards to the community for review and comment. The Planning Board seeks to have the standards adopted in 2012.

In conjunction with the Board of Selectmen and the Department of Planning and Development, the Board is leading a community based study of the Town's Industrial/Commercial/Office needs. The study includes the identification of preferred development locations and a series of suggested land use, zoning and policies modifications. The Boards seeks to adopt the study and begin implementing its recommendations in 2012.

The results of their actions include the following:

Residential: 3 new subdivisions were approved, creating 4 new residential lots.

Form A Lots (Approval Not Required):

16 plans creating 14 new lots

Staff has worked with the North Plymouth Steering Committee and completed the update of their Master Plan which was adopted at Fall Town Meeting. Staff has also worked with the Manomet Steering Committee and the West Plymouth Steering Committee to begin the updates of their Master Plans. Staff provided support to the Industrial/Commercial/Office Land Study Committee which has completed a draft report.

- Staff has alsoCompleted an update of Aquifer Zoning Maps and Bylaw;
- Prepared a critique of the existing Zoning Bylaw in anticipation of a comprehensive overhaul of this forty year old document;
- Completed the Jordan Hospital Healthy Communities initiative grant;
- Initiated and coordinated the hosting of a "Town of Plymouth" booth at the Chamber's Business Expo". This is the first time the Town has participated in the Expo (manned by Planning, Fire, Building, and Town Manager's Office);
- Prepared and completed "Development Permitting Guidance" booklet for Plymouth residents and developers on how to navigate the permitting process at Town Hall; and
- Renovated (prepared estimate, bid, contract and construction oversight) the Water Street Visitor Center with $15,000 in funds secured by Planning Staff from VSB & Office of Community Development.

A.D. Makepeace has completed River Run Way in anticipation of beginning the approved Traditional Rural Village Development (TRVD).

The Pinehills continues to grow with the expansion of neighborhoods and opening of new businesses in the Village Green. The Market, which opened in 2008, has become a food shopping destination for Plymouth residents and beyond, attracting shoppers from Braintree to Cape Cod. New businesses opening in the Village Green in 2011 included Sylvia's By the Sea Gift Store, a full service gift shop with offerings for men, women, children, and home décor. 2011 also brought the Griffin Groupe, a professional employment search firm which opened an office in the Village Green. June marked the opening of the Rye Tavern on Old Sandwich Road by Dramshop Hospitality LLC, owners of Union Fish on Plymouth's waterfront. Also, in October 2011, the Levis Family of Plymouth started construction of a full service gasoline and service station scheduled to open by Spring of 2012.

In 2011, The Pinehills Village Green hosted "The Fabulous Food Truck Festival", a first for both The Pinehills and New England drawing thousands of visitors. The Pinehills Village Green hosted a second summer open air music series in July in the amphitheater and movie nights under the stars in August on the main lawn of The Village Green. The Village Green continues as the home to annual cultural events: the "Art on the Green" festival in June and a music festival in September featuring national recording artist, Edwin McCain, as well as the seasonal "Holidays on the Green" event. These events draw thousands of visitors from throughout New England to Plymouth and The Pinehills Village Green.

Also in 2011, The Pinehills Affordable Housing Charitable Trust awarded $148,000 in grants as partial payment for 11 new affordable homes to the Town of Plymouth's affordable home census including breaking ground on a Habitat for Humanity home on South Pond Street and assisting Plymouth's Task Force for The Homeless with its the purchase of a 10 unit transitional home on Court Street .

2011 saw the opening by AvalonBay of an additional ninety-one apartments for rent in The Pinehills and the opening of the new small cottages single family home neighborhood at Cobblestone designed and built by Barefoot Cottage Company of Plymouth. New home sales at The Pinehills in 2011 will result in an additional $40+ million in assessed property value for Plymouth. A total of 145 homes were sold including both new homes and re-sales. Building permits for new homes in The Pinehills represented 63% of all new home building permits issued by Plymouth in 2011.

Over the past year, Pinehills LLC has hosted tours and briefings for numerous groups on Plymouth's innovative OSMUD zoning at Pinehills including the American Planning Association; MIT's Graduate Program; National Association of Home Builders Research Center; MIT's Age Lab; Tufts University Graduate Program; Urban Land Institute; and many others. The Pinehills was also featured as a cover story in the national publication Land Development Magazine.

The Pinehills also won numerous national and regional awards for excellence in 2011 including seven (7) Best of America Living Awards from the National Association of Home Builders; four PRISM

Awards from the Builders Association of Greater Boston; and two Design Excellence Awards from Professional Builder Magazine.

Boards/Committees
Working under the direction of the Director of Planning & Development, individual boards and local and regional agencies continually strive to work together more closely.

Old Colony Planning Council
The Old Colony Planning Council was established in 1967 by state statute and is authorized to prepare plans for the physical, social and economic development of the fifteen-member community region. OCPC is designated as an Economic Development District by the U.S. Department of Commerce for the coordination of regional economic development activities; an Area Agency on Aging (AAA) by the Executive Office of Elder Affairs to plan, manage and coordinate elder services in a twenty-three community service area; and, the Metropolitan Planning Organization (MPO) to plan and program transportation and transit improvements for the region.

In addition to the above-designated responsibilities, the Council also assists its member municipalities with technical planning, grant application preparation and current local and regional socioeconomic information.

During the past year, the Council completed and secured the final approval of a Comprehensive update of the Old Colony Long Range Regional Transportation Plan; Developed the 2011 Comprehensive Economic Development Strategy (CEDS) Plan; the Area Agency on Aging (AAA) 2011-2014 Area Plan. The Council also completed the Regional Strategic Planning Framework and the FFY 2012-2015 Transportation Improvement Program (TIP); the Bicycle and Pedestrian Connectivity and Livability Study; the Annual Regional Traffic Volume Report; the BAT FY 2011 Ridership Report; and provided numerous Intersection/Technical Studies and Road Safety Audits to Abington, Avon, Bridgewater, Brockton, East Bridgewater, Easton, Halifax, Hanson, Kingston, Pembroke, Plymouth, Plympton, Stoughton, West Bridgewater, and Whitman. This past year, the Council also provided technical assistance to member communities on numerous programs such as: regionalization of local services; zoning

bylaw revisions; inclusionary zoning bylaws; expedited permitting; marketing for the newly established Economic Target Area; assisted member communities in the development of their Wind Energy Zoning Bylaws; and conducted approximately 100 turning movement counts (TMCs) and 125 Average Daily Traffic (ADTs) counts throughout the region.

AFFORDABLE HOUSING TRUST

Purpose: To provide a dedicated source of revenue to provide for the creation and preservation of affordable housing in the community for the benefit of low and moderate and very low income households.

Plymouth's Affordable Housing Trust was established by a vote of the Town Meeting to create and preserve affordable housing within the community. The Trust works in partnership with municipal leaders, public agencies, housing developers, non-profits and lending institutions. 95% of Trust funding relies upon Community Preservation Act Revenues.

Over the last decade, a growing share of household income was devoted to housing. Currently, 46% of Plymouth's homeowners spend 30% or more of their income on housing, while among local renters, 51% pay more than 55% of their income for housing – a share of income far in excess of the 30% threshold generally deemed "affordable." Rental costs have increased faster than incomes. Rents increased by 51 percent between 1998 and 2011. Only 2% of local rental apartments are affordable to households below 80% of area income. Rents have increased considerably this past because of the increase in foreclosures, and more people are unable to buy a home because they are unemployed or unable to get a mortgage and are turning to rentals.

The foreclosure crisis has caused housing prices to decline considerably from their mid-decade peaks and is now more affordable – though still out of reach for many households in our community. However, because credit has tightened and non-traditional mortgage products are harder to acquire, mortgage costs have not come down as

fast as prices. At the same time, the local rental market has tightened, leading to further increase in rents – all while the economy as a whole continues to struggle.

For many local workers – including those in construction-related occupations that may see a boost from the stimulus package – homeownership is unaffordable even after the steep drop in home prices. Housing affordability has also not dramatically improved for traditional community workers, such as police officers, elementary school teachers, nurses, janitors, and retail workers. These key workers often cannot afford to purchase a home and, in some cases, cannot even affordably rent an apartment for their family. 45% of the households in Plymouth are made up of low-moderate income persons (earning $32,150 to $45,100). For a family of four in Plymouth low to moderate income is $45,900 to $64,400. The current 3-bedroom median house price in Plymouth is $250,000; annual income required to purchase this home is $72,000.

How does the Housing Trust make a difference?

Home ownership is made affordable through low cost deferred buy-down loans to qualified homebuyers. The Affordable Housing Trust loans bridge the gap. Rental housing is made affordable with below market financing. The only difference between market rate apartments and affordable apartments is the amount of Trust funds used to supplement financing to cover a portion of the construction cost.
Continued community-wide support and increased financial support from the municipality is essential to being able to produce the type of affordable housing needed in our community. The Plymouth Affordable Housing Trust is committed to broadening its efforts to educate the community as to need and importance of providing affordable housing for working and low to moderate-income families throughout the Plymouth area.

CEDARVILLE STEERING COMMITTEE

The Cedarville Steering Committee is a committee appointed by the Planning Board and the Board of Selectmen to address and air the concerns and issues of the Cedarville area residents and businesses.

The CSC has an open and public forum, on a monthly basis, to learn, understand, and recommend suggestions of new projects, issues, and items that may come before them and may be addressed by the Plymouth Planning Board.

The committee is staffed by concerned and dedicated resident volunteers including

Keven Joyce, Chair, Chris Marshall, Vice Chair, Steve Lydon, Clerk (Temp), Andrea Nedley

The CSC meets once a month, typically the second Wednesday of each month, at 7pm at the Cedarville Fire Station Community Room.

2011 has certainly been an interesting and trying year for the CSC. The CSC lost the use of their normal meeting room in September, 2010, due to the construction of an addition to the fire station for the new Emergency Management Operations area and was not brought back online until April, 2011. The CSC therefore met at the Center Hill Preserve and New Testament Church off Long Pond Road. In addition, three members resigned from the committee due to retirement, moving out of the country and work obligations.

Several issues and events were presented to the CSC for their review this year including the implementation of the Open Meeting and Conflict of Interest Law regulations. In addition several issues were also addressed.

- The Little Red School management
- The donation of a new Clock for the renovated Community Fire Station Community Room
- Cimbron development at Cedar Hill Park
- Gravel removal from Hedges Pond Road site
- Indian Head Campground expansion
- MCDE Realty Development (Strip Mall) on 2240 State Road
- Combination meeting with the Planning Board and Board of Selectmen
- Center Hill Road Cell Tower
- Wind Turbine discussion on Hedges Pond Road and South Plymouth
- Opening of the Emergency Management Operations wing at the Cedarville Fire Station(July 11)

The CSC anticipates 2012 to be an interesting and challenging year. The CSC welcomes all residents of the Cedarville area to participate in the process.

2011 was dedicated to Ann Skelly, a long time member of the Cedarville Steering Committee. Ann Skelly passed away this year in May. Anne will be missed by all the members of the CSC, all her neighbors and Plymouth friends. Ann was dedicated and passionate in helping her community.

OFFICE OF COMMUNITY DEVELOPMENT

The function of the Office of Community Development (OCD) is to apply for and oversee the expenditure of Community Development Block Grant (CDBG) Funds and provide and implement programs and activities that benefit low and moderate income residents (42% of Plymouth's town-wide population), including housing and economic development services. The mission of the OCD is to provide education, leadership, policies, and programs to expand and preserve safe and affordable housing opportunities and create neighborhoods where anyone of a modest budget would choose to live- decent affordable housing and access to jobs and good education.

The Office of Community Development continues, as in the past, to administer a Local Housing Rehabilitation Loan program for low-to moderate income single family homeowners. This year the Housing Rehabilitation program completed $262,000 in deferred loans to nineteen homeowners in need of addressing health/safety/code deficiencies.

The OCD also continues to administer the local Title V Betterment Loan Program. To date 190 homeowners have received loans to repair or replace their failed systems. A total of $1,800,000 has been lent to local homeowners since the implementation of this program seven years ago.

The Office of Community Development continues to be responsible for implementing the Town's Affordable Housing Plan. This includes the Office of Community Development serving as the administrative entity to the Plymouth Municipal Affordable Housing Trust in addition to continuing to monitor and update the status of affordable housing Local Initiative Projects and 40B projects in the community.

The Office of Community Development also provides assistance in funding and/or implementing local community development programs and projects. This past year the OCD provided matching funds for infrastructure improvements to the Plymouth Visitor Information Center and funding for the purchase of an informational kiosk for the Eel River Restoration project.

The Office of Community Development currently administers a Commercial Façade Improvement Loan Program funded by Community Development Block Grant monies. The intent of this program is to assist commercial property owners in rehabilitating their storefronts by offering attractive low-interest loans to owners of commercial structures in the Town's recognized Village Centers.

The Office of Community Development continues to utilize Community Development Block Grant Program Income Funds to fund its Microenterprise Small Business Loan Program available exclusively for Plymouth residents and businesses. The primary objective of this program is to provide low-interest loans for the establishment and expansion of small businesses and the creation of new jobs.

The Office of Community Development continues to administer the Town's Free Graffiti Removal Program. This program is available townwide at no cost to private property owners to assist them in complying with the Town's Graffiti Bylaw. The purpose of the program is to assist residents and businesses in removing graffiti as quickly as possible from their property in order to discourage the appearance of further acts of vandalism. The program is funded by Community Development Block Grant Funds.

CONSERVATION COMMISSION

The mission of the Conservation Commission is to protect wetlands and resources in the Town of Plymouth through acquisition, management, education, and regulation; to act as a liaison between the public and other governmental agencies in protecting our natural resources, and to become an educational resource for the public and Town agencies both through a library of literature and through the collective knowledge of the Conservation Commission staff and members.

A healthy natural environment improves quality of life, property values, and tourism. The citizens of Plymouth have a right to air, land, and water free of poisons and safe for passive and active recreation. But people also have a right to improve their property, sometimes resulting in jobs and a stronger tax base for the Town. A rich, healthy web of wildlife can withstand the rigors imposed upon it by the rapid pace of development now underway in Plymouth. The laws protecting the environment and the rights of the developer are complex, and the knowledge of what makes a healthy environment is equally complex. The Conservation Commission is set up to administer the Wetlands Protection Act and other local, state, and Federal laws to ensure that development protects and enhances Plymouth's natural environment, rather than destroying it.

The Commission is charged with several duties including the protection of inland and coastal natural resources, and the acquisition of land for management. Benefits provided to the town afford protection of our clean water supplies, protection from storm damage, flood damage control, the promotion of wildlife diversity, and recreational opportunities. It must also follow its mandate under the Town of Plymouth Wetlands Protection By-law, and the Massachusetts General Laws, Chapter 131 s40 *et seq.* The Commission holds public hearings on Tuesday nights, as scheduled.

Pursuant to its mandate, the Commission acted on forty-eight Notices of Intent applications (permit requests for activity within areas subject to Commission jurisdiction) and twenty-eight Requests for

Determination of Applicability applications (to determine whether a proposed activity is likely to impact a resource area). Other opinions and decisions were made as requested. Occasionally enforcement orders were issued and fines were levied and collected.

The Conservation Commission accepted under its Care and Custody, four properties this past year. The Town acquired a four-acre parcel off of Billington Street. The purchase of this property was authorized by Town Meeting under Article 16A of the Fall Town Meeting, held on October 24, 2011. The Town acquired the property for conservation land through Community Preservation Committee. This property enhances the connection between Town Brook and Morton Park and further protects the water resource areas of Town Brook, Billington Sea, and Little Pond. The site is shown on Assessor's Map 27 Lot 127.

The second property taken under the care and custody of the Conservation Commission was a 19-acre property, located at 991 Old Sandwich Road. The purchase of this property was authorized by Town Meeting under Article 16C of the Fall Town Meeting, held on October 24, 2010; the Town acquired the property for conservation land through the Community Preservation Committee. The property is shown on Assessor's Map 9 as Lot 65. The site greatly complements the existing town owned land because of its conservation and recreational value.

Third, and also through the Community Preservation Committee, a 15 acre parcel was acquired off of Long Pond Road, shown on Assessor's Map 64 Lot 15. The purchase of this property was authorized by Town Meeting under Article 16C of the Fall Town Meeting, held on October 24, 2010. This acquisition will improve access and connections to public and private non-profit conservation land and will improve access to Grassy Pond.

The final acquisition in 2011 was ten acres of land off of Fuller Farm Road and Drew Road; the purchase of this property was authorized by Town Meeting under Article 16D of the Fall Town Meeting, held on October 24, 2011, with contributions from Community Preservation Committee. The property is shown on Assessor's Map 88 as Lot 15b.

This acquisition improves the trail connections between the Eel River Preserve and the Town Forest.

The Conservation Commission wishes to thank all the individuals who helped with the acquisition of these properties.

> The Massachusetts Wetlands Protection Act protects the inhabitants of the wetlands by requiring a buffer zone around sensitive areas. The Plymouth Conservation Commission wants homeowners to enjoy their waterfront property, and can provide ideas for creating an attractive natural setting for a human home while still protecting the homes of the creatures that share the waterfront setting.

The Conservation Commission consists of seven volunteer members appointed by the Board of Selectmen and ably assisted by a full-time Conservation Planner, an Administrative Assistant, and a part-time clerk.

HISTORIC DISTRICT COMMISSION

The Plymouth Historic District was established by Town Meeting in 1974, expanded in 1977 and again in 1990. The district is comprised of 286 properties. The mission of the Commission is to preserve, protect, and document Plymouth's architectural heritage of the Town of Plymouth. Legislated protection is provided for historic buildings located in the Plymouth Historic District in the downtown-harbor area. The Historic District is a local and national treasure of our country's architecture with a variety of excellent examples spanning four centuries.

CERTIFICATES

The Historic District Commission met on the first and third Wednesday of each month in Town Hall. The Commission reviewed sixty-eight proposals for commercial signage and residential/commercial façade renovations, issued fifty Certificates of Appropriateness and issued eighteen Certificates of Non-Applicability.

COMMISSIONERS

Commissioners are Michael Tubin, Anthony Provenzano, Samantha Nichols, Susan Owens, Robert Fournier, James Baker and Anne Lane. Michael Tubin serves as Chairman, Anthony Provenzano as Vice-Chair, and Samantha Nichols as Secretary. Michael Tubin serves as the HDC Representative to the Community Preservation Committee. Michael Tubin serves as the HDC Representative to the 1820 Consortium. Susan Owens serves as the HDC Representative to the Beautification Subcommittee for Logistics Committee for 2020 Starts Now.

The Historic District Commission has continued to maintain good working relationships with several Town committees, including the Plymouth Center Steering Committeeand the Community Preservation Committee.

GUIDELINES AND PROCEDURES

The Commission developed a handbook of guidelines and procedures to assist applicants through the process. The Historic District Commission also uses the handbook as their guide for making decisions. Copies of the guidelines and procedures are available at Town Hall, the Plymouth Public Library and on the Town's website under the Historic District Commission page for easy accessibility.

DRAFT OF NON-COMPLIANCE LETTER

The Historic District Commission has drafted and mailed out letters to district property owners/lessees not in compliance with the guidelines. This letters inform property owners and lessees of the existence of the guidelines and their responsibilities to maintain consistencies throughout the District.

PUBLIC RELATIONS

The Historic District Commission has awarded its 5th "Certificate of Appreciation" to By the Sea Bed & Breakfast located at 22 Winslow St. This certificate is awarded to a property/store owner that goes above and beyond to maintain the character of the historic district. These certificates are awarded bi-annually.

MANOMET VILLAGE STEERING COMMITTEE

Established in 1991 by Town Meeting, the Manomet Village Steering Committee (MVSC) supports the goals and objectives of the Manomet Village Master Plan.

Randy Parker continued as chair. Linda Evans was elected vice-chair and James Hoagland clerk. Dennis Lassige did not seek reappointment. His services have been greatly appreciated. This year the Committee welcome Richard McGuinness, appointed by the Planning Board. Timothy Grandy continued in his position as Planning Board liaison. John Patrick Minerella continues as the selectmen's appointee. The current members of the MVSC are Randy Parker, Linda (Perryman) Evans, James Hoagland, Karen Buechs, Kevin Doyle, John Patrick Minerella, Richard McGuinness and Timothy Grandy. Meetings are held at the Manomet Branch Library on Strand Avenue from 7 to 9 PM on the fourth Thursday of each month. Any variations are posted in Town Hall.

The committee continued its oversight of the July 3rd festivities with success, maintaining the event as a family affair, thanks to associations, police, fire, and public works cooperation.

It has been a banner year for Manomet. The committee supported Tidmarsh Farm's conversion of two hundred acres of cranberry bogs back to wetlands, and the genesis of restoration of Beaver Dam and Bartlett Brooks to their original condition as cold water fisheries. This effort will substantially improve habitat and ground water protection, and offers considerably better conditions downstream at Bartlett Pond.

The committee supported the Simes House Foundation, Inc. in its success obtaining its 501c3 non-profit tax exempt status and acquiring a $1.5 million Community Preservation Committee grant toward achieving master plan goals of village green, historical preservation, community focus and identity, and community housing units. The green has been cleared, loamed, and planted. The house has been secured. Planning is underway for building restoration and definitive site design.

The committee heard a presentation from architects representing the Boston Archdiocese for improvements at St. Bonaventure's Church. Manomet is excited about an expansion that converts the existing

church to parish center and proposes a new thousand seat church, parking, better vehicular and pedestrian circulation, and a church green, as well as trailing potential through church back land to a town-wide system under development.

The committee also heard a presentation from *Plymouth Live LLC*, a group interested in purchasing and revitalizing the Priscilla Beach Theatre, the oldest summer stock barn theatre in the country. The Committee was enthusiastic in support of the concept and look forward to the cultural, youth and economic opportunities that come with replication of the old barn and resurrection of theatrical productions. MVSC also learned the Simes House was once administrative and box office to the theatre, hosting a number of celebrities during its common tenure.

The committee continues to work with White Horse Beach residents and the town in defining area ownerships and rights, as well as seeking acquisition of parking and community facilities to service the public beach. Linda Evans was appointed liaison to the Tidal Beaches Committee.

The committee continues working with Town Planner Valerie Massard and consultants Beals & Thomas on revisions to the Manomet Village Master Plan. MVSC is grateful for Ms. Massard's efforts, and especially thankful for the pro-bono efforts of BTI personnel, David Johnson and Regan Ballantyne. A Manomet logo contest is underway. We expect to present Manomet Village Master Plan revisions to the 2012 Fall Annual Town Meeting for approval.

Traffic signalization of State Road, Manomet Point Road and Strand Avenue is commencing. Surface work is expected to start in May, 2012. The committee is supporting efforts of the Simes House Foundation to relocate the village Christmas tree now at the intersection, fondly known as "Charlie Brown", to *Manomet Commons* at the Simes House.

The committee continues to hope additional land can be acquired to connect sections of our 1,000 acre open conservation land, known generally as the Briggs Estate and easements obtained to complete a trail system through land of Tidmarsh Farms and on to the sea.

As always, together, MVSC seeks to improve the village identity and quality of life, and toward that end, great things are happening fast in Manomet.

The Manomet Village Steering Committee remains at your service.

Respectfully submitted,

Randy Parker, chair

NORTH PLYMOUTH STEERING COMMITTEE

The North Plymouth Steering Committee, working with the Planning Board and the Board of Selectmen, assists in the implementation of the North Plymouth Master Plan of 1992 and advocates for the needs of the area. Seven members are appointed for staggered three-year terms; meetings are held on the second Wednesdays of the month.

The principal activity this year was the completion of the update of the North Plymouth Master Plan, which was accepted by the Planning Board, Advisory and Finance Committee, and eventually Town Meeting. The task involved the review of the original Plan, noting that most of its goals had been met, and the development of new goals. Conferences were held with town officials and groups, maps were developed, data generated, and the final report itself produced, all under the direction of Valerie Massard, Senior Town Planner. One of the suggestions was that the concept of Villages and Steering Committees, in practice for twenty or more years, might be reviewed in its entirety.

Proposals for modifications or additions to the Village area by individuals or corporations continue to be reviewed and discussed. Recommendations are then submitted to the appropriate boards and, when indicated, followed by in-person participation at the hearings. The delayed demolition of buildings at Cordage Park has begun with the razing of the dilapidated buildings east of the tracks to be followed by that of the large Mill #2. The Committee has met with the property manager of the newly-reorganized Trustees of Reservations regarding

the condition and utilization of Holmes Reservation, and first steps have been agreed upon.

Several long-awaited town projects were completed, including the years-long rebuilding of Standish Avenue and Atlantic Street. Still on the waiting list are several other projects approved but not yet scheduled. In addition, the Committee is planning new projects for presentation, discussion, and acceptance by the town through the Planning Board.

Interaction with the Neighborhood Watch and Precinct 1 caucus members is ongoing, along with other neighborhood groups that are formed around specific issues.

PLYMOUTH CENTER STEERING COMMITTEE

The Plymouth Center Steering Committee (PCSC) is an advisory body to the Planning Board. Its primary functions are to assist in the implementation of the Plymouth Center Master Plan and to advocate for the needs of the area. In addition the Committee seeks to offer guidance to the private sector in implementing recommendations of the Master Plan in consultation with the Office of Planning and Development and the Planning Board.

Reports of the Committee's hearings and recommendations are regularly sent to the Planning Board and if applicable to the Zoning Board of Appeals and the Historic District Commission, as well as precinct chairmen serving within the Plymouth Center district (precincts 2,3,4).

Reflecting the continued downturn in the housing and construction markets, the Committee's workload in terms of hearing cases referred by the Planning Board has continued to be low; however there were several new initiatives that the Committee was pleased to review and support, including the introduction of pedicabs to the downtown/waterfront district though Plymouth Pedicab, and the establishment of a "Plymouth 400th Anniversary Celebration Fund", which the Committee anticipates will be a critical component in planning for 2020 and in safeguarding Plymouth's cultural and

environmental resources for future generations. In addition, the PCSC has been following the work of Park Plymouth and their Parking Plan Study for the downtown.

The Committee was also pleased to meet Jonathan Beder, the new Director of Public Works and learn about his plans and priorities for the area. In meeting with him, the Committee expressed their strong recommendation for an integrated signage and way-finding program for the downtown business district and for a Master Plan to better program and safeguard Burial Hill. The PCSC was pleased to learn that under his direction the DPW has plans to conduct a renovation and conservation plan for Burial Hill, in addition to developing a plan for interpretive signage at the site.

The Committee also did a thorough review of the Historic Structures Report completed for the 1820 Courthouse and made the recommendation to the Redevelopment Authority that the Town should follow the recommendations of the Report and find the funds to pursue the Phase II Corridor Planning study. The Phase II study would include the creation of development guidelines for the site together with an RFP for the underutilized Corridor properties. The Committee hopes that the 1820 Courthouse will be preserved and redeveloped together with the Corridor to be a centerpiece for the 2020 Quadra-centennial celebration and an anchor mixed use site for the downtown.

PLYMOUTH REDEVELOPMENT AUTHORITY

MISSION STATEMENT

Since its establishment in 1959, the Plymouth Redevelopment Authority has continuously worked with the citizens and governing body of the Town for the betterment of home and community. In retrospect, the Authority feels that it has and continues to succeed in this task. It is therefore the intent of the Plymouth Redevelopment Authority to continue to be a people-oriented agency and to continue to seek out the best possible loan and grant programs that will enable families and individuals in the Town of Plymouth to acquire, and/or through housing

rehabilitation programs, to live in decent, safe, and sanitary housing.

ANNUAL REPORT

Programs: During the year 2011, the Plymouth Redevelopment Authority (PRA) continued to follow its Mission Statement of helping to provide decent, safe and sanitary housing for the citizens of Plymouth by expanding loan and grant programs. The PRA continues to administer loan/grant programs for MassHousing, the Commonwealth Department of Housing and Community Development, the Massachusetts Housing Partnership, the U. S. Department of Housing and Urban Development, and the United States Department of Agriculture Rural Housing Service. These programs include funds for citizens to purchase and rehabilitate housing within the town with interest deferred and often forgiven after a residency period. Households must meet income and asset eligibility requirements.

Counseling Programs: In December of 1999, the PRA received certification from HUD as a Comprehensive Counseling Agency. The Authority focuses its counseling services on pre-purchase, delinquency and foreclosure avoidance, and reverse equity mortgage counseling. In 2010, PRA counseled over 500 households, with a predominance of clients seeking foreclosure avoidance counseling. First time homebuyer education seminars benefit families and individuals by making them eligible for low interest mortgages through MHFA, the HOME program, the Soft Second Loan Program, the USDA Rural Housing Loan Partnership, and various other institutional loan programs. The Redevelopment Authority received its eleventh HUD counseling grant this year.

Courthouse Corridor: In October 2009, the PRA accepted a ninety-nine year ground lease of what is known as the 1820 Plymouth Courthouse and County Commissioners Building. The PRA mission is to revitalize these properties together with underutilized adjacent land to develop a vibrant mixed use development within the center of the Town to serve as the economic engine of downtown. This year the PRA worked with CBT Architects to produce a Historic Structures Report and presented its findings to various town boards and the

public. In addition to identifying historic elements and suggesting proper treatments, the report produced full building plans and an analysis of the operating systems. As expected, most all of the systems are in disrepair or outdated and will need full replacement. The report also looked at several different development options limited to just the .91 acre Courthouse site; the required work and estimated costs. The PRA presented these options to the public and has asked for community feedback. The PRA continues to complete the ongoing stabilization.

General PRA Administration: During 2011, the Authority staff responded to approximately 3500 inquires regarding programs and projects administered by this office. The PRA maintains a website at plymouthredevelopment.org. The Site has online registration for the first time homebuyer workshops.

The Authority held its Annual Meeting and election of officers in December. The results of the election were as follows:

CHAIRMAN:	Robert Wollner
VICE CHAIRMAN:	Steven Grattan
SECRETARY:	Paul Curtis
TREASURER:	Chester Bagni
MEMBER AT LARGE:	Dean Rizzo

VISTOR SERVICES BOARD

The Visitor Services Board (VSB) serves as an advisory board to the Town Manager and Board of Selectmen. The seven member board is charged with the management of the Town Promotion (tourism) Fund, which is funded wholly by a percentage of Plymouth's Room Occupancy Tax. The Visitor Services Board awards funds and grants for promotional and marketing materials, information delivery, events, activities, and Public Improvements in an effort to maximize the quality of Plymouth's tourism industry for the benefit of residents and visitors alike.

The Visitor Services Board works with the Department of Planning and Development with administrative support from the Office of Economic Development.

In 2011 the Visitor Services Board continued to work cooperatively with town departments, the local business community, historic organizations, and event organizers to sustain, improve and promote Plymouth as a tourist destination. The Visitor Services Board works closely with the Board of Selectmen, the Chamber of Commerce, Destination Plymouth, and the Plymouth County Convention and Visitors Board.

The Visitor Services Board, through the Town Promotions Fund Grant Program, helped to finance a number of Special Events in 2011. These included the Musicians' Union Concert Series, National Trails Day, July 4th parade and fireworks, Project Arts Concert Series, Blessing of the Fleet, Sail Plymouth, Plymouth Harbor Folk Festival, The Plymouth Arts Guild 44th Juried Art Show and Stroll, Pilgrim Progress, Downtown Waterfront Festival, The Thirsty Pilgrim, Barktoberfest, Plymouth Cyclo Cross, Thanksgiving Parade, First People Pavilion, Christmas in Historic Plymouth, and the Myles Standish Road Race.

The Board also contributed funding for Score for a Cure as a First Time Event. Additional funding was provided to America's Hometown Trolley, holiday decorations and downtown hanging planters, as well as several promotional initiatives.

The Board continues its relationship with Destination Plymouth and is the second year of a three year Town Promotion contract. The contract is for promoting the Town of Plymouth as a tourist destination through advertising; including a website and distribution of promotional materials. The town's contribution, through the Visitor Services Board, represents just 20% of Destination Plymouth's total annual budget. (Destination Plymouth provides the remainder of its annual budget through memberships and other funding sources.) Destination Plymouth also maintains the Visitor Information Center on the waterfront, where tourists can obtain brochures and maps as well as purchase tickets for Plymouth's museums, water and land tours, and other attractions. Tourists can also determine what lodging is

available, at what rate, and use the dedicated phone to make reservations. Destination Plymouth tracks the number of inquiries as well as the number of "hits" to the website, providing valuable statistical and comparative information.

The Visitor Services Board continues to augment Plymouth's public improvements working with the Director of Public Works and the Director of Parks and Forestry in the furtherance of VSB goals. During 2011 the VSB supported repairs to the Showmobile Stage, provided staff for the cleaning of the 1749 Court House restrooms, provided funding for maintenance and improvements to the information center, and provided funding for informational calendars for the kiosks located throughout the waterfront/downtown areas. Money was set aside for improvements to Burial Hill and Nelson Park. The Board also set aside funds for the Distinguished Visitors Program and the 2020 Committee.

At the request of the Board of Selectmen, the Board also appointed a member to the newly formed Distinguished Visitor Committee.

WEST PLYMOUTH STEERING COMMITTEE

Serve as an advisory committee to the Planning Board. The West Plymouth Steering Committee (WPSC) serves as a conduit for the citizens of West Plymouth to voice their opinion on matters involving West Plymouth.

Members of the West Plymouth Steering Committee: Allen Cotti (Chairman), Janet Young Vice Chairman), Brenda Bradley (Secretary), Kenneth Howe, Mary Ellen Burns, Judith Barber, and Russell Appleyard.

- WPSC welcomed two new members in December: Judith Barber of Sterling Blvd. and Russell Appleyard of Megansett Dr.
- WPSC thanks departing members: Past Chairman Robert Morgan, and Wayne Dickson for their valued service.
- Continued discussion with DPW regarding traffic concerns at the following intersections: Carver Road at Route 80, Federal

Furnace Road at South Meadow Road, Carver Road at Summer Street, and Pilgrim Hill Road at Samoset Street.

- Rezoning to allow auto dealerships at Colony Place was brought to Town Meeting again in 2011, which also lead to revising and updating aquifer protection in the Colony Place area.
- WPSC discussed with owners and neighbors a possible change in development plans for land located at Summer Street and Pilgrim Hill Road (across from Morton Park Road).
- WPSC provided suggestions for the proposed increase in development of the Registry of Motor Vehicles property at 40-42 Industrial Park Road.
- Suggestions were made by the Committee and neighbors regarding the development of the property located at the intersection of Plympton Road (Rte. 80) and Resnik Road.
- Gravel removal and cranberry bog construction on Black Cat Road continues to occur. The noise and dust from construction are always an issue.
- The installation of sidewalks is still a priority on collector streets, such as South Meadow Road, Federal Furnace Road, Carver Road, Plympton Road, and Seven Hills Road. WPSC has met with the DPW regarding the sidewalk issue.
- WPSC reviewed adding an additional use (Doggy Daycare) to the Farm and Garden business at 252 Summer Street.
- Met with Jonathan Beder, the new DPW Director, to discuss the use of Chapter 90 funds for: crack sealing of roads, removal of Jersey Barriers on Federal Furnace Road near the American Legion property, widening of Commerce Way with the installation of sidewalks, and funding of sidewalks on Plympton Road (Rte. 80).
- WPSC had ongoing discussions with DPW, Parks Dept. and neighbors about the condition of Morton Park and methods to improve the park and increase its value as a recreation area and lessen any negative impact on residents in and near the park.
- WPSC dedicated portions of many meetings to discuss West Plymouth priority issues and how they could be integrated into the updating of the "West Plymouth Master Plan". The committee also participated in a joint meeting with the Planning Board regarding the updating of the Master Plan.

- Wind turbines in the Colony Place section of Wets Plymouth was a subject of numerous meetings with considerable comments from the WPSC.
-

The West Plymouth Steering Committee would like to thank the people at the Town Hall who assist this committee in serving our community. That includes, but is not limited to, Eileen Hawthorne, Lee Hartman of the Planning Board, the Board of Selectmen, Department of Public Works, and the Town Meeting Representatives.

ZONING BOARD OF APPEALS

The Plymouth Zoning Board of Appeals (ZBA) consists of seven Plymouth residents who volunteer their time and expertise and meet at least twice a month. During 2011, the Board actually met twenty-three times. Five people are appointed as regular members and two additional members are appointed as alternate members. The regular members are appointed by the Board of Selectmen for three-year overlapping terms; alternate members are appointed on an annual basis. The ZBA considers petitions filed under the Plymouth Zoning By-Laws and the Massachusetts General Laws Chapter 40A and 40B of the Zoning Act as well as appeals of determinations made by the Director of Inspectional Services. The By-Law and Massachusetts General Laws along with the facts presented by the petitioner are considered in rendering the decisions.

Various boards, committees and departments review the proposals and make recommendations regarding the projects to the Zoning Board of Appeals. The recommendations of the boards and committees are not binding, however, they provide the members with an in depth look at the project and allow for a more precise review of the proposal. Although, the Board of Appeals is the permit granting authority, the recommendations provided by the various boards, committees and departments are considered in making the decision on granting or denying a project.

In 2011 the Board received thirty-nine filings requesting Variances and/or Special Permits for both major and minor projects.

Some of the notable filings in 2011 were:

Industrial Tower and Wireless, LLC requested a Special Permit for a communication tower that would have exceeded the height requirements at 109R Center Hill Road. This hearing generated public and neighborhood outcry and neighbors formed an internet site called "Stop Center Hill Tower".

Stephen J. Almeida requested a Special Permit for a Wind Energy Conversion System (WECS) to erect a seventy-nine foot wind generator at 20 Columbus Road. After much neighborhood and family opposition the petition was withdrawn for further evaluation.

The American Legion Post #40 at 199 Federal Furnace Road requested a Special Permit to renovate their non-profit club and lodge, which was flooded during a storm in the Spring of 2010. The Board approved the petition with many conditions attached to satisfy neighbors' concerns.

FIRE DEPARTMENT

The mission of the Plymouth Fire Department is to protect the general public's life and property in the most efficient manner; by reducing the effects of fire emergencies, medical emergencies, hazardous material incidents, special rescue emergencies and natural disasters. The Department will continue to train and provide a proactive, highly trained professional emergency service for the Town of Plymouth, to conduct fire prevention, code enforcement, fire investigations, fire suppression, and emergency medical treatment, mitigation of hazardous material incidents, special rescue responses, and public safety education.

Retirees

Firefighter Sanford Lopes
Appointed February 10, 1981 retired July 31, 2010, with 30 years of dedicated service.

Resignations

Lieutenant Steve Adams
Appointed October 16, 2000, promoted to Lieutenant January 20, 2005,
Resigned November 8, 2011.

Firefighter Shaune Sampson
Appointed December 27, 2010, resigned May 20, 2011.

New Equipment

Fiscal Year 2012 Capital Project
On July 1, 2011 the department ordered a custom built E-One Cyclone 2 pumping engine from Greenwood Emergency Vehicles. The engine was built at Emergency-One's manufacturing plant located in Ocala, Florida. The engine was delivered to Greenewood on November 14, 2011. Training was completed and the new engine was put into service on November 23, 2011 and is now assigned to our Headquarters Station. The engine is equipped with a 1500gpm fire pump and holds

750 gallons of water, 30 gallons of class B foam concentrate, and is equipped with a hydraulic generator and lighting tower, complete set of Holmatro rescue equipment (Jaws of Life), and contains a number of newly required National Fire Protection Association (NFPA) safety features. This new engine replaces a 2001 Pierce Dash Pumper.

A surplus truck chassis that the Department obtained from the Department of Conservation and Recreation is now completed and is know as tanker 3. This tanker truck is assigned to our Cedarville Station 6, and will respond to structure fires in out of water areas (areas without hydrants) and brush fires.

In 2009 the Department received a Port Security Grant for the sum of $525,000.00 from the Department of Homeland Security for a combination firefighting hazardous materials vessel. Due to budget constraints the Town was unable to fund the required 20% match. The Department applied through Federal Emergency Management Agency for a waiver of the Towns matching funds of $175,000.00, and the waiver was granted.

The 33' CBRNE / firefighting vessel is now under construction by Safe Boat International, which is located in Port Orchard Washington. Construction is approximately 70% complete, and will be available for emergency responses in the spring of 2012.

3 Fire Personnel Received Promotions In 2011.

Name	Title	Date
Doug Hawthorne	Lieutenant	October 9, 2011

This past year the Plymouth Fire Department responded to an all time high number of emergencies. The total number of emergencies incidents handled was 11,921 calls, including 6,239 fire department emergency responses and 5,682 responses for contract ambulance services. The 6,239 fire emergencies resulted in 8,120 fire apparatus responses for the year.

2011 Emergency Response Statistics

Type of Response	Number of Responses
Medical assist, assist EMS crews	3403
Smoke detector activation, no fire	603
Motor vehicle accident	379
Smoke detector activation due to malfunction	167
Alarm system malfunction	392
Unauthorized burning	118
Citizen complaint	9
Building fires	47
Brush or grass fires	47
Dumpster or outside trash fire	16
Lightning strike, no fire	9
Chimney or flu fire confined to chimney	15
Extricate of victims from vehicle or water/air craft	13
Chemical hazard spill, leak or condition	8
Swimming/recreation water/surf rescue, water craft	6
Explosive, bomb removal/bomb scares	1
Attempt to burn	1
Building or structure weak or collapsed	3
Prescribed burn	6
Carbon monoxide incident	185
Assist police or other governmental agency	30
Oil or other combustible liquid spill	19

Type of Response	Number of Responses
Arching, shorted electrical equipment	160
Power line down	78
Vehicle watercraft off road equipment fires	35
Smoke scare, odor/smoke removal	66
Gasoline or other flammable liquid spill	21
Gas leak natural or LPG	40
Municipal alarm system, malicious false alarm	38
Telephone, malicious false alarm	8
Haz Mat incident	86
Service call/water problem, good intent calls	87
No incident found, cancelled en-route	125
Cooking fire contained to container	18

Several of the more significant Fires During 2011

50 South Street 3 story 2 family residence
3 Cracstone Road 2 story single family residence
9 Bradford Street fire on third floor of a 3 family building, illegal fireworks were confiscated.
Plymouth Plantation Museum, home within the Village was damaged.
Mayflower II exhibit, lightning strike and fire aboard the Mayflower Ship.

Fire Prevention and Code Enforcement Division

The Fire Prevention & Code Compliance Division is staffed by a Battalion Chief and one Lieutenant.

Mission Statement

It is the responsibility of the Division to promote public safety by limiting the occurrence of fire, identifying conditions that may lead to ignition, and abating hazards that jeopardize life safety. Our goal is to provide a fire safe home, work, and school environment. This is primarily accomplished through public fire safety education, enforcement of the Commonwealth's fire codes and regulations, Town by-laws, and through inspections, plan review, and permitting.

Training and Continuing Education

Fire Inspectors attended monthly continuing education seminars sponsored by the Fire Prevention Association of Massachusetts. Current issues relating to fire codes and fire safety are shared among the Fire Inspectors along with updates from the State Fire Marshal Office.

Inspections

- Chapter 304 Liquor License Fire & Life Safety Inspections at over ninety-eight establishments
- Statutory inspections at schools, nursing facilities, hospitals, clinics, and institutions
- Smoke & CO Alarm inspections for residential sales and new construction.
- Commercial building and equipment inspections.

Construction Plan Review and Permits

The fire department reviews construction plans to assure adequate fire protection, smoke and carbon monoxide detection and inspection of alarms prior to occupancy. This has resulted in an increased the workload for the division.

There were many businesses that utilized existing, rehabilitated spaces to meet their specific needs. Inspections were done to ensure compliance with use of those facilities.

A large amount of review and inspection time for the Fire Prevention Office has been dedicated to the new Plymouth North High School and Plymouth Council on Aging projects. These significant projects, which have been ongoing throughout 2011, will see project completion dates in 2012.

New commercial projects included the new Honda dealership, new commercial construction and renovations in the Plymouth Industrial Park, new construction at Colony Place, a new golf club building at Crosswinds, Benny's Plaza renovations, Shops at Five renovations, several renovations on Main Street including 2 new restaurants, Water Street and Town Wharf renovations for restaurants, a complete renovation of one gas station and plans for a new gas station in the Pinehills. With wind energy becoming popular there are three projects in the planning stages for windmills.

Aside from the multitude of one and two family residential new construction and renovations, multifamily construction has begun at the Village at South Street and two more multi-unit Harbor Shores condominiums.

Code Compliance

Complaints received from concerned citizens and observations made by department personnel during routine inspections and emergency responses initiate investigations by fire inspectors to determine if a fire hazard or code violation exists and to bring about compliance through education as a first resort. In the event that an owner or tenant refuses to comply or bring conditions into compliance with fire or life safety codes, a fine will be assessed using non-criminal citations. Further non-compliance will result in complaints filed via the court system.

During 2011, the fire prevention division responded to numerous calls for issues such as: violation of open burning regulations, failure to install or maintain fire protection systems, fuel spills both on land and in the harbor, underground tank and fuel pipe issues, blocked fire exits, and improper storage of flammables and combustibles.

Fire Investigation

Investigating the origin and cause of a fire is vital in order to determine whether the fire is accidental or intentional, the result of a malicious or criminal human act or design flaw or equipment malfunction, carelessness or poor practice. By finding the circumstances responsible for ignition of the fire, we can attempt to reduce future occurrences of fire loss by changing behavior through education, altering product design or operation or promulgating new ordinances to bring about code compliance.

Incidents of the past year credit smoke and carbon monoxide detectors saving family members due to fires or heating equipment failures. As always, the department stresses the importance of possessing and maintaining these devices in homes. The trend for voluntary installation of residential fire sprinkler systems is a logical choice during new construction as it adds a fraction of the square foot cost to the project. Residential fire sprinklers enhance life safety by reacting quickly to the heat of a fire, while it is still in the beginning stage and relatively small. Fire sprinklers give occupants a chance to exit to

safety and are a proven life saver. An added benefit is that they control the fire and reduce property damage.

Public Fire and Life Safety Education

Educating the public, especially students in grades K-12, about key fire and life safety behaviors to reduce fires and the likelihood of injury or death is the main goal of the S.A.F.E. (Student Awareness of Fire Education) Program. Funding for this program revolves around an annual grant application submitted to the Massachusetts Department of Fire Services. This year the Fire Prevention office received a grant of $7800.00 in support of our S.A.F.E. program. Our S.A.F.E. program provides a full range of presentations reaching out not only to schools, but also to senior citizens through meetings set up with the Council on Aging. The S.A.F.E. grant supports the fire safety trailer, fire station open house events, educating the public at health fairs, festivals and community events.

Specially trained firefighters present lessons on topics such as Learn Not to Burn, Preparing and Practicing Home Fire Escape Drills, Electrical Safety, Ice and Cold Water Emergencies, Smoke and Carbon Monoxide Alarms, and Home Safety Inspections.
Fire Safety and Fall Prevention educational programs are also offered to seniors. Boys and girls organizations, school children on field trips and other community organizations visit fire stations for tours throughout the year.

Fire Alarm Report
Zachary J. Lynch Superintendent of Fire Alarm

The Municipal Fire Alarm System continues to grow with new commercial developments. New alarms are tied into the system at no cost to the taxpayer and utilize existing circuits.

New Boxes 2011

Box 1216 47 Obery Street
Box 1567 Auto Fair Honda, 9 Long Pond Road
Box 2847 Granite City Electric, 3 Industrial Park Road

Incidents Reported through the Municipal System 2011

2/28/2011 Box 4161 Ocean Point Condos 25-29 Highland Ave., Oven Fire
3/3/2011 Box 1548 Wastewater Plant 131 Camelot Drive, Smoke condition due to a broken HVAC belt
3/16/2011 Box 1379 Comcast 35 Resnick Road, inside pull for a gas leak
3/27/2011 Box 7191 Christ Church Episcopal, 149 Court Street, Oven Fire
7/14/2011 Box 4122 Jordan Hospital, Coles Lane, Smoke condition due to overheated elevator motor
7/20/2011 Box 39 Court Street at Howland Street, Pulled for illegal burning at 46 Court Street
8/28/2011 Box 4121 Jordan Hospital, 275 Sandwich Street, Overheated motor with a small fire
10/2/2011 Box 1352 Microway, 12 Richards Road, Scorched plywood
12/25/2011 Box 1212 Golden Living Center, 19 Obery Street, Overheated fan motor.

Projects for 2011

- Replacement of the light timer at Station 7. This unit was designed, built and installed by the Fire Alarm division
- Continue to upgrade aerial terminal boxes system wide
- Install radio equipment in the new EOC
- A new Fire Alarm system was installed at Station 1

In late November, new alarm receivers were installed in dispatch. This gives the Fire Department the ability to receive both the wire alarm boxes and radio boxes. The radio boxes give more information as to the type of alarm in a building as well as multiple activations. The interior fire alarm system at Station 1 was replaced this year. The original 1970's system was not repairable and detectors that are compatible with the older systems are very hard to find and expensive to replace.

Upgrading of the outside fire alarm cables continues as well as preventative maintenance. New cable was run on parts of South Meadow Road. The remainder of the cable will be replaced in the spring. Several grounds were located and corrected on Long Pond Road. Grounds on the fire alarm circuits can interfere with box transmissions if they are not quickly located and corrected.

New radios and a siren system were installed in the new tanker truck. The Fire Alarm division also installed the radios in the new Engine 1. All but 5 of the apparatus have new VHF radios. New FCC regulations that take effect in January 2013 required replacement of all VHF mobile radios in the fleet. This has been done gradually over the last five years, and all installations done in-house to reduce costs.

Submitted by
Zach Lynch

Training and Safety Division

The Training and Safety Division is under the direction of Battalion Chief Anthony Thompson.

Mission Statement

The training division is responsible for the development, implementation, design, delivery and documentation of educational programs involving all members of the department. Training programs are intended to improve the firefighter's capabilities while performing emergency duties such as, emergency medical services, rescue and hazardous material response, as well as meeting the requirements and objectives of Federal and State agencies.

This responsibility includes needs assessment, curriculum development, and scheduling and records management. Courses on supervisory development, new products, and apparatus and other specialized training are conducted on an as needed basis.

Minimum training standards are established by Local, State and Federal agencies. Training takes on a variety of forms, from self-study to mandatory department training. All training done by the Firefighters must be documented as required by law. This documentation provides the legal verification for training completed.

The Training division is responsible for the managing the wide range of training related documents, reports and records necessary for maintaining required certification for the department's emergency response personnel. The Training Division ensures the department's training meets, OSHA, NFPA and ISO requirements as well as all state and federal regulations. This responsibility requires the Training Officer to work with state agencies including The Office of Emergency Medical Services and the Division of Fire Services.

The Training Officer coordinates and schedules the department's In-house Drill Program. The purpose of this drill package is to review basic suppression and EMS materials that aid personnel with maintaining knowledge of specific topics. This training is delivered to personnel by the company officers.

In addition to this in-service training the Training Officer also serves as the department's drill instructor for all newly hired firefighters. This recruit-training program introduces all probationary firefighters to the basic skills necessary to survive and function in the hostile environment of a structure or forest fire. This program prepares the individual to meet the standards set by the NFPA for certification for Firefighter 1 and 2.

New equipment purchased by the department requires testing, evaluation and coordination with other divisions within the department. The training of members on new equipment and implementation of procedures for new equipment are coordinated by the Training Officer.

The training Officer is also the department's Safety Officer. The Safety Officer's duties include responding to fires and hazardous incidents to oversee scene safety. The Training officer also serves as the department's state mandated Infection Control Officer and is the department's liaison to the Jordan Hospital. The Infection Control Officer is responsible to enforce policies and procedure to ensure department member's health safety and tracking and documenting any exposures and injuries that occurred while on duty as required by state and federal regulations.

Anthony Thompson
Battalion Chief

In Memoriam

Retired Firefighter Robert Ferrari
Bob was well respected by all those who served with him, both as a firefighter and friend. He served the Town of Plymouth for 30 years, from 1977 to 2007, with dedication and devoted service to his community.

Retired Fire Captain William Loring
Bill served with the Plymouth Fire Department as a Firefighter, Lieutenant and Captain for 30 years, from 1952 to 1982. His experience, leadership and knowledge was well respected by his fellow firefighters and the community he served.

OFFICE OF EMERGENCY MANAGEMENT

Mission Statement

The Office of Emergency Management (OEM) is the division of the Plymouth Fire Department that coordinates local response to disasters. OEM is responsible for alerting and notifying emergency service agencies and the general public when disasters strike; coordinating local agency response; ensuring resources are available or mobilized in times of need; and developing plans and procedures for response to and recovery from emergency incidents. The Office of Emergency Management is located at the Plymouth Emergency Operations Center (EOC). The EOC is a central facility which provides coordination for local departments and agencies during an emergency response.

Narrative Statement

Through partnerships enhanced with the direct assistance of the Commonwealth of Massachusetts Senate President and inter-local agreements with Entergy Nuclear, the Town of Plymouth completed construction of its first permanent Emergency Operations Center(EOC). The Plymouth EOC, which is now located at 2209 State Road, became fully operational in July 2011 after a very intensive planning and construction phase which was led by the Building Committee, the Plymouth Fire Department and Office of Emergency Management. The EOC is equipped with the latest in regional communications, information and audio/visual systems, and records data management. When activated, as it was in August 2011 for Tropical Storm Irene, the EOC becomes the command and coordination point for all local emergency management activities. Furthermore, the EOC also serves as the local coordination point for federal disaster relief, recovery, and mitigation programs.

The Office of Emergency Management (OEM) continues to act as the local liaison to the Massachusetts Emergency Management Agency, Federal Emergency Management Agency, and Nuclear Regulatory Commission in preparing for any incident response and recovery from an emergency at the Pilgrim Nuclear Power Station. OEM ensures planning is consistent with state and federal emergency plan guidelines and reporting relative to the Town of Plymouth's Emergency Operations Plan and Radiological Emergency Response Plan. In 2011, the Office of Emergency Management conducted

several local meetings and plan reviews with the Commonwealth to increase awareness of planning and preparedness issues under review following the disaster at the Fukushima Dai-ichi Nuclear Power Plant. In 2012, OEM will continue to conduct emergency preparedness exercises, planning reviews, and grant requests and provide training opportunities to local departments and agencies responsible for disaster mitigation, preparedness, response, and recovery from emergencies and disasters.

PART III: DHS Grant Application & Award Statistics

FEMA- PW-0024 Hurricane Earl	$3,368.70
FEMA Hazard Mitigation Grant Award	$293,900* (In process)
FEMA Citizen Corps Grant Award	$6,500
FEMA EMPG Grant Award	$17,000

New Emergency Operations Center

POLICE DEPARTMENT

The Mission of the Plymouth Police Department is to provide for the safety of the public, the protection of life and property, to serve with integrity, to provide a well trained professional department to the public, to treat all members of the public and all employees with respect, and to strive to ensure that the Plymouth Police Department is the finest law enforcement agency in the Commonwealth.

Message from Chief Michael E. Botieri

This past year has seen the Plymouth Police Department strengthen and support several existing initiatives to include

- accepting the donation of a second canine ("Kaiser")
- training several officers in maritime law enforcement operations to conduct joint patrols with the Massachusetts Environmental Police
- purchasing a 10th Mountain Bike
- conducting "Municipal Police Training Committee" certified Equestrian Training for our Mounted Officers as well as for several Plymouth County Sheriff's deputies
- addition of non-lethal tools to include "Tasers," and shotguns designed to discharge bean bag style projectiles
- School Resource Officers continue to offer their services in our Middle and High Schools to include coordinating safety lock down drills and also participate in a summer Police Academy for students interested in a possible law enforcement career.

.

In 2011 the department assigned several officers to the regional "METRO-Law Enforcement Council," a collective of local police departments that pool their resources, which will benefit the Plymouth Police Department by providing access to trained SWAT officers, crowd control personnel, advanced investigatory abilities, and additional k-9's, to just name a few.

Grant Activity

The Plymouth Police Department has been committed to finding new revenue sources through awarded grants to support the agency's efforts without causing additional financicial burden for the public. This past year the Plymouth Police Department was awarded the following grants: FY2011 License Plate Reader Grant ($18,945.00), 911 Support Incentive Grant ($117,623.00), 911 Training Grant ($33,794.00), 2011 JAG (Justice Assistance) Grant ($10,970.00), 2012 Traffic Enforcement Grant ($4,950.00) and the 2011 Statewide Bicycle Helmet Grant Program (40 bike helmets). The department applied for but did not receive the 2011 COPS Hiring Program ($1,098,815.00 to hire 5 officers) and the 2010 Underage Alcohol Enforcement Grant ($10,000.00). The Department also has a pending grant application for the FY2012 Underage Alcohol Enforcement Grant ($10,000.00).

Homeland Security

The Plymouth Police Department continues to work together and share information with other local police departments, Massachusetts Environmental Police, Massachusetts State Police, United States Attorney's Office, FBI, U.S. Coast Guard, and the Pilgrim Nuclear Power Station to keep the Town of Plymouth safe.

Community Policing

The Plymouth Police Department has strengthened its commitment to community policing, a concept that emphasizes the partnership between the police and the community. The needs of the community, as defined by its residents, drives the priorities of the Department enforcement efforts. Specific examples of our community policing practices currently in place are:

- Walking beats and bicycle patrols in the downtown and waterfront areas
- "Park and walk" patrols in specific neighborhoods
- The Cops in Shops program
- Neighborhood Watch programs
- Traffic education and enforcement
- Officers assigned to specialty units (Motorcycle, K9, Horse, etc) participated at several events at the Plymouth Boys and Girls Club

Citizen Surveys

In 2011, the Department continued its Citizen Survey Program in order to solicit feedback from the community regarding the delivery of police services. A random sampling of persons reporting incidents, witnesses and victims were contacted by the Department and asked to rate their interaction with different facets of the Department. The Police Department is pleased to report that our efforts continue to be well received and the results of those surveys are overwhelmingly positive.

Firearms Licensing

In 2011 the Plymouth Police Department processed 800 firearms license applications (significantly up from 2010's 556) generating a fee total of $51,237.50, of which $17,337.50 came back to the town.

Neighborhood Watch

Neighborhood Watch programs continued in several residential developments. The most active programs continue to be the Downtown Historic Neighborhood Watch, and the Plymouth Housing Authority Neighborhood Watch. Another neighborhood Watch program is currently being developed with the residents of West Plymouth. These programs promote the cooperative partnership among the police, citizens and community officials.

Traffic Education and Enforcement

The Department continues to strive to maintain safety on the roads of the Town of Plymouth, employing three traffic radar trailers as educational tools. In conjunction with education, the Department has placed an added emphasis on traffic enforcement. By increasing efforts in both areas the Town attemps to keep its roads safe despite rapidly increasing growth and traffic.

For the calendar year of 2011 the Plymouth Police Department issued a total of 8,637 traffic citations generating a fine amount of $264,640.00 (from 2010 this was an increase of 333 citations). There were 1,153 reported motor vehicle accidents in Plymouth this past year with 122 of them involving injuries and seven involving fatalities. The Department is also currently participating in a state sponsored traffic enforcement initiative that will finance periods of additional activity that specifically targets impaired operation ("Drive Sober or Get Pulled Over") and seat belt usage ("Click it or Ticket").

Citizens Police Academy

The 12th Citizens Police Academy was conducted this year after having been postponed due to recent budget cuts. Students of this program, who ranged in age from students in their mid teens to those in their late 60's, were exposed to a wide variety of law enforcement instruction including:

- Traffic investigation and enforcement
- Narcotics and criminal investigation
- Patrol operations including a K-9 display
- Use of force training including using a firearms simulator and a trip to the firing range
- Incident response to terrorist bombing
- Guided tours of the Plymouth Police Station, the Plymouth County Correctional Facility, and the Massachusetts State Police Air Wing located at the Plymouth Municipal Airport
-

Senior Citizen Services

During 2011, the Plymouth Police Department and the Plymouth County Sheriffs Department continued to partner in offering senior residents of our community the opportunity to participate in the *"Are You OK?"* program. *"Are You OK?"* is a computerized telephone calling system that calls seniors at home to check on their well being. In coordination with the Plymouth Council on Aging many seniors now participate in this program.

The Plymouth Police have also strengthened our role in serving seniors of our community by assigning a Police Captain to participate in the "TRIAD Program," a group of public safety and Council On Aging professionals who meet monthly to address the needs of our aging populace.

The Department is also actively participating in programs to help find those members of the community who are prone to wandering by playing active roles in a private LoJack tracking system, and also one sponsored by the Plymouth County Sheriff's Department. Both can be utilized to find a missing family member in the event that he/she should wander away.

201 PPD Personnel Changes

Appointments

Name	Title	Date
Bachir Kouta	Police Officer	8/8/2011
Robert Stephanian	Full Time Dispatcher	9/19/2011
Robin Hale	Part Time Dispatcher	12/12/2011

Retirees

Name	Title	Date
James Burns	Police Officer	5/20/2011
Deborah Axon	Meter Enforcement Officer	11/14/2011

Resignations

Name	Title	Date
Myra Lovato	Full Time Dispatcher	7/31/2011
Robert Costa	Police Officer	9/26/2011
Patrick McNamara	Police Officer	10/17/2011
Arthur Douylliez	School Crossing Guard	11/27/201

Transfer

Franco Hernandez, Building Custodian, to
Cemetery Department 7/18/2011

DEPARTMENT OF PUBLIC WORKS

ADMINISTRATION

Jonathan L. Beder-Director
Dennis E. Westgate-Asst. Director
Linda Callahan-Administrative Assistant

Today, we are all being faced with many fiscal challenges and unique budget constraints at the local level. The Department of Public Works as a whole is conquering these challenges through constant communication, reassessment of plans, and working together from within.

As the largest Town in the Commonwealth, the Mission of the Plymouth DPW is to provide uninterrupted effective and efficient professional services to the residents of Plymouth. Our thirteen Divisions include Water, Sewer, Highway, Recreation, Building Maintenance, Fleet Maintenance, Administration, Solid Waste, Environmental, Cemeteries, Crematory, Parks & Forestry, and Engineering.

This past year, the Department of Public Works initiated and completed many projects throughout the town in which cost savings were realized. These efforts will not only reduce future budget requests, they will also reduce current appropriations, lessening the burden on the taxpayer. The objective is to be an organization capable of providing and sustaining the needs of the Plymouth Community.

In addition to the various typical day to day operations, the Department of Public Works has also initiated several significant projects that will bring additional positive impacts to the community in the near future. These include the following:

Solid Waste- After presenting options to the Board of Selectmen in the fall of 2011, it was voted that the Public Works Department issue a Request for Proposal (RFP) for a town-wide curbside collection program. The objective of the RFP is to allow for a hybrid collection approach derived from weekly trash and bi-weekly single stream recyclable collection. The Departments anticipates that this curbside collection program will include wheeled totes with a Pay as You

Throw component. This program will dramatically increase recycling rates and lower future tipping fees. DPW expects a September 1, 2012 startup.

Commerce Way- The Town has secured a $1,550,000.00 Massachusetts Works Grant through the Executive Office of Housing and Economic Development for the widening of various portions of Commerce Way from Plympton Road (Route 80) to the Route 44 Eastbound Ramps. This project will also include full depth roadway widening, pavement overlay, drainage improvements, curbing and sidewalk installations, traffic signal reconstruction, pavement markings, signage, and traffic management during construction. Expect to see this work begin in April 2012.

Plymouth Long Beach Seawall Repair- On October 14, 2011, the Plymouth DPW began work on restoring the Sea Wall. The work, which was performed in house, involved excavation, forming, and placing a new base material under portions of the sea wall and replacing segments of the wall itself. Stones were then placed creating a revetment on the ocean side of the wall. The project is expected to be completed under budget and ahead of schedule.

Pavement Management Program- In order to properly maintain and improve roadway infrastructure, the Department has implemented a computerized Pavement Management Program. This will reflect current pavement conditions and provide a tool for developing a prioritized Capital Improvement Plan over the next twenty years. The focus, which includes short and long term goals, shall be the preservation and improvement of existing pavements utilizing this prioritized list.

Sewer Master Plan- DPW has selected an engineering consultant to assist the Town with the development of a Comprehensive Wastewater Management Plan. The purpose of this Management Plan is to ensure the health and welfare of the community by implementing management and expansion policies/procedures concerning our sewer collection and treatment system. The objective of this plan is to increase flows to the treatment plant, enhance expansion, encourage economic development, and revise policies and procedures.

Long Pond Pump Station-DPW has completed design and plan to begin construction in the spring of 2012. This proposed 1.0 million gallon per day pump station will be located adjacent to the Plymouth Police Station at 20 Long Pond Road. This station will alleviate current capacity issues in the area and is essential for the new Plymouth North High School and Senior Center.

Massachusetts Infrastructure Grant-The Town of Plymouth has applied for this funding to perform work in the Downtown/Harbor District in the preparation of the 400th Anniversary. DPW seeks upgrades to utilities, improve roadways, provide ADA compliant sidewalks, street lighting and landscaping, provide new restroom facilities, and upgrade existing tourist sites within the entire project known as Plymouth 400.

The Department of Public Works is looking forward to serving the community in 2012.

ENGINEERING DIVISION

Sid Kashi, P.E., Town Engineer

The mission of the Engineering Division is to provide quality engineering services and technical support for the Town of Plymouth, its residents, agents and providers and to establish an atmosphere of courtesy, efficiency and dedication, while maintaining a professional work environment which will foster, encourage and nurture personal excellence, leadership and growth.

The Engineering Division's functions and programs changed as part of the transition of the entire Department of Public Works (DPW) in order to meet the Town's needs and DPW services. This office is managing the Town's infrastructure including engineering, construction contracts, and also the Town's road excavation and utility cuts program.

As an owner/operator of a Municipal Separate Storm Sewer System (MS4) that discharges stormwater into waters of the United States, the

Town will be required to obtain general permit coverage under the National Pollution Discharge Elimination System (NPDES) Stormwater Phase II final rule as jointly administered by the U.S. Environmental Protection Agency (EPA), New England Region, and Massachusetts Department of Environmental Protection (MA DEP). The Engineering Division has been utilizing the Global Positioning System (GPS) unit to inventory and collect data on the drainage system. The information has been used for the Geographic Information System (GIS) mapping part of the NPDES permit requirement. This program was initiated in the fall of 2003 and is an on-going project.

The Engineering Division was awarded with Mass Works Infrastructure Grant for Commerce Way Roadway Improvements Project. The Grant funding was for $1,550,000.

It is the long-range goal of the Engineering Division to expand the scope of services provided and ultimately to maintain a readily retrievable inventory of all municipal resources available in the town. The division strives to provide the best possible service utilizing experience, well-trained personnel, and state-of-the-art equipment within budgetary constraints to the residents of Plymouth.

The following outlines the summary of 2011 activities:

A. **Assessors Maps Revisions**
191 Parcels on **15** Maps and **12** New Streets
In addition the maps were electronically produced tying them into the Plymouth Assessors database bringing the maps into a GIS environment.

B. **Gravel and Private Roads Improvement Program** – Developing a Comprehensive Town-Wide Policy for improving gravel and private roads. The Engineering Division is coordinating this task with the Road Advisory Committee.

C. **Private Roads Acceptance Program** – The Engineering Division has accepted twenty private roads, namely, Admiral Byrd Road, Admiral Halsey Road, Admiral Rickover Road, Anchor Drive, Constitution Drive, Haven Road, Independence Street, Unity Circle, Juniper Street, Spruce Street, Bonney Briar Drive, Kennedy Parkway, Truman Avenue, Hoover Street, Eisenhower Way, Johnson Lane, Fitzgerald Avenue,

Beacon Street, Birchwood Avenue, Armstrong Road as public ways in FY2011. There are twenty (20) private roads being considered for FY2012.

D. **Street Layouts** – This year the Engineering Division provided administrative support for the laying out of the streets listed above and East Russell Mills Road, Layout Establishment, and Cherry Street, Layout Alterations.

E. **Parks and Playgrounds**

Nelson Beach – Provided Traffic Management Plan for entrance to parking lot, and provided project administration, and inspection for various park maintenance and repair projects.

Morton Park – Reviewed consultant's design for stormwater best management practices (BMP) improvements including drainage along Morton Park Road, installing a small "rain garden" and replacing the gravel area to the west with permeable paving.

Camp Dennen – Provided site design and construction layout for the construction of various fields, and other utilities.

F. **Drainage** – The Engineering Division provided existing conditions, survey, design, construction inspection, and project administration for the following projects:

1. **Nickerson Street** – Drainage Project at # 18 was constructed by Town forces installing two (2) precast catch basins with a four foot sump and eliminator HDPE pipe, manhole, and leaching structures.
2. **Carver Road** – Drainage Project at #230-253 was constructed by Town forces installing two (2) precast catch basins with four foot sump and eliminator connecting to a manhole with HDPE pipe.
3. **John Alden Road** – Drainage design beginning at Charlemont Road and running to Priscilla Beach Road to eliminate an existing outfall without benefit of a drainage easement. This work to be done by Town forces will involve the installation of a series of precast Catch Basins with four foot sumps and Eliminators, Gutter Inlets connected to Manholes with four foot sumps and Eliminators connected to an eighteen (18) inch HDPE pipe tying to an existing outfall opposite Cochituate Road.

4. **Plymouth Street** – Drainage Project was constructed by Town forces installing three (3) double grate precast catch basins with four foot sump and eliminator connecting to a manhole with HDPE pipe.
5. **Atlantic Street** – Drainage structures were constructed during street improvements project.
6. **East Russell Mills Road** – Drainage structures were constructed during roadway improvements project.
7. **Summer Street, and Amos Hill** – Drainage issues were addressed during final paving of Summer Street.
8. **Manomet Library Parking Lot** – Drainage design has been completed.
9. **Pond Road** – Stormwater Remediation Grant – The Engineering Division provided project review and coordination for the construction.

G. **Town Wide Construction (various projects)** – The Engineering Division provided project administration and construction inspection on the following projects completed in 2011.

1. Townwide repair and resurfacing including berm installation and driveway apron paving. The following is the list:
 - North Park Avenue
 - Fremont Street
 - Water Street
 - Court Street
 - Highway Facility
 - #232 Sandwich Street
 - #69 Cherry Street
 - Spooner Street
 - Long Pond Road
 - Lincoln Street Bike Rack
 - North Plymouth Bike Rack
 - Holmes Dam stop log frame remedial repair-Engineering Divisionprovided project administration for design and construction
 - Water Street Parking Lot – Drainage Repair, Sidewalk construction with curbing, berm installation, lighting and related improvements.

H. **Various Grant Projects** – the Engineering Division submitted a FEMA grant application for flood hazard mitigation road improvements on Federal Furnace Road. The Engineering Division was instrumental in receiving "MASS Works Infrastructure Grant" for Commerce Way Roadway Improvements Project. The Grant funding was for $1,550,000

I. **Roadway Improvements**

1. **Obery Street** – (South Street to High School Driveway) The project will improve and widen existing roadway, providing sidewalks on both sides of the road, control and treat the stormwater runoff by improving the existing drainage system and constructing two (2) roundabouts. The project is at 75% design.

 The State has forwarded its comments and the Consultant will address them in the design. The construction funding will be by Mass DOT (Departnment of Transportation. The Engineering Division provided review of the 75% plans and project Administration.

2. **Samoset Street** – (from Water Street to Royal Street) The Project is at 75% design phase and being reviewed by the State. The construction funding will be by Mass DOT. The project's intent is to have full reconstruction of roadway, drainage, sidewalk, signal installation at Standish Avenue, as well as other related improvements. Engineering Division provided existing conditions survey, design review and project administration.
3. **Taylor Avenue** – (from White Horse Road to Manomet Point Road) The project is at 75% design phase. The State has forwarded its comments and the Consultant has addressed them in the design. The construction funding will be by Mass DOT. The project's intent is to have full reconstruction ofroadway, drainage, sidewalk, and other related improvements, including the replacement of the bridge over Bartlett Brook. Engineering Division provided review of the plans and project administration. Field survey, existing conditions plans were provided to the consultant.
4. **Manomet Point Road** – (Intersection Improvements) The project involves installing Signals at State Road, Strand Avenue and Manomet Point Road. The project has been

advertised. The contractor will start the project in the Spring of 2012. Engineering Division provided review of the plans and project administration. The construction funding comesfrom State

5. **Commerce Way** – The Engineering Division was instrumental in receiving Mass Works Infrastructure Grant. The Grant **is f**or the design and construction of Commerce Way between Route 44 Exit Ramps and Plympton Road (Route 80). The Engineering Division will provide field survey, construction inspection and project administration. The Grant funding was for $1,550,000.00
6. **Long Pond Road** – Corridor Improvements (Drew Road to Clark Road) Engineering Division is addressing the need for infrastructure improvements in this area.
7. **Allerton Street** – In house design for Sidewalk and Roadway improvements are in process. Construction funding is required for this project.
8. **Vine Brook Road** – In house design for roadway and drainage improvements including paving is in process. Construction funding is required for this project.
9. **Standish Avenue** – (Cherry Street to Alden Street) was milled and paved with binder course.
10. **Carver Road – (Vicinity of #230-253)** was reconstructed including milling the existing pavement, regarding and repaving of approximately 800 linear feet of Carver Road. The roadway was reconstructed to correct a drainage issue, with a 2-inch thick layer of asphalt.
11. **Newfield Street** – (house #63 to Jackson's Lane) In-house design for roadway realignment, including a concrete sidewalk, pulverizing the existing pavement, re-grading and repaving is in process.
12. **East Russell Mills Road** – In house design for a layout, roadway and drainage including base course paving was completed. The Engineering Division was able to get the abutters to grant the necessary easements. The DPW installed all the drainage and did the necessary work to widen and prepare the road for paving. All that remains is to place the top paving course.
13. **South Street** – Signal at Sandwich Street (Route 3A) – The project remains at 75% Design Phase. The project's intent

is to install signalization at the intersections of South Street, Sandwich Street and Lincoln Street. Engineering Division is providing review of the plans, inspection and project administration.

14. **Cedarville Fire Station Emergency Signal** – The project remains at 75% Design Phase. The project's intent is to install an Emergency Signal on State Road (Route 3A). Engineering Division is providing design, inspection and project administration.
15. **Water Street** – Roundabout – The project addressed safety issues by improvements to the signage and pavement markings. Engineering Division provided existing conditions plans for in house design, site layout for pavement markings and project administration.
16. **Commerce Way** – (Corridor Traffic Study) – Engineering Division is working with developers to insure that street openings will not impede
traffic flow. Engineering Division is preparing a PWED Grant Application for the design and construction of Commerce Way between Colony Place and Plympton Road (Route 80), and will provide field survey, design, construction inspection and project administration.
17. **Plymouth Street** – In-house design for roadway Improvements including drainage was completed. The Engineering Division provided existing conditions, construction layout, construction inspection and project administration for the project.
18. **Carver Road** (Vicinity of #230-253) – In-house design for roadway Improvements including drainage was completed. The Engineering Division provided existing conditions, construction layout, construction inspection and project administration for the project.
19. **Holmes Terrace** (Atlantic to Muster Field) – The Engineering Division provided existing conditions, construction layout, construction inspection and project administration for the project.
20. **Atlantic Street** – In-house design for roadway Improvements including drainage was completed. Improvements including sidewalk, and drainage was completed. The Engineering Division provided existing

conditions, construction layout, construction inspection and project administration for the project.

21. **Summer Street** (Billington Street to Russell Street) – The Engineering Division provided construction inspection, and project administration for the project. The project's intent was to make permanent trench repair, finish the Top course of pavement, and apply pavement markings.
22. **Memorial Drive** – The Engineering Division provided construction inspection, and project administration for the project. The project's intent was to pulverize the existing pavement, re-grading, and repaving. The roadway was reconstructed with 4-inch thick layer of pavement.
23. **Old Sandwich Road** (#74 to # 120), and (Pine Road to Sacrifice Rock Road.).The Engineering Division provided construction inspection, and project administration for the project. The project's intent was to pulverize the existing pavement, re-grading, and repaving. The roadway was reconstructed with 4 ½ -inch thick layer of pavement
24. **Billington Street** (Summer to #23) The Engineering Division provided construction inspection, and project administration for the project. The project's intent was to make permanent trench repair, finish the Top course of pavement, and apply pavement markings.

J. 2011 Survey Projects

1. Survey plans, and existing conditions plans were prepared for the following sites:
 - **Newfield Street** –drainage design and easement plan
 - **Ryder Road** – Long Beach property line determination
 - **Court Street** – Cura Building Sewer Connection
 - **Camelot Drive** – DPW Barn and Annex sites
 - **Commerce Way** – Existing conditions
 - **Water Street** – Existing conditions
 - **Plymouth Street** – Existing conditions
 - **Carver Road** – Existing conditions
 - **Billington Street** – Crawley Woodlands Preserve
 - **Long Pond Road** – Russell Mills Preserve septic design
2. **Stake Survey Control** for the following Projects

- **Concord Street** – Emergency access road
- **Atlantic Street** – for Reconstruction Project
- **Newfield Street** – #63 to Jackson's Lane

3. Easement plans and deeds were prepared for the following sites.
 - #32 Nelson Street
4. Setting high accuracy GPS control network (HARN) for theTown's horizontal and vertical control is an on-going project.
5. Various Departmental and public support (i.e., E-911 Map for Gurnet)
6. Sideline staking in the following areas;
 - Long Pond Road
 - Sherman Williams Memorial at Beaver Dam Rd. & State Road
 - Newfield Street
 - Center Hill Road
 - Wareham Road
7. Construction layout for the following sites:
 Plymouth Street
 - Atlantic Street
 - Carver Road (#230 to #253)
 - Memorial Drive
 - East Russell Mills Road
 - Summer Street
 - Nickerson Street

K. Sidewalk

1. **Various Locations** (Town Wide) – Replacing sidewalk panels. The Engineering Division provided project administration and construction inspection.

L. Pavement Preservation Program (Crack Sealing and Chip Sealing)

1. DPW has hired a Consultant to conduct Pavement Management study on public roads. The report will be used as a planning tool for improving our roadway infrastructure.
2. The Town continued with an aggressive crack sealing program to best utilize the limited funding. The

approximately 5 miles of public roads were treated under the FY2012 contract.

M. Guard Rail – Replacing and installing Guard Rails on the following roads:

1. **East Russell Mills Road**
2. **Westerly Road**

N. Pavement Markings – including centerlines, edge lines, x-walks, stop bars, and legends – Various Roads, Town Wide

O. Traffic Signals – The following (existing and proposed) signals were Evaluated and changes were made:

1. **Samoset Street and Pilgrim Hill Road**
2. **Commerce Way**

P. Traffic Signs (Town Wide) – Engineering Division coordinated for installing signs by the Highway Division and Contractor at various locations

Q. School Zone Flashers – Engineering Division coordinated for installing School Zone Signage on Resnik Road for the Rising Tide Charter School

R. Water Supply

1. **Water System GIS Map** - In 2011, the Engineering Division continued the task of updating the Town's GIS-based water system map. The project involves the use of GIS tracking devices, field survey data, and as-built information to pinpoint and update the location of water mains, services and other appurtenances on the GIS map. Also included in the GIS mapping project is an ongoing effort to inventory and convert water tie cards, utility plans and as-built documents into digital format that can be accessed via the GIS map.
2. **As-Built Plan Inventory** – In 2011 the Engineering Division completed as-built plans for a number of water mains throughout Town including Long Pond Road, Taylor Avenue, Standish Avenue, and Summer Street.

Miscellaneous Projects – The Engineering Department assisted the Water Department with a variety of tasks including Annual Statistical Report preparation, DEP permit renewals, construction inspection, and miscellaneous technical support. The Engineering Division also provided reviews and assistance for private development projects throughout Town.

S. Wastewater

1. **Sewer System GIS Map** - In 2011, the Engineering Division continued the task of updating the Town's GIS-based sewer system map. The project involves the use of GIS tracking devices, field survey data, plans and as-built information to pinpoint and update the location of sewer mains, services and other appurtenances on the GIS map. Also included in the GIS mapping project is an ongoing effort to inventory and convert sewer tie cards, utility plans and as-built documents into digital format that can be accessed via the GIS map.

2. **204 Long Pond Road Septic System** – In 2011, the Engineering Division completed work on the design of a new septic system for the Town-owned building at 204 Long Pond Road. The proposed septic system will replace an outdated cesspool on the property. Construction of the new septic system is planned for the spring of 2012.

3. **Newfield Street Sewer** – In 2011, the Engineering Division assisted with the design, construction inspection and administration for the replacement of a failed segment of sewer on Newfield Street between Summer Street and the Newfield Street Bridge. The project involved upsizing to a 10" PVC sewer and construction of two new manholes.

4. **89 Court Street Sewer** – In 2011, the Engineering Division worked with Sewer Division staff to design and install a sewer pump system and force main to service the Town-owned building located at 89 Court Street.

5. **Long Pond Road Sewer Pump Station** – The Engineering Division provided review, administration and technical support during the planning and design of the Long Pond Road Sewer Pump Station project. The proposed sewer pump station is intended to alleviate sewer capacity issues along South Street and Nook Road. Construction of the proposed sewer pump station is expected to begin in early 2012.

6. **Comprehensive Wastewater Management Plan** – The Engineering Division worked with Sewer Division and DPW staff in the development of a plan and selection of a consultant for the proposed Comprehensive Wastewater Management Plan (CWMP). The proposed CWMP study is intended to assess the condition of existing sewer facilities, evaluate system capacity, identify system deficiencies, develop a hydraulic model of the Town's sewer system, analyze existing and future development needs, and formulate a Capital Improvement Plan that integrates short and long-term strategies for maintenance, upgrades and collection system expansion. As part of the work to begin the CWMP project, Engineering staff prepared and submitted an application for SRF funding for the implementation phase of the proposed plan. The selected consultants are expected to begin work on the CWMP project in 2012.

7. **Miscellaneous Projects -** The Engineering Department assisted the Sewer Department with a variety of tasks including construction inspection, spot repair design and miscellaneous technical support. The Engineering Division also provided reviews and assistance for private development projects throughout Town.

T. Town Wide Public Works Infrastructure Asset Inventory and inspection - Locating and inventorying the assets (i.e., sewer, water, and drainage structures) in the field with Global Positioning system (GPS)Equipment as part of the existing conditions surveys for all projects. **Bridge inspection and load ratings** were done for Water Street and Newfield Street culverts.

U. Geographic Information Systems (GIS) Mapping

1. **Town wide Public Works Infrastructure Asset Mapping** –Mapping the Infrastructure Assets in GIS Environment. **Snow Plow and Sanding Routes -** Townwide updating
2. **Streets** – Public, Private, and gravel roads with their classifications
3. **Stormwater, Water, and Sewer**

4. **Sidewalk**
5. **Traffic Signage**
6. **Pavement Markings**
7. **Pine Hills – GIS spatial edits**

V. State (MHD) Construction Projects – Coordinating the Town's **concerns/issues with MHD or other State Agencies.**

1. **Traffic Signal – Manomet Point Road/Strand Ave. /Route 3A (State Road) intersection.** The project has been advertised. The Contract has been awarded and construction will begin soon.

W. Plan Reviews (40)

Planning Board (**10**); Zoning Board of Appeals (**25**); and Building Dept. (**5**)

X. Street Opening Permit Program – 90 permits were processed. The program manages the excavation activities in the Town's roadway network. It includes processing permits and conducting field inspections to monitor the utility trench excavation, constructing driveways, etc.

Y. Grant Administration – Administrating Various Grant Projects received from State/Federal Agencies. Submitted grant reimbursement request for funding on projects through State and Federal Agencies.

Z. Road Advisory Committee – Coordinated various requests such as snow plowing and etc.

Miscellaneous

- Prepared display and locus plans for various departments and Town Meeting Warrant Articles.
- Various field survey and report/plan preparation for various department/divisions.
- Provided technical advice on all utility installations of poles and underground structures.
- Provided technical support to the Traffic Task Force by advising as to the applicability of laws and engineering standards to the traffic related issues and concerns.

- Provided technical advice to the Town officials, and boards.
- Provided plans and administration for installation bicycle racks and pads.
- Provided Traffic Management Plan for various Town events.
- Provided plans and permitting for Town Hall and Highway Barn office space renovations.
- Over-the-counter services: - House number and lot number assignment (e.g. Pinehills Development); provided information to the general public, realtors, engineers, and land surveyors.
- Informational meetings were held for Newfield Street – traffic calming, and roadway improvements.
- Implemented traffic and drainage studies, which were requested from this office.
- Implemented EPA Phase II (Town Wide Stormwater Mapping).
- Provided technical support and advice to the Town Officials and Boards/Committees.
- Provided a traffic marking plan for reducing four (4) lanes to three (3) lanes (2 lanes with center turn lane), on Marc Drive and Samoset Street intersection
- Provided speed regulation study-various streets such as Route 3A within Town jurisdiction, Donna Drive, etc.
- Provided support to regional planning agency Old Colony Planning Council (OCPC) on Route 3 Exit 6 ramps, relative to major bottleneck analysis, and a bike task force.
- A plan was presented to Ocean View Avenue residents for designating "No Parking" on various sections of road.
- Provided plans to Police Department to help them for their fight against drug abuse.

Printing Services

Assessors Maps (150 sheets) now available on line 5 Sets of Zoning Maps (5 sheets each) Approximately 100 prints of various plans Other departments utilize the large format plotter to prepare maps, and large size copies.

David Gould, Environmental Manager
Kim Michaelis, Environmental Technician II
Kerin McCall, Environmental Technician I

The Environmental Management Division (EMD) is responsible for environmental planning and management within the Department of Public Works. This work includes, but is not limited to, the management of Plymouth Long Beach, Eel River watershed groundwater and surface water monitoring for the wastewater treatment facility and its associated permit requirements, EPA Phase II Stormwater Compliance, Town Brook Restoration Program, and the Harbor Improvement Program.

The Environmental Management Division's accomplishments for 2011 include the following:

Plymouth Long Beach

The Environmental Management Division (EMD) implemented the Plymouth Long Beach Management Plan as conditioned by the 2010 Final Order of Conditions issued by the Massachusetts Department of Environmental Protection. The Dog Control Program was implemented as required by the Massachusetts Division of Fisheries and Wildlife (MassWildlife). Management efforts resulted in protection of 20 pairs of Piping Plovers that fledged 19 chicks, 225 pairs of Least Terns, 2,686 pairs of Common Terns, 1,186 pairs of Laughing Gulls. One Roseate Tern nest was confirmed, but an additional pair may also have nested. Arctic Terns did not nest at Long Beach this season; however, an unpaired individual was observed throughout the breeding season. A pair of Ospreys nested on the platform again. Four Osprey chicks fledged, which is very unusual.

The Town received a Final Decision from MassWildlife resulting from an administrative appeal by the Goldenrod Foundation. Goldenrod Foundation appealed MassWildlife's determination that the management plan would not result in a "take" under the Massachusetts Endangered Species Act. The Final Decision upheld MassWildlife's "no take" determination and supported the management plan.

Goldenrod Foundation appealed the decision to Superior Court. After filing of the appeal, the Commissioner withdrew the decision for reconsideration, but again adopted the Final Decision with no changes. The Town is currently awaiting approval by Superior Court of a motion to consolidate the MassWildlife appeal and the appeal of the Final Decision and Final Order of Conditions that resulted from Goldenrod's appeal under the Massachusetts Department of Environmental Protection. If approved, both cases will be heard during the same Superior Court session at some time during 2012.

In addition, EMD staff served as the Town representative at meetings of the Tidal Beaches Advisory Committee.

The EMD worked in conjunction with the Highway Division to repair and reinforce a portion of the Plymouth Beach sea wall that was damaged during a storm on December 26, 2010.

Following approval at the Fall Town Meeting, the Town purchased the Laughlin Property (Lot 37A-350) located on Long Beach. This purchase will result in increased area available to the public on the beach front. The property will be subdivided and the cottage and surrounding land will be swapped with the Tassinari property (Lot 37A-J-1) which does not have a cottage. The land swap was approved by the Fall Town Meeting and will be completed in 2012. When both land transactions are completed, there will be an additional 225 linear feet of public access on each side (harbor and beach sides) of Long Beach as well as the potential for projects that will increase public access such as a dock or alternate crossover.

Pond & River Monitoring Program

This was the fourth year of the Pond & River Monitoring Program now in collaboration with five watershed associations and a number of volunteers. Staff worked with watershed associations in the collection of nutrient samples and assessments on twelve ponds, totaling over 2,000 acres, and five miles of streams throughout the Town. This is the third and last year the Town was able to expand and supplement the programs nutrient sampling activities through additional funding by the Massachusetts Environmental Trust grant program. With this information the Town and watershed associations will be better able to

identify both the health and potential pollutant sources affecting water quality and ecological habitats.
EMD worked closely with the five watershed associations in the development of the Town's Quality Assurance Project Plan approved by the Department of Environmental Protection. This plan allows for the Town to manage volunteer resources and sampling activities while ensuring the quality of water sampling activities to be utilized by the Town and the Department of Environmental Protection.

With grant funding a biological study at Little and Great Herring Ponds was performed to collect information on the health of the ponds and potential invasive species. Part of this project included meeting with the Herring Ponds Watershed Association to discuss findings and next steps.

EMD assisted the Herring Ponds Association in development of an informative watershed based postcard regarding water quality and how to become involved in the association. This postcard was funded through a collaborative effort of private contributions and grant funding. In addition, EMD assisted the Association in updating watershed brochures and utilized grant funding for printing.

With the assistance of the Town's GIS Department, EMD organized a watershed based map on the Town's website for public use. This map includes common requests as to locations of catch basins, watershed boundaries, areas of environmental concern and aquifer resource areas.

Pond Road Stormwater Drainage Improvements
EMD acquired a $45,980 grant from the Coastal Pollution Remediation Program for design of stormwater drainage improvements abutting Great Herring Pond. The design was completed in 2011 and targets a suite of best management practices to manage roadway and residential runoff from an approximately 10-acre drainage area. Currently, untreated stormwater enters Great Herring Pond from Pond Road and its intersecting residential streets. Stormwater runoff enters the Pond at great velocity causing significant erosion of the existing dirt roads and recreational beach area, transporting suspended sediment and other pollutants. EMD has applied for an additional $125,000 to Coastal Pollution Remediation Grant for construction and implementation.

Massachusetts Estuaries Project for the Nitrogen Management of the Plymouth Harbor Embayment System

As a requirement by the Department of Environmental Protection through the Environmental Protection Agency, the Town of Plymouth is required to complete the data collection and analysis of modeling required for the Massachusetts Estuaries Project for Plymouth Harbor Embayment System in support of management and restoration. This year EMD worked with the University of Massachusetts-Dartmouth School for Marine Sciences and Technology (SMAST) to complete the Cumulative Nitrogen Loading portion of the overall project. This project also serves as a fulfillment of the Towns Nutrient Management Program under the WWTF Groundwater Discharge Permit. EMD has applied for additional grant funding sources to fulfill the next step toward the completion of the Estuaries Project for Plymouth.

Aquifer Mapping

To a substantial savings to the Town, EMD utilized their GIS capabilities to digitize the aquifer protection districts for the Aquifer Bylaw rather than contracting this work out to a private vendor.

Stormwater Markers

EMD coordinated local volunteer opportunities to install storm drain markers in the downtown area as part of the Town's requirements under the National Pollutant Discharge Elimination System Permit for MS4's. Storm drains can be misused by the public for the disposal of waste such as motor oil, paint, pesticides and other pollutants which can damage water quality for the environment and recreational uses.

Town Brook Restoration Program

Staff continued to work on the **Town Brook Dam Removals** project. Final design was completed and permitting for the Off Billington Street Dam removal is complete. At the Fall Town Meeting it was voted to acquire the property known as the "Plymco" site. This site will be the focus of the second dam removal that is part of the larger overall project. Acquisition of this land also results in a complete greenway along Town Brook from Billington Sea to Plymouth Harbor. When the project is completed, it will result in the removal of two dams and the accumulated sediment behind each dam. A restored stream channel and wetlands will be constructed along with two new bridges and new water and sewer utilities. The project will result in

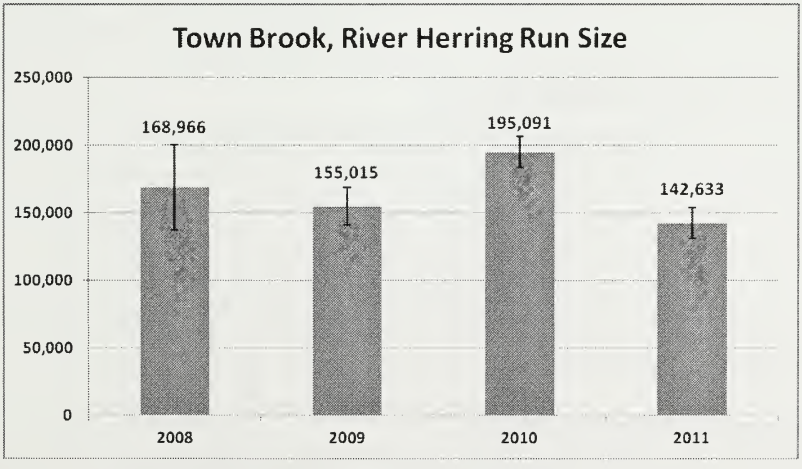

restored habitat for riverine species including alewife and blueback herring, the signature species of the historic Town Brook herring run. Contingent upon construction funding, this project could begin in the summer of 2012.

Water Street Bridge Replacement Project

In 2011 Environmental Management began working with an engineering consulting firm to design and permit the replacement of the Water Street Bridge near Brewster Gardens. While a critical piece of infrastructure the bridge replacement also provides a unique opportunity to increase passage for diadromous fish species including alewife, blueback herring, rainbow smelt and American eel. The weir at the mouth of Town Brook that is part of bridge will be altered to allow easier passage into the brook. The bridge will be designed to aesthetically complement the downtown area, especially Brewster Gardens.

Town Brook Herring Run Volunteer Counting Project

In 2011 volunteer herring run counters provided over hours of volunteer time counting migrating river herring in April and May. These volunteers were instrumental in collecting valuable data and their time will be used as local match in future grant applications. This data was later entered into a computer model to estimate the run size for Town Brook. The last four years of run size data is found below:

EMD is currently working with the NOAA and the Massachusetts Division of Marine Fisheries (DMF) to acquire an eel trap so that we

can begin data collection on the presence of eels within Town Brook. We hope to begin that project in 2012.

Wellingsley Brook Restoration Project

Final design and permitting is complete and construction should begin in the spring of 2012 for this restoration project. Back in 2007 staff worked with the Massachusetts Department of Fish and Game to designate Wellingsley Brook as a "salter" brook trout stream. Wellingsley Brook is located near the intersection of Sandwich Street and Nook Road and flows into Plymouth Harbor. Adult brook trout have the ability to swim in salt water like their cousins the Atlantic salmon and become "Salter Trout." Staff has since worked to acquire funding from the Conservation Law Foundation/NOAA to design and permit the removal of the three weirs that block fish passage at Wellingsley Brook.

Beaver Dam Brook/Tidmarsh Farms Restoration Project

In 2011 EMD began working with the owner of Tidmarsh Farms and a partnership of state and federal agencies on a technical advisory committee to develop plans for the restoration of the Tidmarsh Farms site. The project would restore over 250 acres of cranberry bogs that have been taken out of agricultural production through the USDA Wetlands Reserve Program back to natural wetlands. The project design is in its early phases but could potentially result in the restoration of over three and a half (3.5) miles of degraded stream habitat.

Plymouth Harbor Improvements

Engineering design and permitting for the new wharves has been completed. Staff continues to work with the Town Manager's office and the state to have the $5,500,000 in bond bill funding appropriated for this project released by the Commonwealth so that construction can begin. A new functional wharf in Plymouth Harbor is critical to preserving the working harbor and expansion for other commercial activities like aquaculture.

Gangways and Floats Project

EMD and the Harbormaster Office worked together to continue improvements to Plymouth Harbor. Staff was successful in acquiring

Seaport Council funds to complete an inspection of Town Pier and to design and permit new floats and gangways off of the Town Pier.

Town Pier Underground Storage Tank Remediation Project

The Plymouth Fire Department, Harbormaster's Office and EMD also began the design and permitting process to remove the underground fuel tanks from the Town Pier area. These tanks will be replaced with above-ground tanks that will be safer and more environmentally responsible than the existing tanks.

DPW Facilities Improvements

EMD worked with DPW Administration to develop an updated Spill Control and Countermeasure Plan (SPCC) and Environmental Audit of the DPW Facility. Among the results of those plans was the installation of above-ground oil and bulk oil tanks to replace the existing underground storage tanks. Going forward implementation of other recommendations including stormwater improvements and other good housekeeping measures will be accomplished.

Solid Waste

- Compiled data and submitted annual recycling data and Annual Facility Reports for the three Transfer Stations as required by the Massachusetts Department of Environmental Protection
- Town representative (and secretary) for the South Shore Recycling Cooperative
- Town representative at Council of SEMASS Communities meetings
- Staff representative at meetings of the Recycling Advisory Committee and the newly formed Save Money and Recycle Trash (SMART) committee that consolidated the Recycling and Solid Waste advisory committees into one committee
- Maintained the recycling page on the Town website
- Administered a thermostat exchange program sponsored by SEMASS that provides digital programmable thermostats in exchange for mercury thermostats.
- Operated the transfer station camera/citation system.
- Assisted with transfer stations operations by contacting vendors for services and tracking recycling markets.

Website Information

The EMD actively utilizes the Town's website to update the public on beach and Off Road Vehicle access, to highlight projects and to disseminate information to the general public. To that end, EMD has developed web pages that include the following information:

- Improved communication to the public on daily vehicle restrictions for Plymouth Long Beach.
- DPW Environmental Projects posted with photographs and summary.
- Eel River Watershed Management which includes the WWTF Groundwater Discharge Permit Nutrient Management Data Reports.
- The development and access to trail maps to download directly onto your phone or GPS device as well as pdf format.
- The posting of education stormwater and Phase II information.
- Posting of grants received and funding sources.
- Posting of Pond & River Monitoring Nutrient and Biological Data Reports as well as bathymetric maps

Grants

Every year EMD works to acquire grant funding from private, state and federal sources. This year staff was successful in acquiring four (4) grants totaling $92,855. The following grants were received in the past year.

Project Name	Funding Source	Amount
Pond Road Stormwater Improvements	Coastal Pollution Remediation Grant	$48, 980
Town Pier Inspection	Seaport Council	$12,900
Harbor gangways and floats	Seaport Council	$25,975
Coastal Environment Education	AD Makepeace Neighborhood Fund	$5,000

The mission of the Highway Division is to maintain and preserve the Town's Public Way infrastructure, which includes paved streets, gravel roads, sidewalks, street signs, traffic signals, and storm drainage systems, restore and improve core services to the general public. The division also maintains access for emergency vehicles on Private Roads.

As a highlight of 2011, the Highway Division began increasing staffing levels from a low of eighteen active employees to its current level of twenty-five full time DPW employees. This was accomplished with the merger and elimination of the Construction Division being completed in the late summer. Additional funded vacancies will also be filled in 2012 to bring the total to thirty-four employees, including an Administrative Assistant and the Highway Manager. This brings the Division back to a previous high mark of approximately 33 employees back in 1995. The long term goal of the division is to bring staffing levels up to industry standards, which requires approximately ten employees for every 100 miles of roads maintained. The Highway Division continues to be responsible for over 400 miles of roads spread across 103 square miles. The services provided by the Highway Division include emergency and maintenance type repairing to streets and sidewalks, responding to pothole defects, maintenance of the storm water system, snow and ice removal and consistently servicing requests that are generated from other DPW Divisions and the public.

Road Construction and Resurfacing

The Highway Division performed major road construction on East Russell Mills Road (formerly a gravel road). The construction consisted of tree removal, lane widening, and installation of a complete storm drainage system, retaining wall and guardrail at Sandwich St. entrance, and the grading, sloping, and landscaping along existing residential property lines. All systems were completed and asphalt binder course was placed this year for a traveling surface. Additionally, pavement resurfacing projects were performed on portions of the following roads; Summer Street (Russell St. to Billington Street), Billington Street (Summer St. to the "Old DPW Garage" near #27 Billington St.), Memorial Drive (entire road),

Atlantic Street (entire road), Holmes Terrace (Atlantic St. to Muster Field), Standish Avenue (Alden St. to Cherry St.), Old Sandwich Road (Pine Rd. to Sacrifice Rock Rd., and approximately between # 74 to #120 Old Sandwich Rd.), Carver Road (approximately between # 230 to 253 Carver Rd.), and Plymouth Street (entire road). Each road section received various preparation treatments depending on road conditions such as pavement milling, shimming, or complete pulverizing and regrading. Various drainage repairs were performed as needed during the construction. Atlantic Street included new concrete sidewalk construction. Projects were performed with some assistance from the Engineering and Forestry Divisions during construction. Milling and paving was performed by outside contractors. Roads were striped as necessary upon completion.

Drainage Repairs/Catch Basin Cleaning

The Highway Division performed numerous routine repairs to storm water drainage systems throughout the Town. Structures repaired in many cases were antiquated and hand built from blocks and brick. Rebuilding structures varied from replacing frames and covers and repair of top sections to complete basin replacements. Skilled labor was used to perform these tasks. An effort to convert old structures to pre-cast concrete continues and was followed whenever possible. Projects of note were performed on Summer Street at Amos Hill, Nickerson St, East Russell Mills Rd., Water St., Taylor Ave., Long Pond Rd. near Little Red School House, and at the gravel section, Flying Jib, Surrey Dr., and others. Additionally, the Division operated one catch basin cleaning truck. Basins and piping systems that became clogged were cleaned with the basin cleaning truck. Some isolated jet rodding of piping systems was performed with the assistance of the Sewer Division. Many of the storm drainage systems consist of a series of catch basins, drain manholes, piping systems, and some form of leaching system to dispose of the storm water runoff. Sand, leaves, pine needles, and other debris all contribute to clogging these systems.

Asphalt Repair Patching

The Highway Division provided general and emergency repair services to roads and sidewalks throughout the Town. Repairs

consisted of small to large potholes, utility trench repairs and repairs around storm drain systems. In the winter months cold patching was performed as needed. Cold patching with high performance patch was also performed during regular months due to staffing shortages and excessive travel distances to hot mix plants. The asphalt repair crew responded to Complaint Work Orders taken at the Highway Office generated by calls from the general public. Additionally, some utility trench road repair patches were made for the Water and Wastewater divisions.

Street Sweeping

The Division operated two street sweepers this year from early spring until late December. In the spring, sand was collected from main roads first, and then progressed into neighborhoods and subdivisions throughout the summer and fall. The Downtown and Waterfront Districts were generally maintained on weekly basis. A sidewalk sweeper and hand crews were used through the season to clear sidewalk debris. Several storms this season required repeated service to pick up downed leaves and debris on main roads. This had an impact on the overall progress of town wide cleanup efforts. In the fall, leaves and pine needles were collected to keep drains open in preparation for winter. Sweeping was performed systematically throughout the Town of Plymouth. Sweeping the entire town with two Street Sweepers continues to be a challenge.

Gravel Road Grading

The Highway Division continued to operate with one road grader this year due to staff issues, scheduling demands, and equipment problems. Approximately 85 miles of gravel roads are maintained to some level to provide access for emergency equipment and residents. Road grading was generally performed during spring, summer, and fall months. This year main routes (Old Sandwich Road, Ship Pond Road, Wareham Road, Mast Road, and others) were generally graded every 3 to 4 weeks on a rotation basis. Less traveled roads were also graded on a less frequent rotation throughout North/West Plymouth, Chiltonville, Manomet, Cedarville, and South Plymouth. Every effort was made to keep roads in good condition. Limited available staffing for this equipment and high demands in other maintenance areas made

consistent service challenging. The need for dust control or permanent road surfacing continues to be an issue. Gravel roads continue to deteriorate rapidly due to excessive speeds combined with inclement weather and poor road base materials in many areas. Road grading was performed on a limited basis during winter months when road conditions permitted. The use of recycled road base continues from this years crushing operation and provides for a considerable cost savings to the town and the operating budget.

Traffic Signs – Signals

The Traffic and Signage Department within The Highway Division continued to produce all municipal street signs and maintain a portion of the traffic markings, including crosswalks and some town parking space markings. Colored crosswalks were repainted in the late spring and summer. The department also provided emergency assistance to Police with street closings and detours, and provided traffic barricades for holidays and events. Signals were maintained by replacing lenses with LED systems as they expired. The Division responded to Signal failures and accidents which caused damage to the systems as needed.

Roadside Brush Clearing

The Highway Division made efforts to perform brush and grass mowing to the extent possible for maintaining safe lines of sight along public ways in order to prevent accidents and to ensure public safety. There continues to be an extensive amount of overgrowth throughout the town, in particular alone narrow gravel roads in Manomet and South Plymouth. Work was focused on dangerous intersections and areas of poor drainage or access. Private property owners are encouraged to maintain shrubs, bushes and vegetation on their properties to maintain safe lines of sight. When possible the Highway Division continued a joint effort with the Forestry Division to opening up some of the inaccessible narrow gravel roads. This effort should continue in 2012.

Solid Waste Collection

The Highway Division operated one large packer truck and performed solid waste collection at all municipal buildings (recycling only at

School Dept. buildings). Trash barrels and dumpsters were maintained throughout the season in the downtown and waterfront areas. Additional efforts were required to handle increased volumes of trash collected during holidays and events, and periods of increased tourism.

Litter Pickup

The Highway Division is not staffed to perform daily litter pickup along all of the town's public ways. Some general litter removal was performed when possible. The services of Plymouth County Sheriffs Department and the Trial Court were used to perform limited litter removal along most major roads in the Town of Plymouth. Hundreds of bags of trash were collected. We appreciate the cooperation of the public and businesses in keeping Plymouth clean and beautiful.

Snow and Ice Removal

The Highway Division performed snow and ice removal operations throughout the Town of Plymouth during storm events under the towns Snow and Ice Plan. The Highway Division worked with assistance from other DPW divisions including Water, Wastewater, Parks, Cemetery, Engineering and Clerical Staff. During large storms, private contractors were hired to assist in the operations.

To provide facility and vehicle maintenance support services to the Town's facilities and vehicles in order to achieve their maximum expected design life and to ensure a safe environment for the public, and transportation for the Town of Plymouth employees.

MAINTENANCE DIVISION

The Maintenance Division, which is directly supervised by the Assistant Director of Public Works, is divided into two separate units consisting of Fleet Maintenance and Facilities Maintenance. The Facilities Maintenance Division is comprised of two Master Craftsmen, three full-time custodians, one part-time custodian and one Administrative Assistant split with the Solid Waste Division. The Vehicle Maintenance Division consists of five full-time professional technicians including a working shop Foreman.

FACILITIES MAINTENANCE

The two Master Craftsmen are responsible for providing preventative & corrective maintenance, construction, safety, HVAC, and fire suppression services for all Town owned facilities. These services include structural, heating, ventilation, and air conditioning (HVAC), plumbing, electrical, carpentry, roofing, security, snow removal, and fire suppression systems. Facility Maintenance is responsible for thirty-six town-owned facilities. The three full-time custodians and one part-time custodian are responsible for the cleaning services at Town Hall, Memorial Hall, Bartlett Hall, and the Council on Aging building.

Over the past year, the Facilities Maintenance Division was responsible for various repairs and projects in many of the Town's facilities including but not limited to the following:

- Heating, plumbing and maintenance to the Animal Shelter
- HVAC repairs to the Visitors Information Booth
- Structural repairs to the Manomet Transfer Station building
- Roof repairs to the Cedarville Transfer Station Building
- Structural repairs to the T-Wharf
- Structural inspection to the Harbor Master building
- Window, door and roof repairs to the Stephens Field Concession Stand/restrooms
- Heating and plumbing repairs to the 1749 Courthouse
- Repairs to the steps and ramps at all three Town Transfer Stations
- Heating and structural assistance to the main Plymouth Library
- Creation of two new offices at the DPW Maintenance Facility
- HVAC, roof, door, and window repairs to Memorial Hall
- Roof, HVAC, window, door, stair, electrical, lighting, plumbing and cosmetic repairs to Town Hall
- Roof repairs to all seven Fire Stations
- HVAC repairs to three Fire Stations
- Construction of a new guard shack at Fresh Pond
- Setting up voting booths, tables and chairs for various events at many of the Town owned buildings.

- HVAC, plumbing, and roof repairs to the DPW Maintenance Facility

FLEET MAINTENANCE

The five full-time professional technicians in the Fleet Maintenance Division are responsible for maintaining, repairing, and inspecting approximately one hundred and seventy-eight vehicles not including trailers, generators, sanders, and compressors. These services include daily repairs and inspections, maintenance, rebuilding and fabrication, electric and emissions, and fuel delivery.

Over the past year, the Fleet Maintenance Division successfully maintained, rebuilt, and completed major repairs to many Town owned vehicles including but not limited to the following:

- Installed new engine in a one-ton dump truck
- Replace head gaskets in several one-ton pickups and dump trucks
- Rebuilt two Ford Super Duty rear-ends
- Re-pinned rear boom on JCB backhoe
- Fabricated racks for steel stock and snowplow cutting edges
- Fabricated gates for various Highway Division drainage projects
- Removed old worn-out dump body on a six-wheeler and fabricated a permanent mount sander for year round issues
- Fabricated a "wet" system on existing sanders
- Replaced a transmission in a ten-wheeler
- Performed all State & DOT inspections for all DPW, Police and School vehicles in accordance with the Registry of Motor Vehicles
- Inspected all hired snowplow contractor's equipment prior to being hired by the Town
- Successfully maintained, services and repaired all Police vehicles including daily safety checks for all cruisers
- Services and repaired 18 sanders
- Replace EGR and oil coolers on several 6.0 Ford diesels
- Replaced radiators in all 3 front-end loaders

- Rebuilt Harbor Master's Ford Ranger including installing a used pickup bed
- Replaced turbo on two six-wheelers

The Administrative Assistant is split with the Solid Waste Division and besides all the duties associated with Solid Waste, is responsible for maintaining all records and inventory including vehicles, personnel, and building. The Administrative Assistant performs all clerical duties including receiving phone calls and entering payroll and weekly attendance sheets. In addition, she provides support to the division by scheduling deliveries, receiving and filtering work orders, and scheduling shift coverage.

The Maintenance Division is committed to continually providing services and support to the public and the DPW in the upcoming year.

CEMETERY DIVISION

There are thirty-three known cemeteries in the Town of Plymouth, Massachusetts. The Cemetery Division maintains and services twenty-six of those, including sixteen that are town owned and ten smaller cemeteries that contain graves of veterans. Of the cemeteries that the town maintains, seven are currently active.

The Cemetery & Crematory Division works under the direction of the Superintendent of Parks, Cemeteries, Crematory and Forestry within the Department of Public Works. The staff includes a cemetery foreman, three cemetery gravedigger positions, a cremationist and an administrative assistant. There is additional seasonal help added in the late spring and summer.

In 2011, the Cemetery Division interred 150 human remains which included 85 full burials, 65 cremations (43%). Of those 150 humans, 28 were known veterans. The break down of the interments by cemetery was: Vine Hills 94, Manomet 38, Oak Grove 4, Chiltonville 13 and South Pond 1.

Vine Hills Crematory cremated 1245 humans in 2011. The Burial Hill – Gravestone restoration was completed in H and I section. The gravestone assessment plan was completed.
The Friends of Burial Hill, a group dedicated to the betterment of Burial Hill was established.

Parting Ways – A new sign and kiosk was designed and established. Fifty percent of the funds were generously donated from a long time member of the Partings Ways group, Lynda Thomas LeGay.

Mapping – Electronic mapping and records of K section of Vine Hills Cemetery have been updated. A database for all cemeteries and on line mapping of Vine Hills for inclusion to town web site is underway.

Eagle Scout Project – Brandon Prentise rebuilt two old deteriorated benches at Burial Hill. These benches were unusable and know are in great shape placed on the eastern side of Burial Hill overlooking Plymouth Harbor and Cape Cod Bay. Thank you Brandon!

TOWN OF PLYMOUTH, MASSACHUSETTS
CEMETERY & CREMATORY DIVISION
ANNUAL REPORT 2011

CEMETERY DIVISION

Lot Sales	$ 27,900.00
Perpetual Care	$ 28,231.50
Burials Openings/Closings	$ 62,875.00
Cremations Openings/Closings	$ 16,975.00
Foundations	$ 11,700.00
Deed Transfers	$ 150.00
TOTAL DEPOSITS	**$147,831.50**

CREMATORY DIVISION

Adult Cremations	$307,650.00
Viewing Room Rental	$ 525.00
Mailing Fee	$ 225.00
Additional Urns	$ 75.00
TOTAL DEPOSITS	**$308,475.00**

PARKS AND FORESTRY DIVISION

The mission of the Parks, Forestry Division

- **To provide safe, aesthetic and functional public areas including our cemetery's, which enhance the communities current and future needs**

- **To plant, maintain and manage public shade trees along the Town's public ways and public areas while maintaining public safety, aesthetic quality, and value of the Town's Urban Forest**

- **To plan, promote, and implement a diverse selection of recreational facilities and programs both passive and active**

The Parks Division continues its involvement in the community through a diversified assortment of activities and programs. The responsibilities of the Park Division include the maintenance of more than eighty individual areas totaling over seven hundred and fifty acres throughout the town.

Staff – One park employee retired in November. Vacant position was filled in July.
Another park employee retired in December. Position funded but not filled.

Seasonal Staff – Funding for seasonal staff was restored.

Downtown Beautifications – The Visitors Service Board funded the cost of the downtown hanging flower baskets and the holiday wreaths and lighting for the seventh consecutive year. Maintenance for the baskets was funded through the Park Department budget.

Stephens Field – Funding for an environmental site assessment plan was approved at the spring town meeting.
The Farmers Market was held for the seventh consecutive year at the park.
The concession was opened for the second consecutive year.

Walter Haskell Field – North High School was allowed to use this park again for the second year for there gym classes while their fields are off line for the construction of the new high school.
Brewster Gardens – There were eighty wedding events held in Brewster Garden. These events were either wedding ceremonies or wedding pictures.

Depot Park – A memorial was placed at the northeast end of the park in memory of Lieutenant William F. Goodwin Jr. and prisoners of war who never returned home.

Plymouth County Court House (1820) – Some pruning and trimming of the flower beds, trees and shrubs took place around the building. Holiday wreaths were put up on the building by DPW staff. A farmers market was held each Saturday throughout summer and fall.

Nelson Street Park – Nelson Street Park was opened after a season of construction.

Forges Field – International Golf Construction Company continued to provide excellent service with regards to there maintenance contract of the complex with the Department of Public Works. Plymouth North High School again requested use of the Forges complex for there athletic teams. This request was worked out and allowed only while there fields are off line due to the construction of the new high school.

Hedges Pond Recreation Area – The Park opened in July for the public to enjoy the swimming, hiking and passive recreational amenities. Phase 2 of the plan was started in the fall to include courts and a field for other recreational use.

Morton Park – New rules and regulations were approved by selectmen to include gating off the backside of the park to vehicles, establishing Billington Sea boat ramp as a boat ramp only and increasing weekend fees by five dollars.

Manomet Recreation Area – South Plymouth Little League sodded field number four to make it a baseball field instead of a softball field.

Forestry Division

Each year the Forestry Division works hard with other departments in assisting with tree related work and hard in maintaining public safety, aesthetic quality, and value of our public shade trees and public grounds.

Hurricane Irene and an early November northeaster both caused significant tree damage. Both these storms proved to be a challenge for the department.

This year the crews worked consisted of but not limited to

Requests via telephone.....210
Storm related requests.....322
Public Hearings.....2
New Plantings.....31
Call Outs.....7

The tree division is staffed with three full time employees and works under the direction of the Parks, Forestry, Cemetery, Crematory and Recreation superintendent.

The Division was shorthanded for seven months when an employee moved to another department and the Division experienced difficulty in finding a qualified candidate to fill the position.

One Christmas tree was set at Shirley Square. Wreaths and lighting were funded through the Visitors Service Board and hung for the sixth consecutive year on each lamp pole throughout the Downtown area.

The Forestry Division hosted its annual Arbor Day celebration at Manomet Elementary School. Students, faculty, and friends planted a large Colorado spruce tree. With the help of the Plymouth Garden Club approximately seven hundred seedlings were handed out to fifth grade students in Plymouths school system.

The National Arbor Day Foundation recognized Plymouth for the twenty second consecutive year with Tree City USA status.

The mission of the Plymouth Recreation Department is to provide quality recreational programs and activities to the residents of the community; to promote fair play, teamwork, good sportsmanship; to expand the scope of programs to include educational as well as physical activities; and to make the department a valued town resource.

The Recreation Department is comprised of four full time staff, the Recreation Director, Recreation Assistant, Program Supervisor and an Administrative Assistant as well as over 100 seasonal staff positions. Seasonal staff consists of Beach Lifeguards, Swimming Instructors, Parking Attendants, Playground Supervisors and Sport Clinic Directors. All programs offered by the department are completely self supporting. The Recreation Department is responsible for

- Scheduling the Town's 28 Recreational Fields, this includes youth sport leagues, departmental programs and school events.
- Training and supervising the staff at the Town's five public beaches; White Horse, Plymouth, Hedges Pond, Morton Park, and Fresh Pond.
- Working with the management company of Memorial Hall
- Overseeing the daily management of the Manomet Youth Center
- Administering the concession contracts at both Stephens and Nelson Fields.
- Maintaining the department website (www.plymouthrec.com) and credit card payments
- Staff liaison to the Thanksgiving Parade Committee
- Raised over $8,000 in scholarship money through our Mano Martian Road race.

2011 departmental accomplishments include the following

- Provided recreation classes to almost 14,000 participants
- Offered over 130 different classes to the residents of Plymouth.
- Provided more than 50 scholarships for recreation programs to Plymouth families in need, which totaled more than $8,000

- Developed the master plan for the Hedges Pond Recreation area
- Made major improvements to the Manomet Youth Center
- Relocated North High School outdoor athletic teams to Town recreation fields while the school is under renovation.

The department also offered a lot of new and exciting programs to residents of all ages. Some of the more popular new classes include: Boot Camp, Adult Dodge ball league, 5 and 6 year old Flag Football program, Hip Hop Dance, Preschool Cooking Class, Kids Cool Chemistry program, Developmental Basketball League, Martial Arts program, Adult indoor tennis, Kids Night Out programs, and French and Spanish classes. The department also offered two new classes for individuals with special needs.

SEWER DIVISION

The mission of the Sewer Division personnel, through cooperative teamwork of the treatment operations, infrastructure maintenance and laboratory staff, is to protect the environment by minimizing health/pollution risks while effectively meeting the stringent criteria imposed by the U.S. Environmental Protection Agency (EPA) and the MA Division of Environmental Protection (DEP) regulations and permits by optimizing process control and long term infrastructure integrity through a strategically planned and coordinated inspection, analysis, preventive maintenance, and scheduled replacement program in a professional cost-effective manner with emphasis on serving the needs of the sewer utility rate payer with minimal financial impact.

This is the ninth complete calendar year of full operation at the new Wastewater Treatment Facility located at #131 Camelot Drive. During calendar year 2011, Sewer Division personnel, under the management of Veolia Water North America (the Town's contract operator), endeavored to meet the compliance requirements mandated by both the Federal and State Governments.

There were 2 violations of the EPA National Pollutant Discharge Elimination System (NPDES) Permit or DEP Groundwater Discharge Permit for calendar year 2011.

All town buildings, including schools and fire stations not on town sewer, had their septic systems pumped by the Sewer Division personnel. Sewer personnel maintained and repaired all pumps and motors within the six pump stations and sixty miles of collection system piping, ranging from thirty inches in diameter to six inches in diameter, throughout the year.

Annual sampling and inspection of those industries permitted under the Town of Plymouth's Industrial Pretreatment Program were completed in compliance with the Attorney General's mandated Pretreatment Program in accordance with the Environmental Protection Agency's rules and regulations 40 CFR 403.

The Sewer Division has continued to implement the Sewer Bank Policy as established by the Board of Selectmen and revised on August 24, 2006. Fourteen permits were issued during 2011. Since the inception of the policy in 1995, 345 permits have been issued.

During 2011 Veolia flushed and cleaned a total of 14,250 linear feet andT.V. inspected 6,200 linear feet of sewers throughout the system.

SEWER BANK SUMMARY SHEET

TOTAL SEWER BANK VOLUMES	**550,000 GPD**
TOTAL ALLOCATED	**441,277 GPD**
SEWER BANK BALANCE	**108,722 GPD**

SEWER REVENUES COMMITED FY 2010

Sewer Bank fees collected FY 2011	**$64,640.00**
Sewer Rates committed FY 2011	**$4,719,246.00**
Septage Revenue Calendar year 2011	**$289,839.83**

The Sewer Division is continuing to work closely with the Health Department to identify failed septic systems within the Sewer Service Area by monitoring the frequency and origin of each load of septic dumped at the facility by septic haulers.

During 2011, the Wastewater Treatment Plant treated 577.38 million gallons of wastewater. This represents a decrease of 16.91 million gallons from 2010, or about a 3.0% decrease in flow.

The facility received and treated 10,645,291 million gallons of septage. This represents 2,691,344 million gallon increase from 2010 or about a 33.8 % increase from 2010.

The combined domestic, commercial / industrial and septic waste was received, treated and discharged with a total reduction of solids of approximately 98%.

A total of 3,089.575 gallons of wastewater sludge was hauled in liquid form to a Veolia Water North America facility in Cranston, RI for incineration.

SOLID WASTE DIVISION

The mission of the Solid Waste Division is to provide accessible, cost effective, and environmentally responsible solid waste disposal and recycling services.

The Solid Waste Division is supervised by the Assistant Director of Public Works and assisted by the Environmental Division. It is comprised of five full-time employees, one part-time employee and an Administrative Assistant who is split with the Maintenance Division. The division is responsible for the operation of the three Town owned residential transfer stations. Hours of operation for the transfer stations are staggered so that residents can access a transfer station on any day of the week. The level of service varies at each transfer

station according to available space and resources. The current hours of operation are as follows:

South Street – Open Monday, Wednesday, Friday, Saturday, and Sunday from 8 AM – 5 PM.
Manomet – Open Tuesday, Thursday, Saturday, and Sunday from 8 AM – 4 PM.
Cedarville – Open Wednesday and Sunday from 8 AM – 5 PM.

Some of the items collected at the transfer stations are as follows:

- Light bulbs
- Waste oil
- Batteries
- White goods such as refrigerators, stoves, etc.
- Propane tanks
- TV's
- Yard Waste such as leaves and grass
- Cans & Bottles
- Paper
- Cardboard
- Books
- Clothing donations

The Solid Waste Program completed its tenth year of operation as an Enterprise Fund. Recycling markets have continued to be favorable and the Town is receiving revenue for many recyclable materials. The disposal permit fee was increased from $182 to $186 for residents, $137 to $141 for seniors while seasonal and monthly permits remained unchanged at $65 and $25 respectively.

The license plate scanning program installed at all three transfer stations in 2008 continues to operate. Cameras monitor each vehicle that entering the transfer station and software reads the plate and matches it to the database of permitted users. Violation notices are mailed to the owners of unauthorized vehicles. Streamlining of license plate review, permit database, and point of sale at the Collector's window is now operational.

Some improvements have been made at the transfer stations. Foot treads were added to the ramps and stairs for safer access to recycling containers. Signage was updated at all three stations. Free compost from the Town leaf pile was again made available to residents.

Currently, Plymouth has the second lowest tipping fee in the region at approximately $25.03 per ton, which is significantly below market rate of $75-85 per ton. The current contract expires on January 1, 2015.

WATER DIVISION

The mission of the Water Division is to provide the highest quality drinking water and fire protection at the lowest possible cost to the ratepayers. The goal of the division is to be recognized by the townspeople as one of the best departments within the town government. The Water Division understands that this can be achieved only if it operates on the principle that the quality work is its own reward. It must always be striving for ways to improve the quality of the water and the efficiency of the operation.

The Water Division continues to make improvements to the water system during the 2011 season. The Lout Pond Well construction has reached significant progress and is due to be completed in the summer of 2012. Wanno's Well is also under construction and due to be activated in the winter of 2012. The Cedarville Tank was completely rehabilitated, which required the tank to be drained, sandblasted, and painted. Water samples were then collected from the tank. All samples came back with clean results, allowing the tank to be put back online.
The Water Division was active on several DPW improvement projects throughout town. The replacement of valves, services, and hydrants will strengthen the long term reliability on John Alden Road, East Russell Mills Road, and on Strand Avenue.

The total rainfall for the year was 50.55 inches as compared to 52.76 inches for calendar year 2010.

The total water pumped from all sources was 1,554,174,895 gallons or 4,258,013 gallons per day.

This represents a decrease of 122,751,190 gallons over 2010 or a decrease of 336,305 gallons per day.

For Fiscal Year 2011, $3,714,797 was committed to charges (water bills) for the sale of water, service connections, various services rendered, etc.

Several water main projects were installed by private developers during 2011.

DATE WATER DEPARTMENT ESTABLISHED:
The Town purchased the water system from private owners in 1855. The first water system was established in Plymouth during in 1797. During the renovation of the Town Hall, the original charter of the Plymouth Water Company was found. It was signed by Governor Samuel Adams, 7 February 1797. It is available for inspection at the Plymouth Public Library.

SOURCE OF SUPPLY: South Ponds Well #1 & #2, Lout Pond Well (Reconstruction), Wannos Pond Well, Ship Pond Well, Ellisville Well, John Holmes Well at Savery Pond, Bradford Well #1 & #2, Federal Furnace Well, North Plymouth Well and Darby Pond Well.

STORAGE TANKS: Harrington, Samoset, North Plymouth, Stafford, Lout Pond, Chiltonville, North Pine Hills, South Pine Hills, Indian Hill and Cedarville.

TOTAL 1,554,174,895

PLYMOUTH WATER DIVISION
P.W.S. #4239000

A Supervisory Control and Data Acquisition (SCADA) system monitors and controls the entire water supply and distribution system. The SCADA system is controlled by radio transmitters.

Source: If any source is lost there is a back-up source. Presently nine of the ten sources have stand-by power. Once Lout Pond Well and Wanno's Well are constructed all sources will have back up power.

Distribution: The system is divided into six pressure zones. Five zones have supply sources; the Pine Hills Zone is supplied by the Rocky Hill Booster Station with water from the Plymouth Center Zone. The Bradford Zone is interconnected with the Plymouth Center Zone and the Pine Hill Pressure/Booster Zone is interconnected with the Manomet Pressure Zone through PRV devices. The Cedarville and Manomet Zones are interconnected through the Cedarville Booster Pumping Station. The West Plymouth Zone is interconnected with the Plymouth Center Zone at two locations with one not currently operational. The Plymouth Center Zone is interconnected with the Town of Kingston Water System on Route 3A with a 12-inch main. There is also an 8 inch interconnection with Kingston on Cherry Street near the Independence Mall.

Treatment: All sources are treated for corrosion control by adding sodium hydroxide to raise the pH and alkalinity. The Bradford Water Treatment Plant takes groundwater from two wells, and filters the water thru a media known as (Greensand Plus) for iron and manganese removal. The North Plymouth Well is filtered through carbon pressure vessel units. The Wannos Pond Well is treated for iron and manganese sequestering. All sources are disinfected using sodium hypochlorite.

Storage: The Water Division implemented a comprehensive evaluation of all ten of its water storage tanks during 2011. The water storage tank evaluations are an important step in recognizing the present conditions of the structures, the recommendations, and cost estimates to reduce long term replacement costs.

COUNCIL ON AGING

MISSION STATEMENT

To provide our community with safe and trusted environments, both physical and virtual, where information and access to programs and services foster a healthy and vital lifestyle throughout the aging process.

The Plymouth Council of Aging (COA) continues to increase its numbers for services, programs, and participants. COA provides services such as SHINE (Serving the Health Insurance Needs of Elders) to hundreds of seniors concerned about their Medicare and supplemental insurance needs. AARP volunteers prepared 500+ tax returns; free legal advice was offered to more than 200 elders; financial and real estate concerns were addressed by volunteer professionals and the staff was busy assisting seniors prepare paperwork for food stamps, housing, social security issues and fuel assistance. Thousands of calls were addressed regarding home health care, diabetes, Alzheimer's, assisted living, elder abuse, foreclosures, and more. COA also maintains a supplemental food pantry and offers foot care, free ear exams, health screenings and a multitude of fitness and dance classes.

The Town Veterans Agent meets veterans and non-veterans one day a week at COA to attend to much needed outreach with their health, Medicare, and military concerns. The center proudly acknowledges having generously collected over 100 pounds of gifts, cards, and supplies to be sent soldiers in Afghanistan. The collection is ongoing.

Through a grant from Old Colony Planning Council Area Agency on Aging in cooperation with Old Colony Elder Services, COA was able to provide a healthy nutrition program for the senior community. With help from approximately seventy-two generous and dedicated Meals on Wheels (MOW) volunteers, nearly 40,000 MOW were provided to home bound seniors. This included extra meals for holiday weekends and "emergency" packs when inclement weather was forecast. There were an additional 7036 meals for seniors who enjoyed their lunch in the company of others at COA.

COA maintains a list of over 172 volunteers. In 2011, the number of contributed volunteer hours of every nature was estimated at 29637. This equals over $617,000 of in-kind service! The Town of Plymouth, especially the Council on Aging remains exceedingly grateful for their selfless contribution to seniors.

Keeping seniors healthy as well as happy is integral to the mission. To this end COA provides classes in arts and crafts; quilting; sewing; knitting; current events; classic movies; computer literacy; card games; video production; watercolor and drawing; book club; and "coffee chats". There are also extensive exercise classes for all levels. Tai chi, Qigong, arthritis control, line dancing and Zumba are a few examples! We are privileged to serve an extremely active group of seniors as well as those who attend mainly for the camaraderie.

GATRA, TRIAD and the Friends of the Council on Aging meet monthly at COA. The Friends have been instrumental in helping the council raise funds for equipment, support a fitness center swim program, cover the cost of the annual Volunteer Recognition Luncheon and other non-budgetary necessities. This past year saw fundraising events such as a Talent Show, Golf Tournament and Antiques Auction, all extremely successful. The Friends are also present each week during the summer at the Farmers Market at Stevens Field for recruitment and to sell various fundraising items. The "Friends" is an active and supportive auxiliary, new members are always welcome.

The COA collaborates with the South Shore Women's Resource Center to offer support groups for Grandparents Raising Grandchildren, with Beacon Hospice for grief support and with The Alzheimer's Association, South Shore Hospital, Jordan Hospital and The Parkinson's Association to assist people in their time of need and support.

This year marked the auspicious beginning of an effort by the Staff, the Board of Directors and a new Accreditation Committee to seek accreditation for Plymouth COA from the National Council on Aging. Through this lengthy process the COA will determine how best to address the growing adult population to assure elder residents' ability to be self-sufficient and vibrant members of the community. This

assurance is tantamount to their quality of life, for Plymouth's economic stability, and the sustainability of our Senior Center. Currently there are only eleven COA's in MA that meet the rigorous standards and qualifications for National COA Accreditation. Successful application will place Plymouth in the top 500 of all national Councils on Aging, heighten awareness of the COA's importance to funders, community persons, participants and families, open the doors to more outside funding possibilities and assure that the Senior Center is meeting its mission in a nationally accepted, professional manner.

Proposed Senior Center

PLYMOUTH PUBLIC LIBRARY

The mission of the Plymouth Public Library is to support life – long learning and reading enjoyment by making conveniently accessible services, collections of material in various formats, and providing access to information not housed within the library, for the cultural, educational, information, and recreational needs and interests of the members of the greater Plymouth community. The library assists in securing information and materials without bias or censorship. The library, an integral part of municipal government, preserves and provides access to materials of current and historic significance to Plymouth and its geographic area.

Building upon success. That has been the theme that began in 2011 and will continue into the future. 2011 marked the 20th anniversary of the "New Library" on South Street. Over that time span the library has seen a dramatic increase in usage, expansion of the print collection and access to different formats. When the library moved into this building there was no such thing as public internet access. The public access catalogs were text only. Printers were still dot matrix. Cell phones were reminiscent of the shoe phone used by Maxwell Smart and Agent 99. Newspaper and magazine back issues were only available in microfilm. If a patron wanted to place a "hold" on a book it had to be done with the help of the Reference staff. The Literacy program only offered one class, no-one used the library lawn for programming, and the remote wireless access was some form of science fiction! Have times ever changed!

Service delivery models have changed. The book budget is no longer spent solely on print editions but now includes e-books, extended on-line databases, and is moving to new formats for audio and video delivery within the next several years. An analysis of patron interest, format preference, and choice of delivery method will take place and changes will be made to meet our users in the ever increasing mobile world. Website redesign is beginning to enable library users to easily read and access information on any mobile device as it can be on a computer screen.

The local history and special collections are expanded to encourage community residents to gain an understanding of their own cultural heritage, as well as the cultural heritage of others. Funding from trust endowments will afford greater depth of live programming, both in the adult and youth departments. Community outreach will expand throughout Plymouth; new community locations, in new outlet dimensions.

Hours Open	4,491
Total number of people who used the library	216,664
Number of registered borrowers	25,841
Number of Plymouth residents with library cards	23,146
Number of new library cards issued	3,056
Total Circulation of library materials	452,035
Total Interlibrary loans from other libraries	58,949
Total Interlibrary loans to other libraries	34,246
Number of Reference questions answered	39,847
Number of Programs held	778
Total Program attendance	9,038
Total number of volunteers	177
Estimated number of hours volunteered	8,007

Over the last year the Veterans Services Division has continued to provide five primary missions and continue to expand services in the social work field.

Primary Mission
To care for and assist low income Plymouth Veterans, unemployed Veterans, Homeless Veterans, and Spouses of Veterans in obtaining financial assistance for food, shelter, clothing, fuel, and medical care from all sources available under both federal and Massachusetts General Laws to which they are entitled. Spouses of deceased Veterans are provided with the same benefits as if the Veteran were still living. Perform outreach programs to reach the widest audience possible to inform and educate the public what Veterans Services do for the Veterans and the Community.

Second Mission
To assist Veterans in filing Veterans Administration (VA) Compensation and Pensions, MA State Annuities, tax abatements and enrolling in the VA Health Care system. Assist family members in filing for benefits from both the State and Federal government that they are entitled too. Assist in obtaining military records, medical records, discharge papers, awards, grave markers, and tax abatements.

Third Mission
We have 2 trained SHINE counselors to assist Veterans in the complicated process of understanding the MEDICARE system to help them choose the best options in medical coverage, drug prescription plans, and how long-term care works. Services are also provided in assisting the elderly in applying for the Medicare buy-in program, MassHealth, Low-income Subsidy and Prescription Advantage.

Forth Mission
Helping Veterans obtaining assistance that are specific to elderly Veterans such as Adult Daycare and home health care working through VA Social Workers and Old Colony Elderly Services.

Fifth Mission

The division continues to assist all veterans regardless of income with assistance in obtaining wheel chairs, power chairs, ramps, adjustable beds, and anything else that is a quality of life issue for Veterans through a network of Veterans Agents around the state. It also assists all veterans and family members regardless of income on other avenues of approach that may be available to them like Social Security or Department of Labor programs.

Plymouth serves all Veterans and their families the best we can regardless of income.

The Veterans Office offers a VA Counselor three times a month that provides counseling to Combat Veterans with dealing with Post Traumatic Stress Disorder (PTSD), substance abuse, and readjustment counseling for Veterans or any other issues the Veterans may have trouble dealing with. Current clients go as far back as WWII veterans up to Veterans from the Iraq and Afghanistan Wars.

The past year the Office of Veterans Services has increased its outreach program which has improved the ability of the office to assist the low income and needy veterans of Plymouth. We are currently maintaining a case load of approx. 150, over last year living below the poverty level, and the office provides them with medical and financial assistance that in may cases they did not know they were entitled to. Plymouth continues to assist homeless veterans with substance abuse issues in obtaining counseling and VA programs designed to provide the counseling, housing, and employment opportunities to return them back to productive citizens. The office also works with the Career Center to help Veterans who have lost their jobs with assistance until they were able to find work, allowing them to maintain their shelter.

The VSO assists veterans in filing for health care thru the VA Health Care System. Due to the rising cost of commercial health care, the VA provides comparable care, that in most cases the veteran would otherwise not be able to afford.

The office continues to provide assistance in filing VA Compensation and Pension Claims. Plymouth veterans received a total of $760,650.83 in 2011.

With the help of the Veterans of Foreign Wars (VFW), Disabled American Veterans (DAV), Kiwanis, Saint Mary's Chapter of St.

Vincent DePaul, and several community donors, Vet Svcs. was able to provide a 68 food baskets and several food cards for the Thanksgiving and Christmas season to most of our veterans.

This year Plymouth has seen an increase in unemployment and thanks to the CBs Toys for Tots drive the Veterans office was able to provide toys to multiple families of veterans that would have been unable to provide Christmas presents to their children.

PLYMOUTH PUBLIC SCHOOLS MISSION STATEMENT

In partnership with parents and the community, the Plymouth Public Schools is committed to providing a comprehensive educational experience that is high quality, challenging, and enables each student to develop and maximize individual potential. Our schools will foster a positive and collaborative environment that encourages and affirms academic achievement and personal excellence and inspires all students to make a positive contribution to society.

As I prepare my comments for this year's town report, I reflected on the past year as well as what the future holds for the Plymouth Public Schools. Just like public schools around the country, we are faced with many challenges and obstacles. The manner in which we address these challenges and obstacles will determine if we as a district will become a better school district. I believe the strategies that we have put in place to address the ever-changing environment of public education will allow the Plymouth Public Schools to make progress which is guided by our School Committee adopted Strategic Plan. This effort cannot be possible without the support of the taxpayers of Plymouth, and for your dedication we are grateful. This report will highlight some of the programs and opportunities that have been put into motion during the 2011-2012 school year.

- During the 2011-2012 school year, a subcommittee of the School Committee completed the daunting task of redistricting at the high school level in an effort to populate the increased capacity of Plymouth North High School. This effort was accomplished with the support of parents, teachers, administrators, and School Committee members to make this opportunity a success. The main focus of this year's redistricting opportunity was to try and balance the populations of Plymouth North and Plymouth South while providing the least disruptive environment for our families. The subcommittee believes that this goal was accomplished.

- The construction of the new Plymouth North is proceeding on schedule as of the date of this report. The Plymouth Building Committee has provided a great deal of guidance throughout the process, and I believe the product will be an extremely well built school. As of the end of January, 2012, the building is expected to be turned over to the school department in mid-May in preparation for a school opening date of September, 2012.
- The Massachusetts School Building Authority (MSBA) has established a new program targeting "Green School Projects." Two school department projects that have received Town Meeting approval are complete or are scheduled to receive partial reimbursement in the total of $2,541,170. The PCIS roof project and the HVAC project at West Elementary were funded through Town Meeting at a total price tag of $8,882,912, and the MSBA reimbursement reduced the town contribution for these projects to $6,341,742.
- Over the past year and one half, the school department has been working on projects that can minimize our utility footprint. We are happy to report that the school department has successfully negotiated a contract that will allow us to have a fixed electricity kilowatt price for the next 10 years with two 5-year renewal options. This is being done entirely through solar power. This endeavor will allow the school department to minimize our utility cost by over $400,000 on year one and by $580,000 every year thereafter. This is an aggressive move for a school department to undertake, and we believe that this will be a model for school districts across the country.

We are faced with many challenges in education as well as increased levels of accountability. I would like to express to the residents of the Town of Plymouth that we are committed to developing a great school system.

Thank you for your support.

Sincerely,
Gary E. Maestas, Ed.D.
Superintendent of Schools

MT. PLEASANT PRESCHOOL

Mt. Pleasant Preschool, located at 22 ½ Whiting Street, Plymouth, services 200 students between the ages of three to five years. The Plymouth Preschool supports the philosophy of inclusive education to which the Plymouth Public Schools is committed. Inclusive education seeks to provide meaningful education to the range of students in our communities by drawing strength from their diversity. Following are some shared common beliefs:

- All children have a right to be educated within their home community with their peers.
- Children should participate at the same time in shared educational experiences.

The Plymouth Preschool consists of four classrooms which offer two sessions each day. The morning session from 9:15–11:45 a.m. and the afternoon session 12:45–3:15 p.m. are inclusive classrooms, serving children with individual educational plans and children from the community. The school also has three full-day preschool programs designed to meet the needs of students with multiple disabilities and with a diagnosis of Pervasive Developmental Delay and/or Autism Spectrum Disorder. Students are provided with a full-day program from 9:15 a.m. to 3:15 p.m. Three morning sessions include typical peer models to provide opportunities for socialization. Special needs students receive speech, physical and occupational therapies according to their individualized education plans. Consultation is provided to teachers and families by a board certified behavior analyst.

Mt. Pleasant Preschool is staffed by Massachusetts certified teachers, a certified physical therapist, an occupational therapist, and speech language pathologists. Direct therapies are provided according to individual educational plans within the classroom or on an outpatient basis.

During the 2010-11 school year, grant funding provided staff development in the area of Early Literacy Curriculum strategies along with new curriculum materials. Through grant funding the preschool playground was updated with new outdoor equipment and a poured-in rubber track to provide access for students with physical disabilities.

COLD SPRING ELEMENTARY SCHOOL

This year, Cold Spring School turned 60, but it's far from being "middle aged!" Students and staff are enthusiastic about learning and excited to share their knowledge and skills with one another. Perhaps it is the new full-day kindergarten that keeps everyone young, or maybe it is a reflection of all that we do to promote respect and character development. Could it possibly be the new school mascot – a lion cub – or newly adopted school colors – royal blue and yellow – that keeps everyone "in the pink?"

With all of the new technology funded through a Title I grant last year, learning is just plain fun! Each classroom has been outfitted with an interactive white board, a wall-mounted "hi-tech" projector and four student computer workstations. An additional grant from Beyond Question enabled the purchase of three sets of student response systems, allowing teachers to gauge student understanding with the click of a button.

The feeling of helping others most certainly contributes to the "good vibrations" around Cold Spring. This year teachers formed a Service Learning Committee with plans to meet with students in grades 3-5 to work on local projects. Two of the school spirit days – "Hat Day" and "Book Character Day" – involve holding charitable collections for those in need. Every other month, one grade sponsors a Respect Assembly to help students learn about positive character development. Each spring Cold Spring holds a non-perishable food drive when supplies run short after the holidays, and donations are sent to the Greater Plymouth Food Warehouse.

Literacy is in full swing at Cold Spring. Students and staff were "turned on" to poetry this fall with a visit from local author, Ted Scheu. His two-day author in residence visit was funded through a Title I grant. After working with students in their classrooms and presenting at a monthly staff meeting, Mr. Scheu invited parents to an evening of family poetry writing. As they have for several years, volunteers from the Mayflower Retired Senior Volunteer Program (RSVP) come in each week to read with some of our students.

Cold Spring School hosted its second annual Parent Fair during Open House in September. Many community organizations were represented, setting up tables and distributing information regarding health, safety, recreational opportunities, and other support services available in the Plymouth community. Among the organizations that participated were Jordan Hospital, Plymouth Public Library, the Old Colony YMCA, Boys' and Girls' Club, WIC, South Shore Community Action Council, as well as the Boy Scouts and Girl Scouts. Families enjoyed interacting with community service organizations and receiving the wealth of information they provided.

Cold Spring is very fortunate to have an active and involved PTA, which is committed to providing fun family activities and enriching cultural arts opportunities for students. In the fall, the PTA sponsored a Grandparents' Breakfast, a Halloween pumpkin decorating day and Pumpkins and Poems Contest. Two family movie nights were planned, one during the holidays and another in the early spring. The PTA sponsored three book fairs, a spaghetti dinner, "Springo," and numerous cultural arts events for students during school.

Cold Spring had several academic school-wide presentations including an Incentive Reading Program, a Writing Celebration, and a Grade 2 Science Fair. Fifth graders created a wax museum to culminate their study of biographies and an "Invention Convention" presentation of original designs.

It's no wonder that the "Cold Springers" have plenty of energy. With all that occurs each and every day, students and staff want to be part of the action!

FEDERAL FURNACE ELEMENTARY SCHOOL

Federal Furnace Elementary School (FFES) had another fabulous year characterized by school spirit and community building as well as academic achievement.

After investigating history and involving all stakeholders in the process, the school renewed its commitment to its dragon mascot. After publishing a brief history of the school mascots in the school newsletter, students submitted drawings of suggested mascots and

accompanying slogans. Staff and Parent Teacher Association (PTA) members voted on the submissions to narrow them down, and students voted – on Election Day – between two selections: the humpback whale and the dragon. The dragon won by receiving approximately two thirds of the vote. The graphic, designed by a fifth grade student, now finds its place on school spirit wear such as t-shirts and sweatshirts that can be purchased to benefit the PTA. The slogan accompanying the logo, attributed to a PTA officer and reminiscent of the derivation of the school's unique name, characterizes the school's culture well: "Fueling the fire of great minds."

Developing strong minds has been accompanied by the facilitation of strong social skills at Federal Furnace. This year an increased emphasis was placed on making Federal Furnace an emotionally safe place to learn for all. Staff received ongoing training on new Anti-Bullying legislation, policy and procedures, and students participated in special assemblies that supplemented the school system's already existing health curriculum, Second Step and Steps to Respect, that focuses on social competency and anti-bullying. A parent night promoting awareness of bullying and the school's efforts to educate children about it was offered and televised. In addition, the school staff worked with students and the bus company to implement The Peaceful Bus Program. This program focuses on the development of 'bus communities' by bringing students, staff and drivers together for a series of interactive meetings. Students, parents and community members have overwhelmingly expressed satisfaction with the efforts towards continuing to foster social development and positive culture in the school and on the school bus.

Physical well being was also a focus at Federal Furnace this year. The staff worked collaboratively with community organizations and high school students to bring the 4th annual interactive health fair to students at the school. The fair was moved from February to April with great success so that outdoor activities could more easily be integrated.

Students at Federal Furnace have received a well-rounded educational program and have shown success in many arenas including academics. The school proudly boasts increased achievement on the Massachusetts Comprehensive Assessment System this year, making

Adequate Yearly Progress in all areas and with great growth evidenced in English Language Arts. The school community is proud of students and staff alike for their commitment and achievements.

HEDGE ELEMENTARY SCHOOL

Hedge School opened with 212 students for the 2011-2012 school year. A full-day kindergarten pilot program started with 20 students. Hedge serves students from the immediate neighborhood. All students walk or are driven to school.

Hedge TV premiered in March, 2011. Students in grade five record the announcements and Words of Wisdom daily. Every morning, students watch the announcements on the SmartBoards in the classrooms. Announcements are updated on the Hedge School website for parents and community members to view daily.

With the use of America's Reinvestment Recovery Act funding, Hedge School was able to install computers and Smartboards in every classroom. Students and teachers also have access to student response systems and document cameras. Instruction at Hedge School now integrates technology and technology skills daily.

Hedge School's focus during the 2011-2012 school year was writing. Ted Scheu, "That Poetry Guy", spent a two-day residency at Hedge School at the beginning of October. He worked with both students and staff to write poetry during the day. During the second evening, Ted Scheu conducted an assembly of parents and students where students shared poems they had written during the day. Parents and students wrote poems together while focusing on word choice and building a positive Hedge School community.

As Hedge celebrated the 10th Anniversary of September 11th, students wrote letters of thanks to our first responders. The students in second and third grades delivered the letters to the fire fighters in North Plymouth. Hedge School continued the theme of thanks by inviting first responders to the annual Thanksgiving Feast. Parents and former Hedge School teachers volunteered to cook and serve the students. The Principal concluded the event by the traditional reading of a book to the students.

In addition to the Thanksgiving Feast, there are many different events that students participated in during the year. Read Across America Day, Field Day, First Day, Grandparents Day, and Spirit Days are a few of the major events in which the students were active participants.

The 2011-2012 school year saw the return of Hedge Academy. Hedge Academy is an after school program for students provided at no charge. Students can choose from a variety of options, including board games, physical fitness, art, and Hedge School News. Other opportunities were provided for students as well.

The teachers and students continued working to address the students' academic strengths and target areas. Students received three free books per year through the Reading is Fundamental grant to encourage reading at home. After school programs helped students in the areas of Math and English Language Arts.

INDIAN BROOK ELEMENTARY SCHOOL

Indian Brook School entered its second year with the return of fifth grade students, finding it to be a great benefit to the school. Their maturity has allowed the establishment of a great peer helper program, kindergarten dismissal supports, as well as a host of other items that has brought much to the school.

Technology has been another wonderful addition to the manner in which the staff supported all students educationally. With a new computer lab, a number of portable interactive white boards, on-line program supports, etc., students have been provided with the 21st Century Skills they will need to flourish in a very tech savvy world.

Additionally, students have an increased understanding of "community" and "civic responsibility." This is part of one of the Indian Brook School Council Goals. With the assistance of the entire staff, Indian Brook School began a program that ties a fun event at school with a community focus. For example, during the month of November the school collected nonperishable food items, which were donated to a local food pantry. Hundreds of cans and numerous boxes of non-perishable items were collected. This, like others, was tied to the school's "Wacky Wednesday" program where the children have a

kick-off day that is fun and connected to a community event. In addition, many Indian Brook teachers sponsored either class or grade level activities. A fourth grade teacher sent a host of items to help our troops overseas through Operation Gratitude. Other activities our school supported were Veterans Day (inviting veterans in to visit and speak), Plymouth Council on Aging (pen pals program with a culminating field trip visit), Grandparents Day, and a host of other events that brought both community members to the school or involved students out in the community.

Indian Brook saw many academic accomplishments over the past year. Last Spring the Lieutenant Governor, Timothy Murray, visited the school as a result of the growth Indian Brook students showed in the area of MCAS, directly resulting from the day in and day out efforts of Indian Brook teachers. Also, a fourth grade class visited Bridgewater State University where they partook in Bridgewater's annual Geo Fair, where they placed second in the competition. Also, a large group of fourth and fifth grade students participated in the Lego Robotics competition last spring that was hosted at South Elementary School. In addition to academic achievements, of note is the increased level of participation of Indian Brook students in the Annual Town-wide Art Show and the Instrumental Choral Production that representatives from all Plymouth schools take part in each year, held at Memorial Hall and including the Plymouth Philharmonic.

Other noteworthy items include a rather large recycling program that a few Indian Brook School teachers oversee with support from many students who are responsible for collecting items from each wing in the school on a weekly basis. With the support of many parents, planting beds were created for each grade as well as a bed to build a small cranberry bog. Last, the Indian Brook community is very proud to have been the school that raised the most money for Dr. Maestas's bike ride from Washington, DC, to Plymouth, MA, by holding a dunk tank event in which students could purchase a ball and choose which school administrator they would like to "Dunk."

Indian Brook Elementary School

MANOMET ELEMENTARY SCHOOL

Manomet School has been both a busy and productive place to be throughout this past year. Many accomplishments could not have occurred without a partnership among families, staff, and the local community.

This partnership has once again been highlighted through the productions that culminate the Annual Theater Workshop. Last winter, students entertained audiences with two performances of *Peter Pan*, and took the stage once again as the cast of *Charlie and the Chocolate Factory*. Local theater professionals bring the students from novices to pros within a matter of weeks. The generous donations of local businesses make all of this possible. Manomet parents support this production by scrambling to do everything from piecing together costumes to creating entire wall murals. This is truly a team effort that finally comes to life by the energy the students bring to the stage.

Last spring, students participated in the first Manomet School "book club". Kindergarten and grade one children were challenged to read the classic tale, *A Cricket in Time Square*, and then take part in an evening celebration of this book and talk about it just like adults do. The children were led through a series of exercises by the "big kids" in grade five. These older students not only helped deepen the understanding of this story for the younger children by what they had

to say, but also assumed these characters and acted out roles from the story.

Manomet School proudly produced many musical events. Concerts were a frequent occurrence at Manomet, always a special experience for both audience members and performers alike. The winter and spring concerts featured performances by the chorus, band, and strings group. The winter concert toured audience members around the world as they listened to music that celebrated the holidays of many different cultures. In the spring, students went back in time to perform renditions of several Beatles songs. Then in November, the band helped the school celebrate Veterans' Day by performing several patriotic songs.

Student performance in science is another great source of pride for Manomet School. Last winter, grade five students impressed their fellow students and the entire community with the level of planning, thought, and production that went into their science fair projects. This was followed during the spring by grade four students who created "leprechaun traps" to demonstrate their understanding of simple machines. Also, a committee was formed to plan the first ever "Science Fun Night" at Manomet School.

NATHANIEL MORTON ELEMENTARY SCHOOL

The Nathaniel Morton Elementary School (NMES) experienced another year full of community involvement and student opportunity and engagement. The school community of families and staff worked together to provide curriculum-based activities and enrichment opportunities. Some of these included a family Math night for students in kindergarten through second grade, an energetic all-school performance, entitled *Toying with Science*, Enrichment Saturday, school-wide Field Day, drama/chorus club performances, and the inaugural NMES talent show. Popular traditions provided by the Parent Teacher Association (PTA) continued with great success such as Halloween Haunt, Breakfast with Santa and Family Fun Day. The generosity of families also provided many in-school or out-of-school field trips throughout the year such as WingMasters, visits to CN Smith farm, New England Aquarium, Bay Colony Educators, local historic houses and the Franklin Park Zoo.

Students also experienced many opportunities to connect with the community through spirit activities that center upon charitable actions. Food drives, clothing collections, and several veterans' tributes highlight ways in which students are able to see that they can make a difference. This theme of working together was extended with an approach to recognize positive school behaviors with the creation of the CREW. The acronym represented C (collaborative learning), R (respectful behavior), E (engaged effort), and W (welcome to everyone). Students enthusiastically responded to earning CREW stickers, but more importantly strove to use these guidelines for their daily approach to learning. Efforts to promote this positive climate also extended to bus rides with the implementation of a program called the Peaceful School Bus. The goal is to involve students in the creation of supportive environments on the bus.

The school also transitioned into new leadership with a newly appointed principal and assistant principal for the 2011-2-12 school year. The transition process was highlighted by a commitment to continued success for students and exploring new opportunities to meet individual learners and celebrate the whole child. Nathaniel Morton will celebrate its Centennial Celebration in 2013 and will continue to use the upcoming year to think about ways to involve the Plymouth community at-large.

SOUTH ELEMENTARY SCHOOL

South Elementary School served a student population of more than 700 students in pre-school through grade 4 during calendar year 2011. Teachers and staff sustained a rich learning environment for students due to the support of teachers, parents, staff and the Plymouth community.

Teachers embraced the use of technology in the classroom. Many took part in a school-based Study Group to learn more about using SmartBoards. Teachers used these interactive SmartBoards to engage students in classroom instruction, to Skype with students in classrooms at other locations and to visit Internet sites for webinars and virtual tours. Many of South's students recently took part in the First Thanksgiving webinar sponsored by Plimoth Plantation and

Scholastic, a global children's publishing, education and media company.

Literacy is the key to all learning. A number of special events supported the reading and writing activities that take place in classrooms. Collectively, students read 3,957 books as part of the school's Spring Training Reading Incentive. Under the direction of the school librarian, a group of fourth graders met during lunch to review new books for book publisher, Little Brown. Recently, students learned about the MA Children's Book Award Program through the collaborative efforts of the Children's Librarian at the Plymouth Public Library and the South school librarian. Football players and cheerleaders from Plymouth South High School visited South Elementary during Thanksgiving week to continue the annual tradition of reading aloud to their elementary school counterparts.

The arts brightened students' lives at South Elementary. More than 60 fourth graders took instrumental music lessons and 130 students participated in the school chorus. Both groups presented winter and spring music programs. About 15 students participated in the Annual District-wide Music Festival at Memorial Hall and 10 fourth graders had the opportunity to sing with the Plymouth Philharmonic Orchestra through their membership in Plymouth's Select Elementary Chorus. Students displayed their art work at the district-wide Arts Festival, at Central Office and as part of a special exhibition at the Spring House in Boston.

South Elementary School students were well-represented at the district-wide Elementary Robotics Festival in the spring. Approximately 200 students, parents and teachers participated in the Annual Overnight Trip to Boston's Museum of Science. Opportunities to learn extended beyond the walls of the classroom and beyond the school day.

The Plymouth community supported student learning. Volunteers from the Mayflower Retired Senior Volunteer Program visited classes each week to read with students. The South Elementary School PTA funded grade-level and school-wide enrichment opportunities. Kohl's of Plymouth assisted with beautification of the school's grounds and Operation Outreach, funded by Entergy, provided all first graders with

free books. South Elementary School students and staff have been deeply appreciative of the support provided by the entire Plymouth community.

WEST ELEMENTARY SCHOOL

West School continues to promote raising expectations and achievement for all students. West School was proud once again of the performance of third, fourth and fifth grade students on the Massachusetts Comprehensive Assessment System. West students were identified as making "Adequate Yearly Progress." Before school math clubs were held for students in grades three, four and five as well as a Family Math night. Students were invited to participate in the annual Read-a-thon with a June kick-off, "Come Read with Me Under the Sea."

West School students had a variety of extension opportunities offered to them through the Advanced Readiness Learner program. Before/after school clubs included Mock Trial, Strategy Games, Robotics, Stock Market Game, Newspaper Club, and Scrabble. Townwide "Competitive" opportunities included a Robotics Rally and a Scrabble Tournament.

Student awareness of helping others continued to be fostered at West. One second grade class partnered with a second grade class from Manomet Elementary School to do a special project each month for the Homeless Shelter. The first annual "The Great Bedtime Story Pajama Drive" was held with 262 pairs of pajamas being donated to Scholastic Book Company and its partner the nonprofit Pajama Program. West School's Giving Tree raised $1380 in charitable contributions to the Old Colony Memorial Community Fund. A canned food drive was sponsored by second grade classes with the canned goods donated to local food pantries. West participated in the local fundraising efforts to support Plymouth's sister city of Shichigahama. West staff through Friday "Dress Down" days also raised monthly donations for various charities such as the Magical Moon Foundation and Diabetes Foundation.
Student talents were very much on display during the 2010 – 2011 school year. Fifth grade stars were found as they were featured in their musical production, "We Haz Jazz" in February along with the

annual Gym Show in May. Students from West had the opportunity to participate in the Town-Wide Music Festivals for band and choir. Kindergarten students had adults and children in laughter with their production of "Nuts." As always the first grade Mother's Day program created special memories.

Annual West traditions were enjoyed by all during the school year. These included the Holiday Sing-Along, Heart Healthy Day (focus on physical fitness activities), Enrichment Day (Saturday workshops for students) and Field Day.

PLYMOUTH COMMUNITY INTERMEDIATE SCHOOL

The Plymouth Community Intermediate School (PCIS) continues to focus on literacy. The PCIS staff and the Literacy Support Team are busy creating a culture of literacy across the content areas in our school. Over the past five years, PCIS has worked on developing and sharing strategies, working with our colleagues on professional development, creating videos of strategies being used in the classroom, and expanding our strategy toolbox to incorporate more technology. Our belief is that literacy is the base on which all learning is built; therefore, all teachers are literacy specialists within their own content areas. It is our job to teach students how to be literate in math, science, social studies, English, the arts, etc. ***We are all learning strategists!***

PCIS offers more than twenty after-school programs for students. These programs include art clubs, writing clubs, music, arts and crafts, service-learning programs, and physical activities. One of the most popular of these is the interscholastic athletic program, which features eleven sports. More than 300 students have participated in these sports at no charge. The program provides student-athletes with an introduction to education-based athletics.

Another very popular after-school program is the PCIS grade eight service group, Falcon Pride. This group organized several service projects during the year. These included visiting Radius Health Care Center, participation in the Jordan Hospital Polar Plunge, raising money to be donated to the Semper Fi Fund in honor of a former PCIS student who was injured in Afghanistan, collecting items to be sent to

our troops overseas, and participation in the American Cancer Society Relay for Life. PCIS students took part in a Thanksgiving food drive, which provided forty meals for PCIS families and collected toys for the Marine Corps Toys for Tots campaign.

All of the eighth grade students from PCIS visited Massachusetts Maritime Academy as part of a college awareness initiative which exposes 8th grade students to the college experience. The students were given a tour of the campus and met the President of the college.

PCIS staff members once again participated in the Greater Plymouth Relay for Life. The PCIS Hopewalkers have raised several thousand dollars for the American Cancer Society. Several PCIS students also formed a team for the Relay for Life, and worked throughout the entire school year to raise money for cancer research.

PCIS students participated in Project Citizen and for the third straight year won Best Overall Portfolio at the State House in Boston. PCIS students competed against schools from all over the Commonwealth at this statewide showcase. As the representative of Massachusetts, the project and portfolio was flown to the National Conference on State Legislatures in Philadelphia where it was displayed and judged against the other forty-nine state winners. The PCIS project was voted one of the best in the nation.

In the spring, over forty community members and the entire PCIS seventh grade participated in the PCIS Career Day. The day started with a former Women's US Hockey gold medalist as the keynote speaker and ended with a speech by the Superintendent of the Plymouth Public Schools. These representatives from the public and private sectors made presentations to students regarding their career paths and the schooling and training required to pursue their careers. This was an excellent way to connect the school and our students to the community and beyond.

In the fall, over eighty chorus students performed at the Independence Mall's Annual Charity Night. Choral students also performed for the Plymouth Women's Group and sang the National Anthem at a Providence Bruins game. Over thirty chorus students participated in the All-Town Music Festival. Choral members participated at both the

Junior District and Junior Southeastern Massachusetts School Band Association (SEMSBA) festivals.

Our very talented choral teachers, along with some very talented student performers and crew members, produced a delightful presentation of *Mulan.* More than 70 students were involved in the production.

Plymouth Community Intermediate School

PLYMOUTH SOUTH MIDDLE SCHOOL

Plymouth South Middle School (PSMS) continues to be a vibrant learning community.

Twenty-three grade seven students participated in the Southeastern Massachusetts Geography Network Geography Fair, held at Bridgewater State College. The theme this year was "Communities: Contrasting Their Geographic Elements": Nine students were presented with awards for their projects.
The Fine Arts are well-represented at Plymouth South Middle School. Over 250 students participated in our instrumental and choral music programs. In addition to courses in band, strings and chorus, PSMS also offers electives to students in grades 7 & 8 in Music Technology, Guitar, and Theater. In the spring, four music students were selected to participate in the Southeastern Jr. District Music Festival, and five

students were chosen to participate in the Southeastern Massachusetts Bandmasters Association (SEMSBA) concert. The 6th, 7th and 8th grade band participated in the Massachusetts Instrumental and Choral Conductors Association Music (MICCA) Festival where they received a bronze rating. The Jazz Band performed at the Arty Awards held at the Radisson Hotel in Plymouth. Selected band and chorus members participated in the All-Town Band and Chorus Concert at Memorial Hall. The grades 6-8 Band also performed at both Indian Brook and South Elementary Schools in June. The PSMS Art department participated in the townwide Art Show at the Plymouth Center for the Arts. Thirty students from grades 5-8 submitted entries to the Doodle for Google contest. Thirty-two students submitted an entry in the annual School Department Budget Book Contest with three pieces of art being featured. PSMS also had four honorary mention awards given to students for their entries in the Stellwagen Bank Poster Contest.

PSMS held a Massachusetts Comprehensive Assessment System After-School Program to benefit our students who were having difficulty with the Math portion of the MCAS test. The Math program had 144 students participate, with 16 tutors working with the students.

The interscholastic sports program at Plymouth South Middle School continues to grow. More than 300 students participated in the following sports: Boys and Girls Soccer; Boys and Girls Cross Country; Girls Field Hockey; Boys and Girls Basketball; Boys and Girls Track and Girls Volleyball. We anticipate the numbers will continue to grow each year as the program gains in popularity.

After school clubs and activities also continued to grow. PSMS offered Bulletin Board Club, Clay Club, Drama Club, Ecology Club, Student Council, Garden Club, Mathletes, National Honor Society Tutoring, Jazz Band, Scrabble Club, Movie Makers Club, Boat Building Club, Tech Ed Club, Tennis Club, Walking/Fitness Club, Yearbook Club, Knitting and Origami Club. Over 400 students participated in the afterschool programs.

Since opening in 1999, Plymouth South Middle School has prided itself on being a giving community, dedicated to community service.

The tradition of giving generously continued in 2011. Some of our service and charitable efforts included:

- Daffodil Days: In early spring, the staff participated in the American Cancer Society's Daffodil Days. $565.00 was raised.
- "Cow Pie" sales generated $262.00 for Heifer International.
- Penny Wars raised $500.00 for Cystic Fibrosis.
- Baseball Hat Day raised $215.00 for the Jimmy Fund.
- Lee National Denim Day: Each fall, staff and students of PSMS participate in Lee National Denim Day. Over $1,046.00 was raised for Breast Cancer Research this year.
- Students donated their Halloween candy to be sent to troops in Iraq.
- Festival of Trees: In December, twenty students took part in the Festival of Trees to benefit the Cranberry Area Hospice. Our tree was entitled, "Angels Among Us Everyday."
- Holiday Baskets: Students collected food for holiday baskets to feed 33 families their Thanksgiving meal.
- Holiday Spirit: The Plymouth South Middle School continues helping those families in need throughout the community; monies are raised through student auctions. This year $4,800.00 was raised which enabled the students and staff to provide food and gifts for families in Plymouth.
- Canned Food Drive: Students and staff continued donating to an ongoing Food Drive at PSMS to help the local food pantry.

Plymouth South Middle School

PLYMOUTH NORTH HIGH SCHOOL

Plymouth North High School (PNHS) continued the tradition of excellence in academics, arts, civics, and athletics in 2011.

Two seniors were named Commended Students in the 2011-2012 National Merit Scholarship Program. By virtue of their scores on AP exams, the College Board named eleven students **AP Scholars** by receiving scores of 3 or higher on three or more different AP exams; one student was named **AP Scholar with Honor** by receiving an average score of 3.25 on all AP Exams taken and scores of 3 and higher on four or more exams; two students were named **AP Scholar with Distinction** by receiving an average score of at least 3.5 on all AP exams taken, and scores of 3 or higher on five or more of these exams.

Fifty-five percent of PNHS graduates in the Class of 2011 went on to study at four-year colleges or universities while twenty-five percent pursued an education at a two-year college or technical school. PNHS students are attending some of the following schools of note: American University (1), Brandeis University (2), Dartmouth College (1), College of the Holy Cross (1), Worcester Polytechnic Institute (4). PNHS had five recipients of the Grace Swift Nye and Alfred Gibbs Nye Scholarship Trust totaling $12,500. PNHS seniors received $94,850 in scholarships through the Plymouth High Schools Scholarship Committee. Eighty students in the Class of 2012 received the John and Abigail Adams Scholarship. Four students received $10,000 from the Richard C. & Angela R. Holmes Scholarship and the Angie M. & August E. Tavernelli Scholarship.

Best Buddies Plymouth North High School Chapter provides opportunities for one-to-one friendships and group events for people with intellectual disabilities and their non-disabled peers.
Two teachers are the advisors for the Best Buddies chapter along with students in the officer positions of Chapter President, Vice Presidents, Secretary, Treasurer and Buddy Director. There are approximately 40 student members of this chapter. Best Buddies events held this past year included bi-monthly meetings, car washes, Halloween Movie Night, Polar Express Night, Valentine's Day event, an Evening of

Magic and a Massachusetts state-wide Best Buddies Ball. An evening with East Coast A Capella was planned for the fall.

DECA (Distributive Education Clubs of America) Plymouth North sent 86 students to the District I competition in January. These included individual and team role plays across a variety of business disciplines. North High competitors earned 5 first place finishes, 3 second place finishes, and 4 third place finishes. Students also took home an award for top marks on a marketing test. Fifty-five students won medals. Forty-six students qualified to attend the State Competition in Boston. The PNHS Quiz Bowl team defeated all competitors at States and went on to represent Massachusetts at the International Conference. One team took first place in the Entrepreneurship category, earning an opportunity to compete at the International conference in Orlando, Florida. Four students journeyed to WGBH studios on "Super Sunday" to compete for 16 coveted spots on the televised High School Quiz Show.

The Plymouth North Math Team competed in two leagues, the New England Math League (NEML) and the Southeastern Massachusetts Math League (SMML). In 2011 over 50 students participated in the NEML and North High placed third in Plymouth County. Twenty-five students also participated in the SMML and the team placed second in Division VI. Two seniors were presented with Math Team Service Awards at academic convocation. In addition, members of the team volunteered at the Math Counts competition at PCIS.

PNHS engineering marks the beginning of the 18th year of the Plymouth Robotics Program. More than 38 Plymouth North High School students are currently registered members of the robotics team. This makes North's team one of the largest single competitive teams in the district. This year the combined Plymouth North and South High School robotics teams will compete in the most sophisticated and competitive robot challenge in the nation—the US FIRST Robotics Competition (FRC) at Worcester Polytechnic Institute, Worcester. More than 190 PNHS robotics students have entered careers in science, math, technology, and engineering since the program began in 1994.

PNN (Plymouth North News) was selected as a Broadcast Pacemaker Finalist by the National Scholastic Press Association (NSPA). It was one of seven finalists named throughout the country. Entries consisted of an entire broadcast news program no longer than 20 minutes, and categories included Daily programs, Weekly/Biweekly programs and Monthly or less programs. PNN Advisors Shelley Jaruse, Dan Riley, and Kristen DiGravio traveled to the 90th Annual JEA (Journalism Education Association)/NSPA Fall National High School Journalism Convention in Minneapolis, Minnesota, to accept the finalist award.
Two Visual Arts (VA) students won Silver Key Awards and seven VA students won honorable mentions in the Scholastic Art and Writing Awards. VA participated for the first time in the Massachusetts Organization of Video Educators Film Festival. VA students won one first prize in two of six categories (PSA and Animation), plus Overall Best Film of entire festival. Digital Photo students designed the Graduation and Honors Awards Programs. One student was accepted to Rhode Island School of Design, three students are studying Art full-time at Mass Art, and one at Montserrat Art.

Thirty-three Plymouth North students participated in the annual townwide Science Fair, with one student receiving a second place finish, two students placing third, three students placing fifth and four students receiving honorable mentions. Six students then went on to the regional Science Fair at Bridgewater State University, where three students placed second, two of whom received the United States Air Force Award and one the Naval Science Award. These three students later went on to the Massachusetts State Science Fair at MIT in Boston, with one placing first and receiving a $60,000 scholarship to an area college, and the two others receiving honorable mentions along with the MIT Educational Studies Program Award.

Plymouth North Music had one student participate in the Massachusetts Music Educators' Association All-State Auditions in Shrewsbury. Eleven Plymouth North students participated in the Southeastern Massachusetts School Bandmaster's Association (SEMSBA) Senior Music Festival. The Combined High Schools Marching Band performed for the DreamRide Rally at Jordan Hospital in June and for the opening ceremony of the Relay for Life at South High School. The PN High School Marching Band marched in the Plymouth July Fourth Parade. The PN High School Marching Band

placed first in Division 3A at the US Scholastic Band Association (USSBA) Festival. The Combined High Schools Marching Band marched in the America's Hometown Thanksgiving Parade.

PNHS National Honor Society (NHS) held the following fundraisers to support the program: Car Wash, Minute–To–Win–It competition, Silpada Jewelry Sales and a Bowl-a-thon. The NHS students perform community service both individually and as a group. The following group services were completed this year: Relay for Life, Adopt a family at Christmas, Homework Club – PCIS, Senior Citizens Prom, Red Cross Blood Drive (2), Teacher Appreciation Breakfast, PNHS Open House, Thanksgiving baskets for the needy, Feed the Homeless, Cold Spring Classroom helpers, Hedge 100 year Celebration, Cranberry Hospice Festival of Trees, Nathaniel Morton Enrichment Day, 100 for 100 project, Thanksgiving Day parade and MS Walk.

In addition NHS inducted 57 juniors in March at the annual induction ceremony and graduated 37 seniors. NHS awarded five service scholarships at convocation and made donations to several charities.

PNHS Student Council (SC) members of the executive board attended a leadership conference at College of the Holy Cross in October. Twenty members of the student council attended the fall conference of the Southeastern Massachusetts Association of Student Councils at Scituate High School. PNHS SC members organized a successful "Battle of the Bands," featuring eight bands/performers from Plymouth North. PNHS SC, combined with the Plymouth South student council, held the annual Powder Puff football game at South High School (North beat South 25-13). Student Council organized Spirit Week events which included Penny Wars at lunch, themed hallway competition between the classes, and the Pep Rally. PN Student Council focused its efforts in becoming more of an outlet for a student voice.

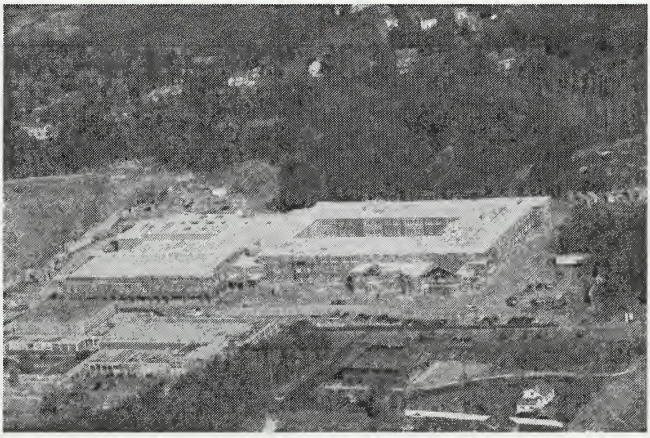

Several PNHS students received All Scholastic honors from the Boston Globe, Boston Herald, Brockton Enterprise and Patriot Ledger. Forty-seven PNHS athletes received Atlantic Coast League All Star Awards. The PNHS baseball team was Atlantic Coast League Champs and Division 2 State Champions. PNHS baseball and girls tennis and

field hockey teams received the Atlantic Coast Team Sportsmanship Award.

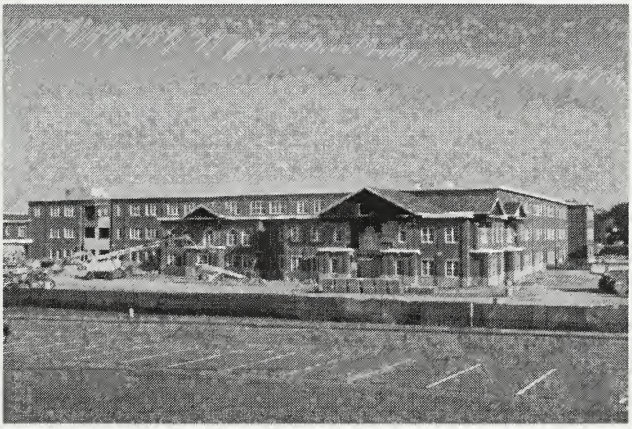

PNHS field hockey and volleyball teams combined to bring awareness to diabetes. A field hockey senior spearheaded the effort. This student is one of two players in the program with diabetes. Both teams wore t-shirts bringing awareness to the issue and donated nearly $400 to the Juvenile Diabetes Foundation.

As part of the PNHS Homecoming festivities, the senior class collected eight boxes of canned goods for St. Mary's Parish/St. Vincent de Paul Society. The Homecoming Football Game and Dance took place in October. The Annual Senior Octoberfest was held in October.

The Plymouth North High School community looks forward to improving upon our high standards and achievements in 2012.

North High School Construction

North High School Old and New

PLYMOUTH SOUTH HIGH SCHOOL

It has been another fantastic year at Plymouth South High School (PSHS). There have been new initiatives, accomplishments, and continued traditions. Students have excelled in the classrooms, as musicians, on the athletic fields, and in the technical studies program just to name a few. Listed below are some of the highlights when looking at the year in review.

On the athletic fields, South students had tremendous success. For the fourth consecutive year the girls softball team won the Atlantic Coast League (ACL). The girls soccer team made school history by making it to the semi-finals of the state tournament. The wrestling team excelled as usual and made it to the Massachusetts South Sectional semi-finals, and the girls basketball, volleyball, softball, and soccer teams qualified for tourney play during the 2010-2011 school year. Several students from Plymouth South Athletics received all-scholastic honors from the Boston Globe, Boston Herald, Brockton Enterprise, and Patriot Ledger. South High was awarded league sportsmanship awards in multiple sports. There was a strong commitment led by the coaches and athletes in giving back to the community. They initiated and/or participated in the following community service projects: Polar Plunge, Fanning Road Race, Beach and Park clean-up projects, Adopt-a-Child, Cold Spring Elementary "Family Fun Day," Samuel Fry Road Race, and an athlete/elementary

student reading project with Cold Spring and South Elementary. A senior athletic awards night was a new addition to South's program. Throughout the year there were additional accolades and ACL all-star awards given to our athletes and coaches. The dance team was been added as a varsity sport.

On the academic front, our MCAS scores continued to rise, and South also continued a successful Latin program. Numerous students received Summa Cum Laude, Maxima Cum Laude, Magna Cum Laude, and Cum Laude Awards. Continued excellence was exhibited through our Advanced Placement Program. Students from the class of 2011 earned the designation of *AP Scholar* by the College Board in recognition of their exceptional achievement on the college-level Advanced Placement exams. In addition, South added another new Advanced Placement course in the English department. South also recognized all students involved in the AP program with t-shirts as a symbol of their success. Our second year Panther TV program was again recognized as the "Best in New England" by the New England Broadcast Journalist Association.

A major focus in 2011 at Plymouth South High School was community service. All athletic programs at PSHS participated in at least one community service activity per season. PSHS piloted a senior project pilot program where students worked with members of the community. The Interact Club organized a major Thanksgiving food drive in cooperation with the local food pantries. They decorated trees with the residents of Plymouth Crossings assisted living center. They prepared and served food on a regular basis to some of the town's homeless, and a talent show was staged for the residents of Plymouth Crossings. Finally, as a school, through the leadership of Student Council, the South High students and staff created and delivered over 50 turkey baskets for needy families.

Student Council also had a tremendous year. Participation in officer programs, leadership workshops, and school spirit activities such as Plymouth South Idol were paramount. Community service was yet another underlying theme for this group. They supported projects for such groups as the walk for hunger, camp sunshine, food banks, wounded warriors, and veterans associations, with the list going on and on. Finally, the National Honor Society student group continued

giving back to the community. They worked closely with the Red Cross in organizing two student-led blood drives, volunteered at the Relay for Life, participated in weekly tutoring at Plymouth South Middle School, and worked to sell holiday wreaths with all proceeds being donated to the Doug Flutie Foundation for Autism.

The PSHS Freshman Academy that was initiated seven years ago continued to thrive, becoming a model for other schools in the Commonwealth that are looking to adopt this program. Increased communication with parents and students was one of the benefits of the program. Through personalization efforts like this, South High also added an advisory program for students in grades 9-12. Currently 82% of the student body is in an advisory. This program focused on a time in the day where students can connect in a small group setting with one adult. These small groups provided a safe, supportive environment where students explore decision-making and life skills that may not be addressed in a classroom curriculum. South High has been recognized by the National Association of Secondary Schools and was asked to present for a second consecutive year at a National Conference to share some of the school's successes.

South High's music department continued to perform in true style. The winter and spring concerts were outstanding with a great deal of involvement from both students and staff. There were multiple musical performances throughout the Plymouth community that include but are not limited to the Festival of Trees, the Pinehills, the Martin Luther King Jr. breakfast, and the Independence Mall. Many students competed at both the local and district level and had tremendous success. In the Boston Globe Art Awards, students from South High were Gold and Silver Key winners! The seniors in the art program, with their teachers, hosted the third annual "Senior Art Show." This was a night where all senior artists showcased their artwork from the year. Numerous Plymouth South students participated in the Youth Art Month Exhibition at the Plymouth Art Guild, and many students had their artwork exhibited at the Plymouth Public Schools Central Office. Two artists were recognized at the national level for their performance. It was quite a year for our musicians and artists.

Plymouth Vocational Technical Education continued moving in a positive direction. Graphic Arts increased their articulation agreements with Boston University's CDIA and the New England Art Institute. Graphic's also added a Design and Visual Communication component to the curriculum. Metal Fabrication and Welding completed OSHA training for all students and many attained five or more specific AWS certifications. Culinary Arts seniors and juniors competed in a cooking show that aired on local television and also proudly offered the Serve Safe course to all sophomores. The Marketing program had many students qualify for the state level marketing competition, 10 of whom competed at the national level, and the school store received national recognition for its business and operations plan. In addition, Marketing successfully implemented public relations campaigns for domestic violence awareness, breast cancer, and animal rescue. The Electronics program recently adopted the Project Lead the Way curriculum and reconditioned another 50 donated STEP Foundation computers, distributing them to economically disadvantaged students in Plymouth. For the 14th straight year Child Care students raised money for the Old Colony Memorial's Adopt-A-Child fundraiser, and students volunteered at the South Shore Housing Authority's Polar Express. Electrical students finished a major construction project at the Plymouth Police Station and continued the tradition of providing wiring for the annual Cranberry Hospice's Festival of Trees at Plimoth Plantation. CAD has a newly refurbished lab, added new equipment and software to both computer labs, and completed numerous school signage and decal projects. Cosmetology Licensure was awarded to multiple seniors, and students continued job shadowing in area salons. In addition, Cosmetology students were involved in many community projects as they hosted the "Red Hat Society" for hairstyles and participated in the national "Cut-it-Out" program for battered women. Computer Science students each year develop elementary level math, science, English and history computer games and visit all of the district's elementary schools. Skills USA state officers hosted four successful "Southside Cruise Nights" to assist with sending the students to district and state competitions and sent approximately 90 students to the district competition. Finally, 24 students participated in either paid cooperative education jobs or internships related to their vocational program of study during the school year

These are just a few of the many activities and events that took place each and every day at Plymouth South High School. South High has a wonderful student body with a dedicated staff who are committed to improving achievement, building life-long learners, and enhancing the overall community of Plymouth.

ALTERNATIVE HIGH SCHOOL

In June of 2011, ten Alternative High School (AHS) students graduated with their respective high schools. Five of these students "walked" with PNHS and five participated in the PSHS ceremony. Receiving their diplomas represented the culmination of many years of frustration and difficulty for these students, but more importantly, it was a representation of the perseverance and confidence they had in themselves to accomplish this goal. Every one of these students expressed that without the AHS, they would have dropped out of high school. They also identified that the design of the AHS was the reason they were successful. Students described their connections with caring adults, the smaller class sizes, and the flexibility in which the curricula were delivered as the major reasons they were successful.

The AHS began the school year with 24 students in addition to attempting to work with a student who was a full time day student, who needed additional classes in order to be able to graduate. Ultimately this proved to be unsuccessful, but it allowed the AHS an opportunity to try to grow in a way that might be more helpful to other students in the future. AHS learned what worked and what did not and how it could be more effective as it continues to try to grow. Ultimately, the maximum number of students the AHS enrolled was 27. This proved to be a manageable number, but the ideal census remains at 25.

AHS students were referred by guidance and administration from their "sending" school (PNHS or PSHS) with criteria including, but not limited to, academic difficulty, poor attendance, and social and/or behavioral problems. In order to be considered for this program, the students must express their desire to attain a high school diploma AND a willingness to complete the work involved in achieving this goal. These students understand that this program is a privilege and

that they must maintain certain behavioral, social, and academic standards in order to remain in the program.

As for the schedule and offerings in the AHS, the school continued working to adjust the current district curricula to fit within the schedule of the AHS. AHS staff worked collaboratively over the summer to identify the specific needs of students and how best to deliver curricula to them. During the year, the AHS was able to offer two electives- Technology and Arts, with students being able to participate in one for the entire year. These courses offered students an opportunity to explore subjects that interested them outside of their core academic requirements.

The AHS employs mainly Plymouth Public Schools educators, who teach in the program two to three afternoons or evenings per week. These teachers work with the students to develop the academic and social skills that will ultimately make them productive and contributing members of society.

ADVISORY AND FINANCE COMMITTEE

It is the duty of the Advisory and Finance Committee to consider, review, and present all matters proposed to be acted on at all Town Meetings. The Advisory and Finance Committee has full authority at any time to investigate the town's management, books, records, and all department accounts.

The Advisory and Finance Committee is required by Charter to review all articles and budget items. Comprised of fifteen members appointed by the Town Moderator, the committee meets on the third Wednesday each month. In advance of the Spring and Fall Town Meetings, the committee meets more frequently as it reviews issues to be heard by Town Meeting. Subcommittees examine the budgets of the various Town Departments and the School Department and make recommendations in support or for change.

The external economic environment for FY11 continued to be difficult. State Aid was level funded and the budget for Local Receipts dropped 12%. Besides a 3.15% increase in property taxes the budget planned using the remaining BECO stabilization funds of $10,787 and free cash of $3,242,000. In other words besides using the maximum allowable tax increase, the budget relied on substantial reductions in reserves.

It appears that the economic climate has stabilized and is improving but Plymouth faces some formidable challenges that the citizens must address in the coming years.

Increasing tax rates
The tax rate in 2008 was approximately $10.00 per $1,000 of house value. The rate anticipated to result from the 2013 budget is estimated at approximately $14.00 or a 40% increase. The value of the average home in Plymouth has declined during this same time period by approximately 12% accounting for part of the 40% increase. Innovative ways to control costs must be found. A consolidation committee including two members of the Advisory and Finance Committee was formed and is in its second year of operation tasked with finding efficiencies.

Unfunded retiree healthcare
Plymouth currently has an unfunded retiree health care liability of approximately $379,000,000 or $21,000 for every single family home. In essence, the Town and all of Massachusetts has promised health care benefits after retirement but put aside no money to pay them. This is a problem that is growing rapidly as costs increase and more employees reach retirement.

Two modest steps have been taken by the Town: (1) adoption of recently enacted changes to health care benefits and (2) establishing a trust fund and providing initial modest funding.

Plymouth beyond the 400th Anniversary
In a short eight years Plymouth will celebrate its 400th anniversary. Plans are underway for the celebration but essentially no plans are underway or funded to improve Plymouth into the Town that will prosper, attract more tourism, and be the hometown the citizens can be even more proud of. The general fund has been under pressure for the past several years and does not have capacity for substantial expenditures for the Town's historic assets or redeveloping the downtown.--the primary location of our historic assets and tourist business. Where will the planning and funding come from?

The Advisory and Finance Committee stands ready to help analyze alternatives and provide advise as these issues are addressed by the Town.

As always, the Committee is very thankful to Pamela Borgatti for her advice and support. She makes sure all meetings are posted, prepares the agenda and provides materials to members, and coordinates between departments to ensure that information flows smoothly between the Committee and the various departments of the Town.

BUILDING COMMITTEE

The Building Committee experienced change in its membership during 2011, both in new members and in changed roles. Members Al Andersen, Dennis Begley and Jason Silva left, via resignation or expired term, and Merlin Ladd joined the Committee, as the new

Construction Industry representative; John White was appointed as a member at large, as he had not run again for School Committee. The new representatives for the School Committee are Margie Burgess and Bob Morgan; continuing to represent the Planning Board is Paul McAlduff; the attorney representative is Ed Conroy, the architect representative is David Peck, and the two continuing at-large representatives are Christy Murphy and Thomas Fugazzi. Staff is ably provided by Pamela Hagler, the Town's Procurement Officer, and Joanne McNulty, as Secretary. The Committee reorganized on July 14, 2011, with David Peck reelected as chair, Paul McAlduff reelected as vice-chair and Christy Murphy elected as clerk.

In addition, the Building Committee, with additional members approved by the Massachusetts School Building Authority (MSBA), served as the approved Plymouth North High School (PNHS) Building Committee. This larger, Extended Building Committee includes Selectman Bill Hallisey, Town Manager Mark Stankiewicz, Finance Director Lynne Barrett, Superintendant Gary Maestas, former Superintendant Barry Haskell, School Facilities Director Arthur Montrond, and PNHS Principal Kathleen McSweeney joined the Committee. This larger Committee provided the governance for the PNHS project only.

During 2011, the Committee met 13 times, and continued the efforts of prior years on multiple projects:

Plymouth North High School: The Extended Building Committee continued to work with Ted Gentry Associates as Project Manager, Ai3 Architects as architect, and J+J Contractors as general contractor. It was a productive year for the Town and Building Committee on this largest single project, in size and cost, in the Town's history.

The construction started during the spring of 2010, and phase one is scheduled to be completed in May of 2012, with the summer to be devoted to furniture and equipment and occupancy in September of 2012. This past year of 2011 was entirely devoted to construction, with substantial progress made. Major efforts by the Extended Building Committee during the year included review and approval of the proposed photovoltaic system for the school, of the material and color finishes, and of the furniture and equipment for the school.

Enhanced fire alarm systems were added to the school, and additional project scope was approved to provide artificial surfaces to all athletic fields, not just the football field. After significant discussion with neighbors and with the School Committee, the Committee decided to defer any action on a potential wind turbine for the school. The Department of Public Works kept the Committee briefed on the status and schedule for the Nook Road sewer system upgrades, which will be addressed by a new pump station near Exit 5. The sewer work will be completed in time to service the new high school and Senior Center. The Extended Building Committee is working on the dedication plaque and on a memorial mosaic to include elements of the old Plymouth North High School.

Phase 2 of the project will involve road transitions to and from the school for the bus route, and partial demolition of the old Plymouth North High School building over the summer of 2012. Phase 3A will include the demolition of the balance of the old school and construction of the new parking lots by December 2012, and Phase 3A construction of baseball and softball fields, which will be completed by August 2013.

Senior Center: The same project team of Owner's Project Manager Ted Gentry Associates, Ai3 Architects and J+J Contractors, selected in 2010, continued construction of the new Senior Center during 2011. A structural steel topping off ceremony was held on June 16, 2011. Overall construction is being coordinated with the work on the high school. Proposed materials and color finishes have been presented to the Council on Aging, and enthusiastically endorsed. Furniture and equipment will be selected and bid during 2012. The project is on schedule to be completed in -May 2012. Furniture and equipment will be installed over the summer and technology in the fall 2012. Scheduled occupancy is expected in December 2012.

Emergency Operations Center: The construction of the new Emergency Operations Center (EOC) was completed during the summer of 2011, with an open house and dedication held July 16, 2011. The project team included Owner's Project Manager, Pomroy Associates, architect The Carrell Group, and contractor Seaver Construction. However, during the summer, it was noted that humidity control in the completed project was inconsistent, and an

investigation begun using a third party peer review group, Wilkinson Associates. After a review of the report, and a firm deadline established by Committee to the contractor, architect and engineer, those parties have agreed to upgrade the installed systems with a ducted return system., at no additional cost to the Town. The project will not be closed out until an acceptable HVAC system is installed and verified. The building is in use, and worked well as an Emergency Operations Center during Hurricane Irene.

PCIS Roof Replacement: The replacement of the 37 year old roof was designed, bid, and constructed during 2011. Ted Gentry Associates was selected as Owners Project Manager; architect Knight Bagge and Anderson was the designer, and Gibson Roofing as contractor. Bids were received on June 16 and work began immediately, in order to be essentially completed by the end of the summer of 2011. The contractor applied for and received permission to work between 4 am and 2 pm, in order to be most efficient; the approval was conditional on no neighbor complaints, of which none were received. The overall project came in at approximately $3.1 million, $2.9 million under the $6 million budgeted, and also qualified for a Green Schools reimbursement from the state of approximately $1.4 million.

West Elementary School HVAC: This project was completed on schedule and under budget. While most work took place in 2010, final closeouts were not completed until 2011. The job was successfully completed by the same team that managed, designed, and constructed PCIS HVAC improvements (concluded in 2008): Project Manager Ted Gentry Associates, RDK Engineers, and Enterprise Equipment as the general contractor. New HVAC systems (gas fired), and new ceilings and lighting have transformed the thirty-five year old school. The project came in under budget by approximately $1 million, below the $5.3 million budgeted, and generated energy rebates of approximately $100,000 from Mass Save, which includes NStar. As with the PCIS roof project, this project also successfully applied for Green Schools reimbursement, and received $995,000 in reimbursement funding.

Indian Brook School HVAC: This project is a continuation of the renovation efforts first begun with the West Elementary School, using

the same project manager and engineers via amendment to their original contracts. The project was bid on November 23, with the successful bidder Enterprise Equipment, who had done both PCIS and West. They are already underway, working during school vacations and evenings, and plan to have this school completed by the end of summer 2012. -. The low bidder came in at $342,000 under the projected construction estimate.

Plymouth South Middle School (PSMS) Remediation: Spring Town Meeting 2010 approved funding of $3,436,000 in order to remediate the periodically leaking exterior walls and windows on Plymouth South Middle School. This funding will be added to litigation award of $404,000 from the original designer and contractor. The position of Owner's Project Manager was advertised, to which seven candidates responded. Three were short listed and interviewed by the Designer Selection Board on November 21. The recommended candidate is in negotiations with the Town Manager. Overall, the goal is to develop designs during the spring of 2012 for implementation during the summer of 2012.

Miscellaneous: The Committee was briefed in December 2011 by the Department of Public Works about a potential future project involving renovation or replacement of DPW facilities. A tour for Building Committee members of DPW facilities will be scheduled in January, 2012.

Submitted on behalf of the Building Committee:

David B Peck, Chair

COMMUNITY PRESERVATION COMMITTEE

Mission: The Community Preservation Committee enacts the regulations of the Community Preservation Act (MGL Chapter 44B) that allows communities in Massachusetts to place a surcharge of up to 3% on property taxes. These funds are matched by the State with proceeds from the Registry of Deeds. The Act mandates that a committee be formed to oversee these funds and to create an application procedure to determine which

applications for funding will be brought to Town Meeting for approval. A minimum of 10% of the funds must be allocated to affordable housing, 10% to historic preservation and 10% to land conservation. The remaining 70% may be allocated to one or more of these three purposes in accordance with local priorities.

Plymouth voted to accept the Community Preservation Act (CPA) in 2002 with a 1.5% surcharge on property taxes (just one half the amount allowed by the state). Yet even with the smaller taxpayer surcharge, the town has benefitted greatly from this legislation. Plymouth was one of the earliest towns to vote in the CPA, and the Community Preservation Committee (CPC) was able to take advantage of the 100% match from the state for the first five years.

In 2011, the following CPA projects were approved

SPRING ANNUAL TOWN MEETING on Saturday, April 2, 2011

Article 16a: Simes House. The grant to Simes House Foundation is for the historic preservation, restoration and rehabilitation of Simes House at 29 Manomet Point Road. The project includes the creation of two affordable housing units which will be eligible for the Town's subsidized housing inventory; and preservation of open space for a village green/ public park and common. The grant thus utilizes all three allowances under the CPA: Housing, Historical and Open Space/Recreation. $1,500,000.

Article 16d: Annual Set Asides: In this article Town Meeting votes that 10% of the annual revenues in the CPA Fund t be set aside for each of the following: a) community housing, b) historic resources and c) open space; and further, that 4% of the annual revenues be set aside for the purpose of funding the administrative and operation expenses of the Community Preservation Committee. The remaining CPA Fund balance would be held in the budgeted reserve account. It should be noted that any unused portion of the administrative fund reverts to the CPA unallocated balance at the end of each fiscal year.

FALL ANNUAL SPECIAL TOWN MEETING, Monday, October 24, 2011

Article 16A: Plymco/Town Brook Restoration.
Approximately four acres of land at 82-84 Billington Street will be held under the care of the Conservation Commission. This purchase will improve the Town Brook to Morton Park trail connection and provide further protection of the Town Brook, Billington Sea, Little Pond, and Morton Park area water resource. $350,000.

Article 16B: North Street Slave Dwelling Restoration
This project will use CPA historical funds for the restoration, preservation, and rehabilitation of a tiny, timber-framed structure that dates back to the colonial era. The building has been identified as the dwelling place of enslaved people who lived on this property at 11 North Street. $15,000.

Article 16C:Old Sandwich Road/Long Pond Road Conservation.
Two parcels of land belonging to one owner totaling 34 acres will put under the care of the Conservation Commission to improve access and connections to existing conservation land and to Grassy Pond. $210,000 and $85,000.

Article 16D: Town Forest Connector (Gigante)
10 Acres of land located between Fuller Farm Road and Drew Road will improve access and connections to existing Town conservation land and improve trail connections from Eel River Preserve to the Town Forest. Conserving this land will also protect an environmentally sensitive habitat and water resource of Greater South Pond. $57,000.

In order to thank the people of Plymouth for their contribution, a banner or sign is displayed on completed CPA projects throughout town. The CPC asks recipients of CPA funds to thank the citizens of Plymouth by acknowledging CPA contributions in publications and press stories.

The CPC is made up of one member each from the Board of Selectmen, the Planning Board, the Conservation Commission, the Housing Authority, and the Historic District Commission as well as four members at-large. The Plymouth CPC decided from the beginning not to hire administrative help but rather to do that work themselves and add the 5% allowed for this purpose to fund projects. The all-volunteer committee always looks to get the "biggest bang for the buck" and suggests that applicants apply for other grants and contributions for their projects using CPA as leverage.

Applications for CPA funding are renewed each year and are available at the Town's website, the Clerk's office and the public library. All necessary information about the CPA, qualifications and suggestions for applying for funds are contained within the application.

NO PLACE FOR HATE COMMITTEE

Our mission: The primary goal of the [NPFH] Committee is to be a resource to the town of Plymouth by providing support and education on diversity issues. NPFH is a group of like-minded volunteers appointed by the Board of Selectmen. The NO PLACE FOR HATE community empowers member towns to challenge discrimination, prejudice, racism, hate, anti-Semitism, and bigotry of all forms. NPFH will protect the promise of equal justice and civil rights for all members of society.

NPFH supported by a coalition representing a wide range of religious, educational, law enforcement, and ethnic community groups in our town. We are grateful for the ongoing support from town officials, elected and appointed.
In 2011, the majority of the time at our meetings was devoted to planning and presentation of our third diversity day, which was held at Pilgrim State Park at the Plymouth Waterfront on the occasion of national diversity day (The first full weekend of October). The committee is very appreciative of the participation of the Plymouth public school students in this event. Our appreciation goes out to NPFH members, who were all involved in various roles. Special thanks to the Steve Maher, Chairman of Diversity Day, as well as

William Hunt, Master of Ceremonies. In addition NPFH extends thanks to the many corporative and business sponsors, and to all the musicians, performers, and entertainers who contributed to a great day for the audience. NPFH also expresses appreciation to the radio and print media for the extensive publicity given to this event. Last, NPFH thanks American Computer Technologies for expertly maintaining the NPFH website.
Additional activities (by month);

January:

- Annual Martin Luther King event, January 17th, sponsored by NPFH, Plymouth Area Clergy, and the Plymouth Schools. (This was the first year scholarships were awarded to a senior student from each high school.)

May:

- Holocaust Memorial Event, May 1st, Held at Beth Jacob Community Center, sponsored by Plymouth Area Clergy and NPFH, included musical presentations by students from our schools.
- South Shore Coalition Meeting in Brockton MA, May 25th.

July:

- Committee members marched in the July Fourth parade, July 4th.

September:

- Several events commemorating 9/11, 2001 held on September 11th 2011 at the Pilgrim State Park, the lawn of the Plymouth Library, and the Church of the Pilgrimage.

October:

- Diversity Day, October 9th.

December:

- South Shore Coalition event/meeting, Stoughton MA.

NPFH has donated to Plimoth Plantation and Pilgrim Hall Museum copies of Reverend Peter J Gomes's speech on Diversity Day, 2009. NPFH welcomed two new members to the committee early in 2011.

The membership quota is now currently complete withthirteen active, enthusiastic volunteers to assist in achieving goals.
NPFH T-Shirts are still a big hit within the community and sales continue to help us to fund NPFH events.

Future events:

- MLK Day (January 2012). Discussion will be centered on the new MLK memorial dedicated October 2011 in Washington DC.
- Diversity Day (2013).

To learn more about the Plymouth No Place Committee (NPFH), please feel free to visit the website, **www.plymouthnoplaceforhate.org** or email at **plymouthnpfh@gis.net** with any questions, comments, or concerns you may have.

-Barry Meltzer, Chairman Plymouth NPFH Committee

OPEN SPACE COMMITTEE

The Mission of the Open Space Committee is to assist the Town in protecting and preserving Open Space. The Committee looks for ways and means to conserve suitable open space and to keep the community informed of the fiscal and quality of life benefits of doing so.

Land conservation attracts investments, lowers taxes and boosts tourism. Open spaces protect air and water quality, provide recreation, and contribute to the health and well being of Plymouth citizens. It is more important than ever to have public spaces and recreational areas for low cost family activities.

Partners. The Committee works with the Conservation Commission, the Community Preservation Committee, the Planning Department, the Department of Environmental Management, and also with various preservation organizations, including The Manomet Center for Conservation, the Wildlands Trust, The Nature Conservancy, and the Massachusetts Departments of Fish and Wildlife. This year, the Open

Space Committee has partnered with Jordan Hospital Healthy Communities initiative, which is looking into creating specific walking, exercise, and cycling opportunities in town. Also an Open Space representative was invited and regularly attended meetings of the Commercial, Office, Industrial Land Study Committee.

Open Space and Recreation Plan. When considering land for preservation, the Open Space Committee refers to the Plymouth Open Space and Recreation Plan, which includes *The Ranking Criteria*, a checklist of natural resources and community functions, to determine which lands are important to preserve. *The Ranking Criteria* addresses such things as water supply, surface water quality, recreational value, scenic views, landscape context, and cost of services (the ratio of revenue gained for the town through taxes against the costs of community services required if the land were developed; compared to the ratio if it were preserved as open space).

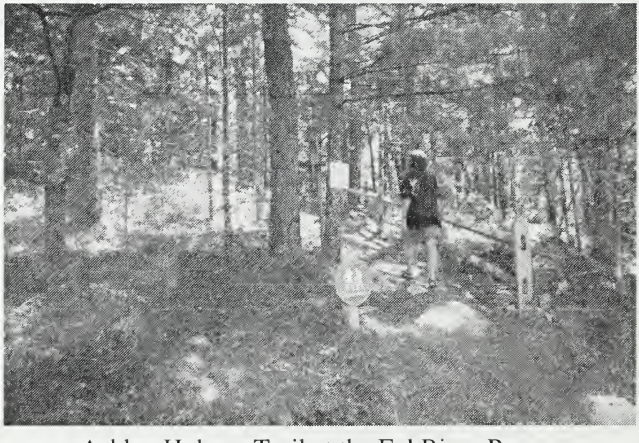

Network of Open Space Friends. The Open Space Committee initiated, monitors, and supports, this umbrella for "Friends" groups in Plymouth, which are providing some form of stewardship for various open lands and recreation areas in town. The Network also serves to help the formation of new Friends groups. These volunteer groups work with the town's DPW to help maintain the parks, forests, and other open spaces at no cost to the taxpayer. This year the Open Space Network sponsored two successful townwide trash and litter pick-ups (spring and fall) where hundreds of volunteers, working with the DPW, cleaned up Plymouth—from beaches to forests, from roads to parks—and lots of places in between!. Thanks to a generous gift from Rotary, volunteer workers were supplied with bright green safety vests.

Stephens Field. The Committee continues to oversee and support the Friends of Stephens Field who provide care and attention for the expanded park. The Open Space Committee sponsored an Article on the 2007 Town Meeting Warrant to classify the former DPW area as Recreation and expand Stephens Field. The Conway School of Landscape Design studied the property and worked with the town to develop an imaginative and beautiful Master Plan. This year, with Open Space Committee encouragement, 2011 Spring Annual Town Meeting voted to set aside $50,000 to begin the testing, clean-up and renewal of the former DPW area. The Committee has been researching

user fee possibilities for Plymouth parks, specifically for large company picnics, reunions and commercial endeavors such as the Farmer's Markets, to see if the town can adopt a policy to derive revenue from these activities for upkeep and repairs. The committee feels it should always be cognizant of burdens to the tax payer.

Trail System. The Open Space Committee is working with the Community Preservation Committee and the Planning Department to fill in gaps in trails within Plymouth, especially the so called Wishbone Trail, which was identified in the Open Space Corridor Plan of 1999. This trail starts at the harbor (actually it will begin at the North Plymouth Rail Station), goes up through Brewster Garden to Morton Park and on to Miles Standish Forest; from the Forest, the trail wends its way down to Ellisville Harbor (if you look on a map it appears shaped as a wishbone.)

The Open Space Committee was formed in 1999, and its nine members are appointed by the Selectmen, Planning Board and Conservation Commission. The Committee meets on the first Tuesdays of the month at 7 p.m. at the Plymouth Center for the Arts on North Street. The public is cordially invited to attend and participate. For more information, check out the website: www.plymouthopenspace.org

Ashley Holmes Trail at the Eel River Preserve

The Plymouth Insurance Advisory Committee (IAC) gets its authority under M.G.L. Chapter 32B and is responsible for giving advisory opinions prior to the purchase of insurance and the execution of all such agreements or contracts. In Plymouth, this authority has been expanded as a result of the Stipulated Settlement to Superior Court Case No. CA-0198-B. The IAC, as outlined in the law, consists of eight members, seven elected or appointed by organizations of the employees affected (union or non-union groups) and one person to represent retirees that is appointed by the Board of Selectmen.

Throughout the year, the IAC has been very active monitoring state and federal legislation that affects the insurance and pension portfolios of employees/retirees and worked diligently with legislators regarding language that was submitted in new bills that would impact already existing language, in order to preserve the good intentions of past initiatives. During the last four years, the IAC has had to adjust to working with three different town managers to try and protect the benefits of active and retired employees, many of whom are Plymouth taxpayers, too. Most retirees only receive a pension from the town and are not eligible for Social Security. The IAC worked hard to get management to first recognize, and then update, the Retiree Benefit Policy, which was then approved by the Selectmen, which protects any benefits they were promised while they were active employees.

In 2010, management's unilateral change to unblending insurance rates for those enrolled in the Plymouth's indemnity plan (Master Medical) led to three unfair labor practice filings with formal complaints issued by the Department of Labor, court decisions, and awards and legal fees. By December of 2011, this issue was mostly resolved with Memoranda of Agreement by three groups under the Town, and talks are still continuing on the School side. Unfortunately, much time, effort, and expense was dedicated to this effort with no real savings ever materializing.

Since 1998, the IAC has been trying to convince town management, of the need to establish a Trust Fund for the sole purpose of addressing the future funding of health insurance for active and retired

employees. The Federal government suggested budgeting guidelines of the Governmental Accounting Standards Board and created (GASB 45) that establishes parameters for municipalities to move towards fully budgeting health care costs for existing employees and projecting those costs into said employee's retirement years. A home-rule petition was sponsored at the 2011 Annual Town Meeting and was supported by town and state committees and boards, to establish a Trust Fund. Testimony at the State House is expected in January of 2012, to support its adoption.

As the IAC enters calendar year 2012, it is hopeful that Spring Town Meeting will support the FY2013 Budget, which includes a sum of $500,000.00, to seed this long, overdue Trust Fund. The fund will be managed through the Plymouth Retirement Board utilizing that agency's investment strategies and expanded portfolio, which is not allowed under Plymouth's Treasurer's authority. The Treasurer will be the custodian of the holdings through the Department of Finance and the Chief Financial Officer. It is projected that more aggressive investments through this mechanism will benefit Plymouth's ability to meet GASB benchmarks while maintaining its bond rating going forward.

In July of 2011, The Governor passed Emergency Regulations regarding Municipal Health Insurance (Chapter 69 of the Acts of 2011) that was promulgated by the Executive Office of Administration and Finance as outlined in 801CMR 52.00. The IAC was troubled and frustrated by this act by the House of Representatives, as our long-time representative had been in support of all our past initiatives to address cost savings and benefit protections through legislation crafted by our members in the past. Not only did the House of Representatives, which included Plymouth's own representative, vote in favor of this, they also voted to strip Collective Bargaining rights regarding health insurance. When constituents began questioning this tactic, they were told that this bill would include a local option provision, that would allow cities and towns to opt out of adoption of this legislation. This amendment was added exclusively for communities that have stepped up and done the hard work throughout the years to address costs.
As this issue wound its way through the legislative process, the Senate, through the steadfast efforts of Senate President restored a sliver of the traditional Collective Bargaining process for Plan Design

changes only. Changes such as co-pays and deductibles would be dealt with in an expedited process within a 30-day window, and then a Dispute Resolution Panel would look to see if what the community came up with in this process is comparable to the state plan.

In October of 2011, the IAC was officially notified of the Board of Selectmen's intent to adopt this "local option." According to the law, the IAC had authority to hear the presentation only. This voluntary vote by the Board of Selectmen on November 8, 2011, to adopt and implement an expedited bargaining process of 30 days as outlined under M.G.L., Chapter 32B, §21-23, caused emotions among the active and retired employees to run high. There were many employees and retirees in attendance at this meeting who expressed their concerns over the many past promises made by Plymouth over the years.

Back in October of 2011, Plymouth's insurance consultant, Cook & Company, stated that all of our health insurance plans were running in the positive and the Trust Fund had a balance of $6 million dollars. Despite this, the Board of Selectmen, acknowledging the recommendation from Cook & Company that a transfer of all subscribers to the state run Group Insurance Commission Plan would not realize more than a 5% savings, moved to adopt Chapter 32B, Sections 21-23 of the law. This motion was seconded. On a parliamentary procedure point of order raised by the IAC Chairman, it was suggested that Section 23, Transfer to GIC, be stricken from the motion. An amendment was made to eliminate Section 23 from the motion and this was passed unanimously. The main motion was then made to adopt the local option regarding Plan Design (§22 of 32B) and enter into an expedited 30-day negotiation process.

Unions would be given a weighted vote based on the number of health insurance eligible members. By law, retirees carried 10% of the vote. This vote basically lumped Plymouth in with all the under-performing cities and towns of the Commonwealth, which have done little or nothing to address this issue. IAC members and the individuals and groups the Committee represents, have volunteered many hours to try and hold the line financially, when other towns were annually seeing double-digit increases.

Under this "local option" bill, a group called the Public Employee Committee (PEC) would be responsible in getting a contract approved within the 30-day window and then the PEC will be disbanded. On January 6, 2012, the deadline by which the PEC had to reach an agreement or enter into a Dispute Resolution Process, the PEC along with the Board of Selectmen, ratified and voted a three-year contract regarding Plan Design changes that will substantially increase out-of-pocket expenses to our active and retired employees for co-pays, deductibles and prescriptions. The Retiree group voted against the proposal. Cook & Company has projected a $1.3 million dollars in savings in the first year. The contract and its lawful process also ends the BCBS Master Medical Plan that the Town spent thousands of dollars trying to unilaterally eliminate in 2010.

As issues surrounding the health insurance of our past, present and future employees of America's Hometown are constantly the subject of active debate; the IAC looks forward to stability and consistency in the governance of our community and the fair and unbiased application of the laws governing our charge.

In 2011, the Town of Plymouth Contributory Retirement System continued its primary function of serving in the interest of its members and their beneficiaries in accordance with the Massachusetts General Laws, Chapter 32, the rules and regulations promulgated by the Public Employee Retirement Administration Commission ("PERAC"), as well as the rules and regulations adopted by the Plymouth Retirement Board.

The Retirement Board in the year 2011 was comprised of Thomas Kelley, Chairman and retired Plymouth Police Officer, elected by membership; Richard Manfredi, Vice-Chairman, retired Town of Plymouth Director of Inspectional Services, elected by the membership; Shawn Duhamel, a legislative liaison to the Retired State, County, and Municipal Employee Association of Massachusetts; Lynne Barrett, ex-officio Board Member as Director of Finance for the Town of Plymouth; and David Malaguti, who served as the appointed member of the Board by the Plymouth Board of Selectmen. Mr. Malaguti did not seek re-appointment and Mr. Gerald Coughlin, former Massachusetts Turnpike Authority Executive Director, was appointed by the Plymouth Board of Selectmen, effective July 1, 2011 for a three-year term.

The Retirement Board is located at 10 Cordage Park Circle, Suite 240. This location offers ample parking and easy access to the building, as well as a quiet, confidential and comfortable setting for all members to visit and receive retirement benefit counseling.

Keeping within its fiduciary duty and a careful review of the fund, the Retirement Board unanimously voted to grant the maximum three percent cost of living increase to its retirees and survivors, effective on July 1, 2011. The cost of living increase was awarded to those members who retired prior to June 30, 2010 in accordance with Massachusetts General Laws, Chapter 32, Section 103. Pursuant to the enactment of Chapter 188 of the Acts of 2010, the Board voted to accept as a local option the amendment of M.G.L. Chapter 32, Section 103. This amendment to increase the maximum base of cost of living adjustments from $12,000 to $14,000 was approved by Town Meeting

at their Special Meeting in April, 2011, and became effective July 1, 2011.

At the April 2011 Town Meeting, it was voted to approve the local option as stated in Chapter 27 and 28 of Chapter 131 of the Acts of 2010. This local option raises the minimum allowance of survivors of certain accidental disability retirees from $6,000 to $9,000 per year. This benefit is payable to survivors of accidental disability retirees, who retired prior to November 1986, who were not allowed to elect option c at retirement. Therefore, if the accidental disability retiree subsequently died of something other than their specific injury, the surviving spouse receives this minimum lifetime benefit. This increase became effective to eligible survivors July 1, 2011.

During 2011, the Board maintained their investment strategy and discipline, allowing the fund to return to pre-2008 performance levels. The Retirement Board carefully watched and instituted several investment modifications, as were deemed prudent and fiscally beneficial to the Fund. The Board currently oversees thirteen investment managers, who manage a diverse range of investments strategies, such as Fixed Income, Domestic Equity, International Equity, Real Estate, Private Equity, Floating Rate Bank Loans, Alternative Investments and Asset Allocation. These managers are carefully monitored by the Board, as well as Investment Consultant, Anthony Tranghese of Fiduciary Investment Advisors. As of December 31, 2011, the fund value reached approximately $108 million, a significant improvement from $84.5 million value on December 31, 2008.

M.G.L. Chapter 32, Section 4(1)(h) grants all eligible, honorably discharged veterans the right to purchase up to four (4) years military service to be added towards their creditable service with their respective Massachusetts retirement system. During 2011, one active employee began military service buybacks, ten active employees continued their payment of this veteran's service through weekly payroll deductions, and one active employee completed this buyback, which totaled two years and four months in additional service. Members who qualify as veterans are also eligible for an additional benefit at retirement. The Plymouth Retirement System

staff monitors member status to ensure that each member is made aware of the full range of benefit to which he/she may be entitled.

In the Retirement Board's continuing effort to keep informed and serve its membership, the Plymouth Retirement Board and staff attended several conferences during 2011, including the Massachusetts Contributory Retirement Systems Conferences, Public Employee Retirement Administration Commission Training Seminars, Massachusetts Municipal Association in conjunction with the Massachusetts Pension System seminar, and the National Conference on Public Employee Retirement Systems. In addition, the Retirement Board and Staff attended numerous Insurance Advisory Committee meetings in order to keep the membership informed and updated on any important changes in health care.

The Retirement Board complied with outside agencies in response to requests for information as needed. Some of the agencies requesting information were the Equal Employee Opportunity Commission, Department of Revenue, Bureau of Census, Public Employee Retirement Association Commission, Plymouth Retiree Association, Internal Revenue Service, Contributory Retirement Appeal Board, and the Retired State, County, and Municipal Association of Massachusetts.

In accordance with the provisions of G.L. c. 32 Section 22(6)(b) "regular interest" for regular and additional deductions made after January 1, 1984, were set by the Public Employee Retirement Administration Commission, in consultation with the Commissioner of Banks, at a rate of .2% for the calendar year 2011.

On November 18, 2011, Governor Patrick signed Chapter 176 of the Acts of 2011: An Act Providing for Pension Reform and Benefit Modernization. This Act becomes effective February 16, 2012 and includes significant changes to the current rules and regulations contained in M.G.L. Chapter 32. Portions of this law will directly affect new members hired after April 2, 2012.

The Retirement Office website, Plymouthretirement.com, contains current information about the System, the Board, and its investment managers and performance. In addition, the website has a

retirement calculator that members may use to estimate their retirement allowance, as well as printable retirement guides and brochures.

ANNUAL DATA

Retirements	28
Refunds, Rollovers & Transfers	47
Member Transfers to Other Systems	7
Total New Members	25

SMART COMMITTEE

Date Established: September 20, 2011 First meeting: 11/29/2011

Mission:
The Committee shall recommend, develop and help facilitate convenient and cost effective recycling and reuse programs aimed at reducing the town's solid waste stream and its impact on the environment. The committee serves in an advisory capacity to the Selectmen, Town Manager, and Director of Public Works, providing leadership in matters pertaining to recycling and reduction of solid waste. The committee's responsibilities include reviewing current recycling efforts, identifying areas for improvement, and studying and implementing alternative strategies.

The committee has met twice and expects to be involved with DPW in the rollout of the modified waste and recycling collection system, once a method and vendors have been chosen. The committee's mission and objectives are still being solidified, but preliminary discussions have supported the mission and objectives below.

Membership: Eight out of nine members at large have been appointed by the Selectmen. One is designated to have a background in

education and/or school administration (not yet identified). Several of the new board members have substantial experience in the waste management business sector.
The committee agreed to the following objectives:

Work with other town committees and groups on initiatives
- Possibly establish partnerships for education and outreach
- Reach out to residents, steering committees, precincts on ideas
- Explore options on regionalization (such as food waste)
 Enforcement of recycling regulations
- Increase in recycling efforts
- Explore ideas for effective enforcement, including costs of those endeavors

Education to public
- Prevention of illegal dumping
- Recycling efforts and programs
- Reducing solid waste tonnage
- Environmental concerns
- Using vehicles such as the Old Colony Memorial and Wicked Local for ongoing education

Future Planning
- Ease of recycling based on the rollout of the revised system
- Littering reduction including enforcement, education, and other efforts

SOUTH SHORE COMMUNITY ACTION COUNCIL

South Shore Community Action Council, Inc. (SSCAC)
265 South Meadow Road, Plymouth, MA 02360
